

THE TURKS REPULSED.

The Greeks held their own at Velentino Junction.

Athens, May 3.—A telegram just received here says a great battle has been fought at Velentino, between a Turkish force of 8,000 and General Smolenski's brigade.

The dispatch states that the repeated charges of the Turks were repulsed with enormous losses.

The headquarters staff of the Greek army at Pharsala has been completely changed. General Macris and Colonel Saponulakis, Mastropas and Antonides have resigned and started for Athens.

Battle Raged All Day. Athens, May 3.—The battle of Velentino raged furiously from sundown until 10 o'clock this morning.

The Greeks have been reinforced, the reinforcements arriving at a critical stage of the fight. General Smolenski telegraphs that the Turks will be unable to capture Pharsala because the Greek position is strong and the morale of the Greek troops completely restored.

Why the Turkish Attack Failed. London, May 3.—The Chronicle's correspondent at Pharsala telegraphs: The Turks attacked Velentino Junction Tuesday night with four squadrons of cavalry and a battery of horse artillery.

Fighting was renewed Wednesday night, but without special results. On Thursday night, the Turks assembled in great force in the direction of Velentino. The Turks made an attack before dawn, but were successfully repulsed.

Full-grown and mature men, well armed, though without uniforms, are arriving here with every train. They are supplied with ammunition. The transport service is improving rapidly.

Another Retreat Probable. London, May 3.—The Times correspondent at Athens says: "The news from Thessaly is unfavorable. Fighting at Velentino was resumed this morning. The Greek right repulsed vigorous cavalry charges, but their left was compelled to retire."

Turkey's Terms of Peace. New York, May 3.—A World special from Washington says: The terms of peace which Turkey has offered Greece have reached the Washington legation. They are as follows:

The restoration of the boundary fixed by the treaty of 1831, which gave to Turkey all of Thessaly, including its extensive coast; the evacuation by Greece of Prevesa and other points in the province of Epirus; the withdrawal of Greek troops from Crete and the acceptance of the plan of autonomy offered for the island by the port, and the payment of a war indemnity large enough to cover the expense of the mobilizing of the Turkish troops.

Both Want to Fight. London, May 3.—It is semi-officially stated that there is reason to believe that European intervention between Turkey and Greece in the present position of affairs is regarded as wholly impracticable, both Greece and Turkey having resolved to continue the war.

Americans Had the Advantage. London, May 3.—In the house of commons today the president of the board of trade, C. T. Ritchie, replying to Sir Charles Howard Vincent, conservative and free trader, said the government was not prepared to compel companies applying for new railway charters to buy their equipment in the United Kingdom.

Spokane, May 3.—Ground was broken for the Spokane army post today, and it is expected that most of the construction will be completed this summer. As soon as the railroad spur is completed, a large force of men will be put to work.

A CO-OPERATIVE SCHEME.

Chicago Unemployed Propose to March to Utah.

Chicago, May 3.—The Record says: Another movement similar to that which General Coxy organized a few years ago, and which is designed to take an army of unemployed men on a long trip across the country, is being quietly organized, and it is said that in June it will "move," having its starting point in this city.

It differs from that which was productive of the famous "keep-off-the-grass" by-term, in that it does not have the national capital as its objective point, and it is not designed to ask the national government for aid for any one. If the present plans are carried out, when the "army" reaches the end of its destination it will at once go to work as a co-operative commonwealth, and the leaders will attempt to prove that the working people can provide for themselves out of the abundance of the earth without dividing the products of their labor.

It is said that with the adjournment of the convention of the American Railway Union, which will meet in this city in June, the time will have arrived for the order to march, and it is further said that President E. V. Debs and other men prominent in railroad organizations are among the prime movers in the scheme.

Whether the proposition will be submitted to the convention of the railroad organization has not been decided, but it is said that it is more than likely it will be.

It is proposed to organize the co-operative commonwealth along the same lines as those laid down by the socialists, the means of production and distribution are to be the common property of the community, and may be used by any member thereof.

Reason Assigned by Jury for Portland Street-Car Accident. Portland, Or., May 3.—The coroner's jury impaled Wednesday to hold an inquest over the bodies of Catherine Baillie, Newton Hansen, W. W. Blanchard and M. C. Benninger, who died from the effects of injuries received in the street-car accident on East Morrison street last Tuesday, rendered a verdict yesterday afternoon in which they found that the accident was mainly due to the high rate of speed traveled by car No. 53 at the time of the accident.

Majority of those on the cat stated that it was traveling faster than is permitted by the city ordinances. One witness, Mr. Phillip Flood, who stood on the front platform with the motorman, stated that the car was not going faster than was customary at that point, and that it was thoroughly under the motorman's control until the curve was reached.

