FOR SALE-AUTOMOBILES. The best time to buy is not when everyone else wants to do the same thing, but when others are not buying. In about 30 days the spring used-car buying will start—the selection of cars will rapidly decrease. The prices will stiffen, you will not be able to obtain later on the values to be found right now. COVEY MOTOR CAR COMPANY told you this same thing last year. It was so then, it will be so every year.

LEANDER-STUDEBAKER USED CAR PLAN.

A used car is no better than the firm that is selling it. When the worn parts are replaced with new parts, thoroughly recondi-tioned, all top work, painting and other work done by first-class work-men, then you are buying in proportion to value of a new car.

A good, high-grade, used car, properly rebuilt, will give better service at less cost than a cheap new car. BECAUSE-

FOR SALE-AUTOMOBILES.

You are more comfortable. You have less breakage. You have more prestige. You have more satisfaction. driving a good used car such as you may buy from a reliable dealer. Leave the bad ones alone.

Many people advertising used cars as private owners you will find are sales-men or some corner lot, where you buy the car as it is, without protection as to condition or ownership. STOP AND THINK!
Would it not be better to put your
money in a safe investment than to lay
it on the curb?

We believe we have the best display of light, late-model cars in the city, and the prices are within reach of everyone.

Our Terms Are Reasonable.
