NO REBATE ON PREMIUMS.

Executive Officers of Life Insuran-Companies Have So Agreed. New York, Oct. 15.-The executive

officers of the most of the large life insurance companies held a meeting Saturday to devise means of stopping the practice of giving rebates on premi-ums. President J. R. Hedgman, of BRIEF SPARKS FROM THE WIRES the Metropolitan Life, presided. Resolutions, drawn by Commissioner G. S. Morrill, were adopted. After setting forth the facts that the legislatures of twenty-one states have enacted laws forbidding rebates under penalty, and that such laws have generally been a dead letter the resolutions state that the companies have placed themselves, without exception, in opposition to rebates, and that the practice can be suppressed only by the active organization to the different parties in interest and co-operation of all life insurance companies. The resolutions are as follows:

timber on public lands in Southeastern pay or allow or offer to pay or allow, rectly or indirectly; that a reference be appointed who shall examine into and decide all charges of rebating by agents or others, and whose decision shall be final; that on the decision of the referee that any person connected in any capacity with any subscribing company has made any rebate, such person shall immediately be dismissed from the service of the company, and shall not for a period of two years thereafter be again employed by any company party to this agreement."

The referee is empowered to procure prosecutions for violations of the laws against rebating and to employ counsel to assist him. A fund of \$10,000 to be made up and maintained in the referee's hands by assessment on the subscribing companies. The referee is to receive salary of \$2,000 a year and his incidental expenses, and is to be further allowed an amount not exceeding \$3,000 for a secretary and clerical assistance. The agreement is to go into effect November 1 next.

Ex-Governor William E. Russell, of referee called for in the agreement.
