After the decision of the Platt forces not to present the name of Governor Morton, the nomination of Hobart, of New Jersey, for vice-president, became a certainty. The McKinley force was thrown for him, which was too potent to overcome, besides, it was the general sense of the delegates that the situa-

tion required the nomination of an

Eastern man for vice-president. The nominating speeches were brief. Bulkley, of Connecticut; Lippitt, of Rhode Island, and General Walker, of Virginia, were also placed in nomination, but it only required one ballot to determine the result. Hobart received 530 % votes, 90 more than a majority. Evans, his nearest competitor, received 280 1/2. There were scattering votes for Reed, Thurston, Grant, Depew, Morton and Brown.
