—The State has just completed a brief on the appeal from the decision of the Circuit Court in the case of State vs Hubert Hingley, who was charged with illegal voting at a school election. It will be remembered that the case never went to a jury, but that Hingley was discharged upon demurrer and non-suit.

—Don't allow the lungs to be impaired by the continuous irritation of a cough! It is easier to prevent consumption than to cure it. One Minute Cough Cure taken early will ward off any fatal lung trouble. W. E. Brock.

Tamesie and Wood. The posts have forwarded the petition to Congressman Tongue, who will endeavor to have the appointments made.

—Mrs. Julia E. Flint, wife of Benj. Flint, of Scholla, died Thursday evening, April 29, and was buried in the Brook Cemetery on Saturday. Flint, who live on the farm. She was a woman beloved and respected by all who knew her.

—Wednesday's Oregonian reports that a woman styling herself Jennie Smith, at Oregon City, has caused one J. A. House to be arrested for appropriating a \$5 postal order belonging to her. House is a college bred Texan but is addicted to drink. The officers at Oregon City claim the alleged Jennie Smith is Mrs. Neep, of Hillsboro and for whom the authorities have a warrant of arrest on a charge of adultery.

—W. E. Pruyn, who is now at Klamath Falls, gratified his friends in this city this week by shipping eight fine trout caught by him in Klamath Lake. The shipment weighed 22 pounds and that particular trout to which the editor of Hillsboro's religious family weekly fell heir, was two feet in length. It is expected that Mr. Pruyn will soon be shaking hands with some of our Washington county boys who would like to catch a full grown trout. Those sent were rather undersized as compared to the general catch.

—F. Thatcher, the rustling farmer of Thatsener P. O., was in the city Saturday last.

THE MAN IS IDENTIFIED

John Fisher Got Away With the Chickens.

HE LIVED NEAR CENTERVILLE

Thought He Had Killed One of His Pursuers and Left For the Hills. Is Still At Large and Armed.

The man who last Tuesday night stole the chickens from the Thomas farm near Beaverton has been identified although he is still at large. His name is John Fisher and he lives on a small tract of land recently purchased from the late M. Wren. Thursday morning last, Mr. Huff, of Centerville, came to the city and identified the team as belonging to Fisher's wife, who is Mr. Huff's daughter. He stated that never before to his knowledge had Fisher done anything dishonest. Fisher, he said, had arrived home late Wednesday night in a state of intense excitement and had told Mrs. Fisher that he had stolen some chickens; that the owner had pursued and shots had been exchanged; that he thought he had killed a man, and that he must immediately leave for cover. He then took his Winchester rifle and made for the hills. Mr. Huff came in town the next morning to see what was the true state of affairs. Sheriff Bradford allowed the father-in-law to take the team home. The fugitive has so far evaded the officers. The neighborhood at Centerville gives Fisher a good name so far as his vicinity record is concerned. It is said Fisher represented to his wife that he had a confederate in the chicken thievery.

—A Georgia girl recently underwent an operation in which her skull was split that her brain might expand. Gault should advise this process to the many people of Washington county who read his pointed articles on prosperity. More than this—he should advise arthritic repairing so they can hear a jingle in a man's pocket forty rods distant.

—Pague, in his latest report, says of Western Oregon: "With few exceptions, the correspondents report fruit prospects never so good as at present. Equally as good reports are made concerning the grain crop. The dry, northerly winds have dried out the ground and more rain would be beneficial. Fall and winter sown wheat and oats have excellent color and fine growth. Early sown spring grain is growing finely. Late plowing and seeding continue; except on the lower lands, seeding will be finished this week."

—R. B. Goodin and wife returned Tuesday evening from an overland trip to Monmouth whither they went to visit the daughters

HILLSBORO MAN'S ORE

Ford's Valuable Interest in Washington.

JOHN D. ROSELAIR ENTERS DENIAL

Young Washington County Lad Arrested in Portland and Sent to The Boys' and Girls' Aid Society.

Henry P. Ford has returned from a visit to his mining properties in the Pierre Lake county, near the Washington state Northern boundary, more commonly known as the Colville district. Mr. Ford has besides interest purchased in a mine being operated, a one-quarter interest in each of the mines "Lucky Boy" and "Shamrock," which have an abundance of ore developed. The ore in these assays over \$20 per ton which is a great showing. These last two mines were located by Capt. Nichols, a Montana miner of experience. Mr. Ford was very fortunate in his association with Nichols and in all probability his find will be one which will make both of them rich. Mr. Ford says he would not take \$5,000 for his interest in these properties, undeveloped as they are, and eleven miles from rail.

Another Boy Gone Wrong.

Leander Nordyke, a 16-year-old country boy, found himself in jail with a charge of larceny against him last evening, only a few hours after his arrival from his home in Gaston. Nordyke was arrested by Detectives Welsh and Maher on complaint of Miss Lucinda Hollister, who accuses him of stealing her pocket-book as she was about to leave for Stella on the Potter. Miss Hollister boarded the West Side train at Forest Grove yesterday afternoon, bound for Stella, by way of Portland. In the same car were young Nordyke and his brother, who were coming to Portland from Gaston. When the train reached Portland Miss Hollister got off at Fourth and Stark streets and started for Ash-street dock. Young Nordyke followed her, entering the saloon of the Potter just as she laid her purse, which she had been carrying in her hand, on a table. The boy seized the purse, rushed out of the saloon, and jumping on board the lone, which was moored between the Potter and the dock, ran across the deck, leaped ashore and disappeared. When the lady had recovered from her surprise, she went to the police station and reported the matter, and Detectives Welsh and Maher soon located the boy and his brother. Leander was taken to the police station, where he admitted having taken the purse but claimed that Miss Hollister had dropped it on the steamer, and that he was hunting for her to give it back, but was unable to find her. He had two watches, a quantity of trinkets which he had bought in Portland, and \$56 in money when searched. The money he says was given him by his father before he left Gaston. The boy has a bad record in his home, and the disciplining he will get before he gets through with his present trouble will no doubt do him a world of good.—Oregonian.

To Whom it may Concern.

Certain persons have for the past few months been telling certain false and injurious things about the treatment of J. D. Roselair toward his wife and children, among them that he is starving his baby (an infant) and many other such things, concerning his family. Now, we the said J. D. Roselair and wife take this opportunity of saying to the people of Hillsboro, Oregon, and the public generally, that myself and wife are acting strictly according to the orders of Dr. J. P. Tamesie of this city in the care of our baby, and we denounce such reports as false and scandalous, and if any person has cause to believe they are true, we invite them to investigate, and state that our home is open to all honest and well meaning persons for the purpose of investigating these charges, and we invite such persons to either investigate and prosecute or forever keep their peace and allow us to pursue our way unmolested. J. D. ROSELAIR, Mrs. J. D. ROSELAIR.
