

DID NOT COMPLY WITH THE STATUTE

And yet Talks of Anarchy in Others

A REVIEW OF COUNTY BUSINESS.

Reported that a \$75 Liar has Been Hired to Defend.

The Grove Nancy is busy defending the debt burdening the people, and when the republicans who are against such an evidence of interest bearing debt, ask Mr. Cornelius and his warm political friends just how it came about, the answer is, it is said: "Well, Mc-Bride has been awful slow and has made the court terms altogether too expensive."

Section 3069. Whenever the county court shall determine to erect such jail or prison, it may either receive sealed proposals for the performance of the whole or any part of the work, or for furnishing materials, or may sell the same at public auction to the lowest bidder; but the court, before it enters into any such contract, shall give notice by advertisement, published in some newspaper of general circulation in the county, for at least three weeks in succession, or by putting up advertisements in five public places within the same, three weeks before the time for letting the contract, stating the day on which it will attend the court house in said county for the purpose of receiving proposals or selling at public auction (as the case may be) and entering into such contract; and the contractor shall enter into bond, payable to the state of Oregon, for the use of the county, with such securities and in such sum as the court may approve, conditioned for the faithful performance of the contract agreeably to the stipulations thereof.

The court did not advertise for the cells and corridors, but let the contract for them to the Diebold Safe & Lock Co. for \$2,750, on the same day that it gave the papers the three weeks' advertisement. A local agent of the Pauli Jail Co., knowing that the statute provided for advertisement, expected to put in a bid. He was thus shut out. His figures to put in cells and corridors according to plans and specifications were \$500 below that paid for the work put in. This is one way in which business has been handled. It is said that the county judge and many of the officers contend the cells and corridors were bought dirt cheap, but Hon. S. B. Huston, J. M. Wall and THE ARGUS editor saw the letter from the agent of the Pauli Jail Co. directing the local agent (a republican) to put in the bid for \$2,250. This is truth. The law was not complied with. Laws of this kind are for compliance. That Mr. Cornelius knew of the statute is proven when we know that on the day he let the contract for the cells and corridors he issued advertisements in compliance with the law relative to the most inexpensive part of the prison, the building proper!

And now it is currently reported that the Hatchet has been hired to do the campaign lying on this and all other subjects for the large sum of \$75.

The large banner for the republican headquarters which has several times been stretched across the street, has been very naughty in its persistence to come down and trail on the street. Each time that it sprinkles the canvass contracts (just like the currency) and down comes the whole arrangement—"busted."

J. W. Goodin, of Glencoe, has returned from Saguay and Alaska, and will not go back. He states that the Alaska boom is about collapsed and that many are leaving. He tells us that he saw Loring K. Adams, Wesley Boscow and F. G. Mitchell before he left and that they are doing well and are contented. Mr. Goodin says he has enough of Alaska for the present and is glad enough to be back in old Washington county.

A talk with quite a number of Hillsboro's people gained the information that it is their intention to celebrate the Fourth of July at Forest Grove this year. The College City should have a grand time and make preparations to entertain the largest crowd ever turned out at a patriotic demonstration. It is said that distinctively modern features will be added to the exercises this year, owing to our present war with Spain. Forest Grove will see us up there on the Fourth, enmasse.

Mr. A. S. Briggs, of Dille, republican nominee for representative, has been in this county for several years and has thought so little of its institutions that he refrained from taking out his full citizen papers until a few days prior to the convention. He must have seen the state and have prepared for the occasion!

The "stand ins" are claiming that the county officers saved 7 or 8 thousand dollars for the year ending July 1, 1898. This paper at that time showed up the full truth of the matter which displayed these facts: Assessor Wilcox had saved \$43,700. Commissioners Todd and Responder had saved on personal services, over year preceding 111.30. The other officers saved nothing. This is the story of the "stand ins" weakness.

George Ledford jr. had the misfortune this afternoon to lose the little and third fingers of his right hand by getting it in contact with a saw at Carstens' mill, this city. Dr. Bailey dressed the injuries and says the young man may lose the middle finger although he hopes to save it. The index finger was also badly hurt. George has been the father's main support for some time and the misfortune comes at a rather bad time.

CANDIDATE FOR DISTRICT ATTORNEY.

George Noland, the nominee on the union ticket for the office of prosecuting attorney of the fifth judicial district, is a resident of this city. He was born at Creswell, Lane county, Oregon, on October 25, 1857, and is a son of Captain P. C. Noland, who came to this coast during the California gold excitement and who served as captain of a company during the Rogue River Indian war. Mr. Noland entered the Oregon University at its opening in 1876 and graduated from there with high honors. He commenced the practice of law in 1883 at Prineville, where he remained for one year and removed to this city where he has since made his home. In 1884 Mr. Noland was appointed city attorney by the Astoria city council and he was twice re-elected by the votes of the people, serving in that official capacity for five and one-half consecutive years. His unblemished record for integrity and devotion to duty won him the confidence and support of all parties and his official record will go far toward securing his success in the present campaign. As an attorney Mr. Noland has an enviable reputation, as a man and a citizen his character stands unapproached. Quite and unassuming, kind and courteous in his manner, he makes many friends and no enemies. If elected in the coming contest his well disciplined mind, honesty of purpose and attention to duty cannot but reflect credit upon himself, the office and his constituents.—Astoria Budget.

He has made no canvas for the office which has been so abused by Multnomah ring politicians. Mr. Fitch is a young man, and should receive a majority of votes over the Multnomah ring candidate. If elected, he will inaugurate and inject a little economy in that office. A vote for him is a vote for economy.

