LAID IN THE TOMB.

High Tariff's dead, that good old soul,

We ne'er shall see it more;

Its shattered frame no more will bear

The g. o. p. to shore.

HIC JACET

McKinley Tariff

DIED AT ST. LOUIS, JUNE 16, '96.

— OF —

Spinal Decay and Cerebral
Derangement.

BELOVED OF YE REPUBLICAN PARTY

Republican party in this state made its cam
paign on the McKinley Tariff. The convention adopts a resolu
tion which reads: "We denounce
national, partisan and one sided, disastrous to the
prosperity of business enterprise, and we demand such an equitable
Foreign imports which come into competition with American products
as will not only furnish adequate revenue for the necessary expenses of
the Government but will protect American Labor from degradation to
the wage level of other lands. We are not pledged to any particular sched
ule. The question of rates is a practical question to be governed by the con
dition of time and production."

What a painless demise! How easy was the death of McKinleyism!
And yet—it will be remembered that Oregon was barely carried by the
republicans on a McKinley campaign notwithstanding they had a great
plurality two years ago! That the above, however is supposed to be a
great catch for democratic gold standard votes is imminent, but here is
a knockout blow for such delusions: "For the first time since the civil
war the American people have now witnessed the calamitous conse
quences of full and unrestricted democratic control of the government. It
has been a record of unparalleled incapacity, dishonor and disaster."
This saddling of republican results will hardly go down with democ
rats, whether for or against free silver.

YES, WHY NOT.

To THE EDITOR:—

Meanwhile the great Oregonian
shouts with a demoniac glee over
the "honest and rugged intelligence"
of Oregon's delegates to St. Louis,
because, forsooth, they truckle to
Mammon and swing with the gold
standard, why does it not pay
proper and fitting tribute to the
106 unclean Indian braves of the
Siletz Indian reservation who voted
for a gold standard man—and why
does it not applaud the intelligence
of the Afro-American spirit which
pervades the senses of the colored
delegates at St. Louis who proudly
liep "Give me de gold standahd,
sah!" Turn about is fair play and
the Indian brave and "cullud gen
man" should come in for their
share of mention of "rugged hon
esty" while the Oregonian is send
ing up it paeans of praise. Why
not equally honor the brave Chief
tains and the descendants of Afri
can kings of the Congo State, with
the pale face?

FAIR PLAY.
