—One minute is all that is necessary to decide from personal experience that One Minute Cough Cure does what its name implies. W. E. Brock.

—W. H. Burns, the popular mixologist of the Quimby House, Portland, spent the latter part of the week in the city. Bob's friends are always glad to see him.

—They are so small that the most sensitive persons take them, they are so effective that the most obstinate cases of constipation, headache and torpid liver yield to them. That is why DeWitt's Little Early Risers are known as the famous little pills. W. E. Brock.

—E. E. Turner, of Compton, Mo., writes us that after suffering from piles for seventeen years, he completely cured them by using three boxes of DeWitt's Witch Hazel Salve. It cures eczema and severe skin diseases. W. E. Brock.

—Mr. R. E. Bryan returned from British Columbia the first of the week. Mr. Bryan reports times very good up there although the crop prospect is not very good.

—Last Wednesday evening June 3rd, while a school exhibition was being held at the Sewell school and none of the families was at home some renegade stole from the Jas. Sewell ranch about $50 worth of goats wool and about six dozen chickens. At the John Sewell place three or four dozen chickens were taken. While the families were coming home from the school entertainment, after midnight, they met a prarie schooner and doubtless it contained both wool and chickens. The chickens were missed at once but Mr. Sewell never missed his wool until Tuesday, of this week when he prepared to sack it for Portland shipment.

The Hillsboro colony at Heppner consists of himself, Isaac Ennis, Jesse Stewart, Fred Rood and Mr. Osmund. John Hale was up there at one time but started east with a band of sheep. Young, the powder man, blew out a stump over 6 feet in diameter the other day near the Hunteman place at a total cost, powder and all, of $1. Young did the loading. It seems that it was a case of good powder and good generalship. To grub the stump would have cost ten or twelve dollars at least.

—L. V. Berckmoes leaves tomorrow for Anaconda, Montana, at which place he will go into the jeweler business. Mr. Breckmoes has been with us some time and takes the best wishes of the community along with him.

GRAND COUNTY PYTHIAN RE-UNION

To be Held at Forest Grove June 23rd.

A GALA DAY FOR THE PYTHIANS

Townsend is Given a Hearing for Alleged Threatening to do Bodily Injury and Discharged.

Delegates from the four Pythian Lodges met in this county Monday of this week and voted to hold a county Pythian Re-union on Wednesday, June 23rd, at Forest Grove. As the knights are not exclusive in their ideas as to who shall hear the beauties of fraternity extolled, it was voted to make it a public affair. The very best of oratorical talent will be present, music will be plentiful—both instrumental and vocal—and a splendid time in general is promised. There will be field sports galore, such as bicycle races tug-of war, e c. The Forest Grove and Cornelius lodges will pit a tug-of-war team against a like one picked from Glencoe and Hillsboro lodges and such heavy weights as Gt. Hughes and Representative Marsh will be pitted against John D. Carstens and Hon. B. P. Cornelius.

The McMinnville lodge will be invited down and all the Rathbone sisters in Washington and Yamhill counties will be requested to attend. Forest Grove has a lovely campus and the boys will spare no effort to make the affair a grand success This re-union is not a bid for revenue or in anticipation of missionary work, but is simply for the purpose of reviewing Pythian work and having a good time at the most delightful season of the year.

Defendant Discharged.

Jas. C. Townsend, of Centerville, was Saturday given a hearing before Judge Smith, of this city, charged with the crime of threatening to do bodily injury to the person of Adam Biel. Deputy District Attorney Bagley prosecuted and Barret and Adams were counsel for Townsend. After the state's attorney had rested his case defendant's counsel moved a discharge on grounds of insufficient evidence to hold and the judge dismissed the prisoner.

Townsend is a hard working fellow and the evidence showed he was a trifle "windy" at times, but was otherwise not troublesome The costs were taxed to the prosecuting witness.

Forestal will act as floor managers. Tickets for the dance, 50 cents. Supper extra. A splendid time is guaranteed.

They will carry the Osborne Machines, they being the Washington County agents They will also carry extras for machines and binding twine.

SHERWOOD.

Mrs. Sadie Gillet is very low at present writing with typhoid fever.

J. C. Smock has just finished treating his house to a coat of paint which makes its appearance very attractive.

N. P. Attenbury, who has been confined to his bed for some time, is reported no better.

Dr. Saylor, formerly of Oswego, has moved to Sherwood and put in a drug store—something Sherwood has needed for a long time.

Dr. D. H. Richards has departed for Chicago where he will attend a surgical institute. The Dr. says he will be back in time for the fall rains.

Miss Susie Richards of Ostrander Wash., is again seen in ourmidst. Susies presence seems to have quite an impression on Lee, as you can see him most any day fixing up his ranch on the hill.

Some of our young men have more animalism than brains, as it has been the custom for them lately to wait till respectable people have gone to bed and then post up bills of a very unbecoming and degraded nature on drygoods boxes and telegraph poles. A word to the wise is sufficient.

Our school board met on last Saturday evening and hired the following teachers for the fall term of school: Mrs. Edith Ellis for the principal, and Miss Myrtle Stevenson for the primary.

Prosperity has struck Sherwood with all its pomp and glory. Our new post master is putting up a building for the office. Well its a poor administration that would not make some one feel the prosperity.

Our dram shops are about a thing of the past, as we understand that Mr. Wioda has been watering his garden with his stock of spirits in order to save them, for the boys say it is too hard times to get on a booze.

LACK OF RAIN IMPAIRS CROPS

Complaints From all Parts of Western Oregon.