T. S. Wilkes, of Cornelius, writes THE ARGUS to know what it will cost to send the county papers to the Hillsboro boys who are enroute to Manila, promising to raise a fund for such purpose. Speaking for itself, this paper will say—nothing at all. Papers will leave this office each week for Manila Harbor, or Hong Kong, addressed to the infantry commander containing the Hillsboro boys. The other county papers will do likewise beyond any question of a doubt.

About twenty-five ladies of this city met at the residence of Mrs. R. E. These school children will participate in the rendition of songs, recitations and other appropriate exercises. The Hous. S. B. Huston and Mayor W. N. Barrett will make memorial addresses at the cemetery, or in the city, after visiting the graves.

The voters of Washington county, of whatever politics, should always vote for a man who has not sought office as against a man who has trained years for such a position. Ira E. Haynam did not seek the nomination of recorder, and knew nothing about it until eight hours later. He is thoroughly competent, is a prominent young man, and should be given support accordingly. The only thing which can be said against him is that he has not trained for four years to get the office.

HILLSBORO COMRADES AT ENCAMPMENT

Of the G. A. R. and W. R. C. at The Dalles.

"VETERAN" REPORTS A HIGH TIME.

Gives a Synopsis of the Trip and How it was Enjoyed.

Some 300 persons gathered at the Oak street, Portland, May 17th at 7 a. m. for the Dalles to attend the 17th annual encampment. Dept. of Oregon, G. A. R., W. R. C. and S. of V. It was 7:20 before the boat started and breakfast and dinner came together for many. There was a stiff breeze in our faces whether we were going down the Willamette or up the Columbia, and the wind must have changed, for it was in our faces all the way back.

The "Regulator" is a fine boat with an accomodating set of employees and the round trip was only \$1. Every steamer or train of cars that passed us cheered with their whistles. We arrived at The Dalles at 8 p. m. and a reception was given us at 9 p. m. Owing to the severe illness of Commander Risner, S. V. C., H. V. Gates responded to the address of welcome, and during most of the time of the encampment, presided.

We cannot give a synopsis of what transpired for the reason that much of our time was taken up looking after the delegation from Washington county, but all seemed to have a royal old time. Gates and wife, Waggener and wife, Merryman and wife, Hicks, Doughty, Hesse and Crandall from Hillsboro and young Merryman, who did not think much of the scenery the first half day, were there.

Forest Grove had a large delegation the first day but many were missing after that.

Comrade Hollaway was elected deputy commander. McMinnville was selected as the place of the next encampment. A committee of ladies from the W. R. C. advocated McMinnville and several contestants withdrew and it was a walkover. In the grand parade it seemed that The Dalles beats the world for children, unless, as some suspected, they had borrowed largely from other towns. At the entertainment the children's drill was splendid and cannot be described with words, but must be seen to be appreciated. On the trip home, the rapids below the locks, 6 mi. were run in 5 minutes, it taking over one hour on the up-stream trip.

The reports show about 2000 members of the G. A. R. in Oregon; 40 deaths the past year. Taken altogether, the encampment was a grand success. All appeared to be enthusiastic and willing, if called upon, to render service in the present war.

How the Oregonian got the report that Hillsboro was selected for the next encampment is a mystery, for it was not talked of nor asked for.

PLANK IN OREGON REPUBLICAN PLATFORM OF 1890.

"Sixth: That recognizing the fact the U. S. is the greatest silver producing country in the world and that both gold and silver were equally the money of the constitution from the beginning of the republic until hostile legislation against silver, which unduly contracted the circulating medium of the country; and recognizing that the great interests of the people demand more money for the use of the trade and commerce; wherefore, we declare ourselves in favor of the free and unlimited coinage of silver and denounce any attempt to discriminate against silver as unwise and unjust."

Decoration Day.

Citizens, including members of the G. A. R. and Women's Relief Corps will assemble on Main street near the court house at nine o'clock a. m., May 30, where the procession will be formed under the direction of the officer of the day, Captain J. D. Merryman.

The procession will start to the cemetery at precisely 9.30 o'clock. After decorating the graves and intermission for dinner the following program will be given at the court house at two o'clock: Music by the band; address by Hon. W. N. Barrett; song by the Misses Hoyt; song by the school children; music; recitation, by Harvey Miller; song by the children; recitation, by Mrs. Brown; music; recitation, Mrs. Cullloch; closing address, Hon. S. B. Huston; music.

The 26th annual re-union of the Oregon Pioneer Association will meet at Portland on Monday, June 15. Rev. John S. Griffin will open the meeting with prayer. A general good time is promised to all our old pioneers who may attend. One and one-third fare for round trip on Southern Pacific lines.

Roy Latham, with Co. H., 21 Ore volunteers, writes from Presidio, San Francisco, to his parents: "Had a nice trip, but would not live down here for the country. All you can see is hills and rocks. We are about two miles from town but had to march seven miles to make camp. It took us 48 hours from Portland to San Francisco. We have to eat: hardtack, beans, potatoes, bacon, tomatoes, and coffee. When we want anything better we go to town and get it. I bunk with Percy Oliver, Sculley and Purdin. We drill five hours each day. The people here say the California boys are not in it with us Oregon boys—and you bet it makes us all feel good! There is a great deal of wind here. On our trip down, large crowds greeted us at almost every station. I never felt better in my life." Roy has many friends here, and as he was with THE ARGUS for several months, we take pleasure in quoting part of his letter.