Unveiled at Dallas With an Eulogy on Jefferson Davis. Dallas, Tex., May 3.—The Confederate monument erected through the efforts of the Daughters of the Confederacy, at Dallas, was unveiled this morning. It is of Texas granite, the shaft being fifty feet high. At the top of the column stands a private. At the base on four pedestals are life-sized statues of Jefferson Davis, R. E. Lee, Stonewall Jackson and Sidney Johnston.

Went Through a Bridge. Warren, O., May 3.—An engine and fourteen cars of a freight train, on the Wheeling & Lake Erie railway, went through a bridge near here today, and plunged into a creek. Engineer James Garletter was scalded to death. Fireman Edward Munn and Brakeman C. E. Keyser, both received broken legs and were otherwise injured severely.

Banker Convicted of Embezzlement. New Orleans, May 3.—William P. Nichols, president of the defunct Bank of Commerce, was tonight convicted of the embezzlement of \$250,000 of the bank's funds.

Proposes to Make Soft Soap. Medical Lake, Wash., May 3.—F. D. Waldo, a Chicago capitalist, contemplating putting in a manufacturing plant for reducing the waters of Medical Lake to soft soap, etc. Medical Lake people are prepared to give any reasonable bonus for the plant.

Twenty years ago there were only 328 miles of railroad open in South Africa; now there are 2,500 miles. The banks of Newfoundland are formed by the sand, ice and stone brought from the earth by the icebergs.

FISHERMEN DROWNED.

One Capsized in the Breakers at Clatsop Spit.

Astoria, Or., May 3.—The first drowning of the fishing season occurred about 8 o'clock this morning, when one of Seaborg's boats capsized in the breakers near Clatsop spit. In the boat were John Hendrickson and his boat-puller, August Koskela. The wind was blowing heavily at the time, and when Hendrickson's boat overturned he and his crew were thrown into the assistance, and succeeded in rescuing the boat-puller, but Hendrickson sank. It is probable the body will never be recovered. The deceased was a Russian Finn, about 35 years old, and unmarried. He had lived in this country eight years, and had a brother and sister living in Astoria.

News was received here late this afternoon of the finding of a body of another fisherman. One of Kinney's boats drifted up on Long Beach, near Ocean Park. The net was fast to the boat, and tangled in the web was the body of the unfortunate man. His name was not learned. It is probable the boat-puller was also lost.

It is reported tonight that one of Booth's boats capsized this afternoon near Clatsop spit, and that both captain and boat-puller drowned. The report is evidently true, although neither the number of the boat nor the names of the men were given. The report was brought up by a fisherman, who had learned nothing more.

Tough on Americans. Alien Miners in Rosland May Have to Become British Citizens. Rosland, B. C., May 3.—The proposed law as to alien miners having to declare intentions to become citizens before they can take out a miner's certificate is causing much talk here, and there is still hopes that it will not become a law, although it has passed the legislature.

Wires Sold at Auction. There is a town on Vancouver Island overlooking the Pacific Ocean that is in need of 3,000 women. The town is a cheerful place in its general aspect. Its streets are well paved, and the climate and surroundings combine to make it attractive.

The Guthrie Calamity. Kansas City, May 3.—A special to the Times from Guthrie, O. T., says: Five more bodies were recovered from the debris left by Wednesday's storm in West Guthrie. The bodies of George Owen and Mrs. Charles Ruffin were found on the west bank of the river. The bodies of Henry Simmons and Mrs. Watson and child were found under a pile of hay near the Cimarron.

General Miles Will Go to the Seat of War in Greece. Washington, May 3.—General Miles today received the formal assent of the president for his projected trip to Turkey and Greece. The order read: "The president grants you permission to proceed, as soon as practicable, to the seat of war in the Levant, and if authority therefor be granted to you by the respective governments concerned, to visit the Turkish and Greek armies, or both, as, in your judgment, may be desirable.

Discouraged and Downcast. A Well Known Yolo County, California, Druggist, Pines for the Nirvana. He Finds a More Pleasant Remedy for His Ills Than Buddha's Panacea.

From the Mail, Woodland, Cal. There is probably no man in Yolo county better known than William R. Pond, formerly of the drug firm of Pond & Lawson, of Woodland, Cal.

Alonso Lowe of Greenfield, Ind., has lifted one of his horses clear of the ground, and he can shoulder alone and carry a barrel of sugar.

A Severe Earthquake. Washington, May 3.—The United States consul at Guadeloupe, West Indies, has telegraphed the state department, under date of April 29, from Pointe-a-Pitre, as follows: "A severe earthquake occurred here. The loss is heavy and many were injured."

