WINE FIRM ROBBED.

Weekly Payroll Taken by a Daring and Ingenious Thief.

San Francisco, Aug. 11.—A daring and ingenious thief got away with \$1,200, the weekly pay of the employees of Lachman & Jacob, the big wine firm, today. Superintendent Cipriotti had received the money from a messenger, and placed it in a cabinet in the office. Then he made out his payroll, and when he went for the money it was gone. A search revealed the fact that a square hole had been cut in a wooden partition against which the back of the cabinet rested. The piece of wood sawed out had been retained in place by hinges, and the work must have been done the night before by some one familiar with the place and its customs. While Cipriotti was engaged with his payroll, the thief had opened his little trapdoor, cut out of the thin back of the cabinet, and walked off with the two sacks of gold. No trace of the robber has been found.

WENT TO SEE M'KINLEY.

Canton, O., Aug. 12.—The Bryan reception committee from Pittsburg, composed of about sixty prominent Democrats of that city, headed by County Chairman Howley, arrived at Canton at noon today, and, finding that they had nearly two hours to wait before the Bryan train arrived, decided to call upon Major McKinley. Morris Foster acted as spokesman. He said he believed that any candidate for the presidency was worthy of the greatest respect of every one regardless of political affiliations. In response, McKinley said: "I am deeply grateful to receive this friendly visit from the Bryan reception committee. Although we are of different political belief, we are as American citizens proud of our country and believe in common that we have now and will continue to have in the future, the best government in the world. Chinese Laborers Attacked.

Sissons, Cal., Aug. 12.—A demonstration was held in Sissons yesterday against the Chinese laborers employed in the new McCloud river railroad to the Fall river timber belt. A crowd of white men, consisting of laborers, tramps and men out of work, gathered and incited each other to riot. After dark Sunday evening, a large crowd left for the railroad camp, four miles from here. They drove the Chinese, about forty in number, with their equipment, from camp to McCloud river, five miles away. Several Chinese were bruised with stones and clubs, but none were seriously hurt. Manager Van Arsdale, of the Siskiyou Lumber Company, which is building the road, says the Chinese were employed because it is necessary to finish the road this season. He prefers white labor if they will work steadily. The Chinese get the same wages as white men, except board. Sheriff Hobbs, of Yreka, will be asked for deputies to protect the road, and the Chinese will return to work. No further trouble is anticipated.

Torpedo Boat Ericsson Damaged.

New York, Aug. 12.—An accident which caused upwards of \$10,000 damage occurred at the navy yard in Brooklyn Saturday night. The scene of the disaster was the drydock built about seven years ago. A wave caused by a passing steamer forced itself past the heavy caisson at the mouth of the drydock and capsized it, throwing it into the dock and allowing the water to rush in, which is the cause of the damage. The force of the water caused the moorings of the torpedo boat Ericsson to snap and the boat was hurled against the end of the dock, carrying away about 12 feet of the forward end of the boat.

The monitors Puritan and Terror also broke their cables. The boats were not seriously injured, however. A court of inquiry will be held to determine who is responsible.

The Contribution Was Large.

Old Orchard, Me., Aug. 12.—At the Christian Alliance meeting here Sunday the contributions in cash and checks and jewelry handed up to the platform reached the amazing total of \$101,500. When Dr. W. L. Lecheur stepped forward to make the announcement he said: "Such a contribution in the cause of Jesus Christ has never before been known."

Last year the contributions at the same place amounted to \$70,000, and that was said to be the high water mark. The Christian Alliance meeting began two weeks ago, and the attendance has been enormous. The largest single contribution was one of \$25,000 made by an estate, the name of which was not made known. From this splendid gift the amounts ranged all the way to a few cents.

Leaped From a Lofty Steeple.

Vienna, Aug. 12.—A shocking case of suicide occurred here. The act was committed by a leap from the lofty steeple of St. Stephen's cathedral. The victim was a young man named Egedy Leles, the son of a shoemaker. He took a ticket to mount the tower at the same time as a party of English tourists. After he had reached the historical spot half way up where, during the last siege of Vienna by the Turks, in 1683, Count Starbenberg, the commander of the city, sat in order to watch the movements of the besiegers, young Leles threw himself from the steeple, breaking his neck, so that death was instantaneous.

FLED THE COUNTRY

Escape of a Woman Journalist From Cuba.

"STOW AWAY" ON A STEAMSHIP

She was surrounded by Spaniards and Eluded Them by Donning Male Attire.

New York, Aug. 10.—Miss Cecilia Charles, who says she went to Cuba several months ago for the purpose of obtaining material for a book, was a passenger by the Ward line steamship City of Washington, which arrived from Havana Wednesday, and whose passengers were sent to Hoffman island for investigation.