EARLY HAY CROP IS A FAILURE

The Hop Crop Seems the Most Promising of all---Grain Prospect Not the Best.

Director Pague, of Portland, tells us of Western Oregon, in his report for the week ending June 7th:

"Rain is badly needed. Fall and winter sown wheat is heading with short straw and without rain the grain will be small. Early sown wheat and oats have a good color and are making growth, but are beginning to show the lack of rain; late sown wheat and oats show very distinctly the need of rain. While the outlook has been promising for the grain crop, the continued dry weather has materially reduced the prospects. Having has commenced, and the hay crop shows the lack of rain; some correspondents report the hay crop as only making a half a crop. The later hay will make better crops, if general rains prevail. Hops are growing and sending off lateral arms; the crop is promising, though in some yards lice have appeared. Potato planting is continued in some sections, while in others the new potatoes are being marketed; the crop has a very good outlook. Gardens are making good growth and when properly cultivated do not show the lack of rain.

Strawberries are ripening rapidly, and will be at the height of their season for this year during the coming week. Cherries are ripening, and within six days the markets will be filled. The reports concerning the crop are variable, but it can safely be said that the crop, as a whole, will not be over a three-quarter one; some varieties are better than others—the Royal Ann appears to be the smallest crop of all varieties.

The winter apples continue to drop; the fall apples will be a fair crop. Pairs will not be an average crop, though in some orchards the trees are filled with set fruit. The peach crop is good, this is especially true of the southern counties; in Jackson County hand pruning is in progress While the peach crop, as a rule, is good, some orchards in the northern portion of the Willamette Valley will have almost a failure in the crop. The prune crop will be a fair one; in some orchards it will hardly pay to start the drier, while in others a good crop is assured. The total product of the prunes will be equal or exceed the crop of 1895, though some varieties will be a short crop. The fruit crop will be far superior to the crop of 1896.

The conditions today are not favorable for rain, but rather for another week of warm dry weather.

THE UNION MOVEMENT.

The Silver Forces Will Meet The Opposition.

Messrs. Jas. Sewall and H B Luce returned Thursday evening from Albany, whither they had been in attendance at a state convention to promulgate a movement to all opposed to the gold standard. The meeting took place Wednesday and was attended by delegates from nearly every county in the state. The first demand of the platform is for a strictly American system of money. Here is the draft :

UNION PLATFORM.

We demand the free and unlimited coinage of gold and silver at the ratio of 16 to 1, independent of the action of any other nation.

That the government shall issue all the money without the intervention of banks, and in quanity adequate for the needs of the people; that all money issued by the government, whether gold, silver or paper, shall be full legal tender for all debts public or private.

That no contract or law shall discriminate against any kind of money issued by the government.

We are opposed to the issue of government interest bearing bonds in time of peace.

We demand the redemption of Oregon from rings, commissions and corrupt methods and demand honest elections and election laws, including a stringent registration law.

We demand that the people shall have a veto power over al. legislative enactments by the use of the referendum.

We demand the election of all officers by a direct vote of the people.

We favor and advise that all nominations for municipal and county officers, including members of the legislature, shall be made by primary election.

—It is stated the Hillsboro board of school directors have hired M. C. Case as principal of our school for the ensuing year.

--Doctors Linklater and Tamiesie were attendants at the meeting of the state medical association held at Portland this week. They report an interesting session.

—W. C. Dartson, of Greenville, has a curiosity which is worthy of a dime museum. It is a porker and is of both sexes. Deputy Assessor Pointer is authority for this and says the curiosity is a remarkable one and hitherto unknown to history. This is prosperity with a vengeance.

—Forest Grove will soon have academic exercises and it is expected that the usual vulgar burlesques on posters and which will cause smiles and groans. It is time such things were discontinued. Although productive of mirth for some, the agony caused to others and the usual editorial comment in the Grove papers are enough to make one feel that the joke goes too far.

—Miss Margaret Astella Goodin, daughter of Mr. and Mrs. John Goodin, of Glencoe, graduates at Monmouth this week and will represent her class in the commencement exercises by a paper on "Monuments." Miss Goodin taught here for several years to enable her to finish her education. Her determination and zeal is worthy of emulation by some of our male population.

—I B. Darity, more familiarly known as "Doc," left Monday morning for the Blue Mountain region in Eastern Oregon, where he will recreate, fish, hunt and do a little prospecting in the mining line. Doc. went overland and took with him John Clark, of Cornelius, and Chas Tompkins. Darity has been all over the prospective region of his visit and thinks he can strike something that will pay him well.

Rice-Mays Marriage.

The residence of David Rice, near Glencoe, was, on Wednesday, the 9th of June, 1897, the scene of a very pretty wedding, the contracting parties being Mr. E. C. Mays and Miss Alice C. Rice, both of this county. Rev. Shelley, of the Hillsboro Christian church, officiated. The guests were Mr and Mrs. David Rice, the Misses Jane Rice, Mary Durst, Elvia Mays, and Robert Rice, Samuel Rice, Mr. and Mrs. J. R. Mays, parents of the groom, Mr. and Mrs. W. E. Mays, Mr. and Mrs. J. Loftus, Messrs. Fred Witt, Chas. Lehow, Jesse Berse, Geo Whitley and John S. Jackson. After the wedding the party enjoyed a delicious spread under the shade on the lawn.

He is a thrifty young man of exemplary habits and has first class business qualifications. The bride is a daughter of Mr. and Mrs. David Rice and is well known as one of our most estimable young women. The young couple departed on last evening's train for a short trip, after which they will keep house in Glencoe. A h[illegible]