Lynched by Their Own Race. Houston, Tex., May 3.—For three murders, the ravishing of two girls and the burning of the humble home of their poor victims and incinerating the bodies, six, perhaps seven negroes last night suffered the death penalty by lynching at the hands of a mob of their own race.

Switzerland is the only civilized country in the world which grants no patents for inventions. The oldest national flag in the world is that of Denmark, which has been in use since the year 1219.

MALARIAL FEVER.

This disease—also called fever and ague—is best described as a periodical fever. Its chief characteristic is not so much the nature of the single attacks as the peculiar manner of their repetition.

The two principal types of malaria are intermittent fever, and remittent fever. The intermittent type is characterized by recurring attacks, in which, as a rule, chill, fever and sweating follow each other in orderly sequence. One generally knows a few hours beforehand, by unpleasant sensations, and sometimes by headache, that a chill is approaching. The entire duration of an attack is usually from twelve to fifteen hours.

The periodicity of the attacks is most striking; they occur with regularity at the end of twenty-four, forty-eight or seventy-two hours. During the intervening period the patient feels pretty well, and except in unusually severe cases is able to be about. The remittent type of the disease has no distinct intermissions of the fever; the temperature is constantly above the normal, though marked remissions occur.

Malaria is caused by the presence in the blood of a parasite, a minute organism which can be seen only by the aid of a microscope. The natural history of this parasite is not known; nor do we know how the organism enters, or how or in what form it leaves the human body.

These organisms are always present in the blood of a person suffering from malaria, and that they disappear with the disappearance of the symptoms, low, marshy regions, with abundant vegetation, old river courses, low-lying districts, badly drained tracts of land which are rich in vegetable matter, and particularly districts which have been allowed to fall out of cultivation, are favorite localities for the development of the malarial poison.

Marked Quotations. Portland, Or., May 4, 1897. Flour—Portland, Salem, Cascadia and Dayton, \$4.00; Benton county and White Lily, \$4.00; Graham, \$3.40; superfine, \$2.75 per barrel.

Wheat—Walla Walla, 75¢; Valley, 70¢ per bushel. Oats—Choice white, 38¢; 40¢ per bushel; choice gray, 37¢; 39¢. Hay—Timothy, \$14.00@15.00 per ton; clover, \$12.00@13.50; wheat and oat, \$12.00@13.50 per ton.

Butter—Creamery, 35¢; dairy, 25¢; 27¢; store, 17¢; 30¢ per roll. Potatoes—Oregon Burbanks, 50¢; 55¢; Gaiety Chilies, 55¢; 55¢; Early Rose, 80¢; 85¢ per sack; sweets, 72¢ per sack for Merced; new potatoes, 30¢ per pound.

Onions—\$2.50@2.75 per cental. Poultry—Chickens, mixed, \$2.75@3.50; geese, \$5.00@7.00; turkeys, live, 12¢; ducks, \$4.00@5.00 per dozen. Eggs—Oregon, 10¢@11¢ per dozen. Cheese—Oregon, 11¢; Young America, 12¢ per pound.

Wheat—Chickin feed, \$38 per ton. Oats—Choice, \$23@24 per ton. Barley—Rolled or ground, \$20 per ton. Corn—Whole, \$21 per ton; cracked, \$21; feed meal, \$21.

Poultry—Chickens, live, per pound, hens, 10¢; ducks, \$6@6.50. Flour—(Jobbing)—Patent excellent, \$4.80; Novelty A, \$4.50; California brands, \$4.90; Dakota, \$5.65; patent, \$6.40. Millstuffs—Bran, \$14.00 per ton; shorts, \$18.

Feed—Chopped feed, \$18.00 per ton; middlings, \$23; oatmeal, \$30. Hay—Puget sound, per ton, \$12.00; Eastern Washington, \$15. Butter—Fancy native creamery, brick, 18¢; ranch, 14¢@15¢; California, 9¢.

Cheese—Native Washington, 12¢. Vegetables—Potatoes, per ton, \$14.00@14.25; parsnips, per sack, 75¢; beans, per sack, 60¢; turnips, per sack, 60¢; rutabagas, per sack, 50¢; carrots, per sack, 40¢@50¢; cabbage, per 100 lbs, \$1.50; onions, per 100 lbs, \$4.25. Sweet potatoes—Per 100 lbs, \$4.00.

Fresh Meat—Choice dressed beef, steers, 7¢; cows, 6¢; mutton, sheep, 5¢ per pound; lamb, 5¢; pork, 6¢ per pound; veal, small, 8¢. Fresh Fish—Halibut, 4¢@5¢; salmon, 6¢@8¢; salmon trout, 7¢@10¢; flounders and soles, 3¢@4¢.