Miss Charles says that after traveling through the island a newspaper correspondent warned her that her liberty and possibly her life was in danger. She acted upon the warning as soon as it was received, and, going to her hotel, made preparations for leaving the city.

Before she could do so the house was surrounded by Spaniards. Becoming thoroughly alarmed, and fearing every moment that she would be hurried to prison, she decided to evade arrest by disguise. She arrayed herself in a lady's clothes, tucked her hair under an old straw hat, soiled her face and hands, and unobserved stole out by a back door and made her way to the city. The Ward line steamship City of Washington was at anchor in the harbor and making ready to get under way. Miss Charles hired a small rowboat and went alongside. The gangway ladders had been taken in, but a rope ladder was trailing over the side, and she succeeded in getting on board.

"She stowed away," she said, and did not make her presence known until the ship was clear of the harbor. Then she revealed her identity, paid her passage, and was given a stateroom and a stewardess fitted her out with female garb.

THE VEIL LIFTED.

Alleged Facts in the Brown-Overman Case Related by Mrs. Tonnell.

San Francisco, Aug. 10.—After many months of waiting and of evasion, of hurried flight from town to town in California and across the southern border, Mrs. M. E. Tonnell has consented to tell the story of her relations with the Rev. C. O. Brown and Mattie Overman, and to explain why she fled at the very moment when her presence was needed to dispel the shadows of scandal, or to condemn the pastor who was seriously accused. Mrs. Tonnell is the last witness to speak, and as far as facts are concerned, the testimony she gives closes the great case.

She explains the important points upon which the clerical judges of Dr. Brown were in doubt. She removes the elements of uncertainty that made the ecclesiastical court hesitate before pronouncing a final judgment of condemnation. She fled from San Francisco, she said, to shield Dr. Brown from the consequences of his own guilt. She says she knew of the love between Mattie Overman and the pastor, and would have revealed her knowledge if she had been summoned to the witness stand.

She says that Dr. Brown paid her expenses while she was away, and when she returned, tried to induce her to go to Central America. She tells when and where she received the famous letters from Mattie Overman, and for the first time explains how they passed from her possession into the keeping of a man who allowed them to be published.

She traces in detail the career of Mattie Overman and she came to know it through the confidences of her young friend. The recital lifts the veil from the home of the unfortunated pastor, and shows how he struggled to save his pulpit and his good name.

Outlook Bright for Peach Crop

New York, Aug. 10.—Although the annual yield of the American peach-growers went up early in the season about alleged short crops in some profitable peach-producing sections, the present outlook is for abundant receipts from most of the old and some of the new sources of supply for this market. Shipments from Georgia are ended for the season, but the product of Maryland, Delaware and California is coming in freely.

The Maryland and Delaware fruit first received was small and unmarketable, but good peaches are now coming in. They are being sold at wholesale for from 35c to 90c a basket, according to quality and condition, some extra choice lots commanding somewhat higher prices. California peaches of small sizes are quoted from \$1.80 to \$1.60 a box, and large ones \$1.80 to \$2.10 a box.

TO END THE WAR

Negotiations for Peace to Be Begun in Cuba.

Key West, Aug. 11.—It is openly declared here that Captain-General Weyler has reached an understanding with the chief insurgent leaders and that negotiations will be begun with the Cuban junta in New York. Some of the sympathizers in the revolutionary cause admit that these dispatches may contain references to a possible truce, but they are not inclined to talk freely on the subject.

Other surmises which have been arising owing to the arrival of the Cuban envoys are to the effect that insurgents are at this time dispatching messages to the United States, urging immediate aid in the way of arms and ammunition, of which they are sorely in need.

By far the greatest importance, however, is attached here to the report that a truce is likely to occur soon in the island. Ernesto Castro and Jose Rosell, picked up by the pilot boat Jewett, and brought here last night, are still held in detention by the health authorities, despite the efforts of their friends to have them released. Habeas corpus proceedings were held today, however, and the men may be released.

The apparent anxiety and the unusual efforts made to secure the release of the two Cubans detained, in order to enable them to proceed to New York, are evidences of the importance of their mission to the United States. Their arrival was telegraphed to the junta in New York, and the dispatches that they brought were entrusted to a messenger.

Some prominent local members of the Cuban revolutionary party ridicule the reports ascribed to the press from this country of emissaries from the rebels. Recent wholesale arrests in Havana and elsewhere, of insurgent agents, together with the capture of emissaries bearing dispatches from the field, they state, has temporarily interrupted the former means of sending messages and they have been compelled to resort to dispatching them direct from the coast.
