A young man recently took over the selling egency of the Mac-Dry Battery in a prespectual Williamstle valley lown of 12,000, and has two fine counties; he has spent \$2500 in advertising and placing dealers and now has the business on a sound, profitable basis. BUSINESS OPPORTUNITIES WILL YOU TAKE AN INTELLIGENT

A rare opportunity is available for a few more red-blooded folks willing to take an intelligent risk in a proposition where out of 138 instances (under the same conditions) the investors leat 80% of their investment in one case but the other 135 paid from 350 to as high as \$500 returns for every dollar invested; thus the risk based on past experience is apparently 135 chances for big winnings to one chance of leating. This is not a proposition for widows or crohans to risk their last cent, but is a rare opportunity for people who will investigate carefully and take as intelligent risk (and this element of risk is found in any undertaking) where the potential earnings are enormous. You will either become independent from this or your favestment will be lost within 6 months. Some of the best and most conservative business people and bankers in Oregon are heavily interested—folks who do not feel they are gaking more than ordinary business risk.

This is no "wild-cat" scheme, but a clean-cut, legitimate proposition incorporated under the laws of Oregon with prominent Oregon men in charge. You will inelther be asked nor urged to invest a cent—all we ask is a fair opportunity to explain fully and frankly. Then after you have fully investigated, we feel certain you will see a rare opportunity to receive anywhere from 150 to 500 from every dollar invested inside of 6 months. You can invest any sum from \$30 up. This certainly sounds unreasonable, but we assure you there is no "catch" to it. These opportunities DO occur once in a lifetime. You can call between I and \$30 up the facts. You can call between I and \$30 up the facts. You can call between I and \$30 up the facts. You can call between I and \$30 up the facts.