WEEKLY MARKET LETTER.

Downing, Hopkins & Company's Review of Trade.

With a large cash demand for wheat at all points, with stocks being reduced to a lower point than in years by the end of the crop, and with prospects for an average crop of winter wheat very poor, it is enough to warrant the maintenance of present values, and also the prevalence of good prices for wheat for the coming twelve months.

High prices will go depend on three things—speculation, crop prospects, and the war. There will be a short crop of winter wheat for the third consecutive year. The conditions are also uncertain for us as far as an acreage of spring wheat was expected earlier in the season, owing to the wet weather and the lateness of the seeding in some sections.

High prices, however, will stimulate farmers in the Northwest to get in as large an acreage as possible. There has been a good deal of seeding, but in the Red River valley, where a large part of the crop is grown, there is too much water to admit of early seeding. Kansas gives good promise, but a change for the worse may come. The only things that can injure the crop are hot winds and sand storms.

The outlook in California is uncertain. Reports say that hot winds have deteriorated the crop. Latest reports from France and Russia are against a large crop of winter wheat, but in the other foreign countries there is promise of about an average yield. Stocks, however, are low, and consumers will go into the new crop with less than the usual quantity.

Greece and Turkey are not important factors as wheat growers, the former raising 4,800,000 bushels, and the latter 24,000,000 bushels. Bulgaria, Servia, Roumania, and Montenegro raise 125,000,000 bushels. A liberal proportion of their crop is exported to the continent. If Greece has a navy of sufficient strength to prevent a free export movement of wheat from these countries, it might make a great difference in the supplies of the continent.

Market Quotations. Portland, Or., May 4, 1897. Flour—Portland, Salem, Cascadia and Dayton, \$4.00; Benton county and White Lily, \$4.00; Graham, \$3.40; superfine, \$2.75 per barrel. Wheat—Walla Walla, 75¢; Valley, 70¢ per bushel.

PLATIN POSSUM.

"Playin' possum" comes from the fact that the possum will feign sleep or death when pushed into sudden danger or being captured.

But pains and aches never being that kind of a game. They never try to fool anybody, and go to work to wake up people, leaving no chance to feign sleep. On the other hand, there is a remedy known as St. Jacobs Oil that will kill a pain or an ache so that it won't wake up again in the cure that follows its use.

Pains and aches are great or less in intensity just in degree as we treat them. Prompt treatment with the best remedy—St. Jacobs Oil—prevents their increase and by curing prevents their return. Everything is gained by taking pains and aches in time for a prompt and permanent cure, and there is nothing better than the use of St. Jacobs Oil.

Owing to the unusual snowfall in Switzerland the chamois have become so tame in some places that they visit the stables in search of food. AN APPEAL FOR ASSISTANCE. The man who is charitable to himself will listen to the mute appeal for assistance made by his stomach, or his liver, in the shape of divers dyspeptic ailments and uneasy sensations in the regions of the gland that secretes his bile.

The island of Malta has a language of its own, derived from the Carthaginian and Arabian tongues. The nobility of the island speak Italian. HOME PRODUCTS AND PURE FOOD. All Eastern Syrup, so-called, usually very light colored and of heavy body, is made from glucose. "Tea Garden Syrup" is made from sugar cane and is strictly pure.

The most thickly populated country in Europe is Belgium, and it is also the most temperate. For Lung and Chest Diseases, Pisco's Cure is the best medicine we have used.—Mrs. J. L. Northwick, Windsor, Ont., Canada. Moths may be kept from furs and wooleens, United States Entomologist L. O. Howard concludes, by cold storage during the summer at forty degrees.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1897. A. W. GLEASON, Notary Public. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Sent in testimonials, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 7c. Hall's Family Pills are the best.

Good Health. Are you nervous? Your nerves are the channels through which your general vitality courses. If they are upset you can't be healthy. There are innumerable ailments following nervousness. Dr. Sanden's Electric Belt... Cures all of them. The life of the nerves is Electricity, which this famous appliance pours into your body for hours at a time. Its effect is soothing, strengthening, exhilarating.

REASONS FOR USING Walter Baker & Co.'s Breakfast Cocoa. 1. Because it is absolutely pure. 2. Because it is not made by the so-called Dutch Process in which chemicals are used. 3. Because beans of the finest quality are used. 4. Because it is made by a method which preserves unimpaired the exquisite natural flavor and odor of the beans. 5. Because it is the most economical, costing less than one cent a cup.
