

THE HILLSBORO ARGUS.

VOL. V. HILLSBORO, OREGON, THURSDAY, NOVEMBER 10, 1898. NO. 34.

WINGS OF THE WEEK

What Has Happened in the Civilized World.

WINGS IN THE PRESS DISPATCHES

Complete Review of the News of the Past Seven Days in This and All Foreign Lands.

David A. Wells, the famous economist, died at Norwich, Conn.

Half the population of Gihara, Cuba, is said to be suffering from smallpox.

Major General Otis at Manila reports 15 deaths among the troops since his last report.

General Wade will have entire charge of the government of Cuba, both civil and military.

The Omaha exposition proved a financial success, and subscribers will be paid back in full.

Troops at Manila expect to see further fighting, as they think the insurgents will make trouble.

A fire in the Southern Pacific railroad shops at Sacramento caused damage to the extent of \$200,000.

One entire block of buildings in Pittsfield, Mass., was destroyed by fire, believed to be incendiary. The loss is \$100,000.

Philip Brogan, a wealthy sheep man of Antelope, Or., was stabbed and killed by an employe in a dispute over wages.

Antonio Sincki, a 15-year-old Italian bootblack, was brutally murdered, after a nameless crime had been committed, in Portland, Or.

The army investigation commission has finished its sessions in this country and will soon go to Santiago and Porto Rico.

The news that the United States now demands the whole of the Philippine islands has created much interest in Berlin. The German newspapers comment unfavorably upon it.

The transport City of Puebla has sailed from San Francisco for Manila, with the last of the California heavy artillery, the Nevada troop of cavalry, and a small detachment of recruits for the Twenty-third infantry.

A cry for relief again comes from Cuba. Conditions in Havana, it is said, have become intolerable, and severe criticism of America is heard on every hand. While the commissioners are waiting, crime, poverty, misery and death increase.

The feature of President McKinley's forthcoming message to congress will be an appeal for immediate legislative action looking to the construction of the Nicaragua waterway. Delay beyond next session will jeopardize chances for American control in the future.

The latest telegrams respecting the relations in the neighborhood of Chungking, China, state it is a movement against the missionaries on the part of a marauding band led by one Yu Man Tze. The French church, hospital and school, and also the American Methodist church at Hong Chau, about 60 miles from Chungking, have been destroyed.

General Fitzhugh Lee's mother died at Richmond, Va.

A proclamation has been issued bringing Santa Cruz and other islands under the British Solomon islands protectorate.

At Friday's session of the Paris peace commission the Spaniards rejected the Americans' proposals, and refused to give up the Philippines.

Later reports from the conflagration at Hankow, China, say that 10,000 houses were destroyed and 1,000 people killed and burned to death.

Ellis H. Roberts, treasurer of the United States, in his annual report, shows that the treasury was stronger at the close than at the opening of the fiscal year.

Senator Redfield Proctor in an address at Montpelier, Vt., declared that there should be divided sovereignty and that the United States should retain the entire Philippine archipelago.

Major Helburn's recital before the war investigating commission, while in session at Cincinnati, disclosed a terrible state of affairs at Camp Thomas, Chickamauga, due to ignorance and neglect. The sick soldiers were treated like dogs.

By the explosion of a boiler at the Oil City (Pa.) boiler works, two men were killed, two fatally injured and a dozen more slightly hurt. The killed are Richard McCloskey and John Fravel. The fatally injured are B. J. Gilders and Denis McMahon.

A recent discovery of bituminous coal in the Klondike region was made in American territory about 100 miles below Forty-Mile. A tunnel has been dug into the hillside a distance of 45 feet, and there the vein is six feet in thickness. The coal is said to be of superior quality.

Minor News Items.

West Virginia is without a state debt and has a cash surplus of \$1,000,000 in banks drawing 3 per cent interest.

Silas Packard, the well-known educator and founder of Packard business college, died at his home in New York, aged 72 years.

It is said that 25 per cent of the applications made for divorce in North Dakota this year were made from New York state, and most of these from New York city.

LATER NEWS.

The United States collier Nero has arrived at Nagasaki, Japan.

British naval preparations for possible war continue unabated.

Governor Lord of Oregon has issued his annual Thanksgiving proclamation.

The strike of pressmen and stereotypers at San Francisco proved a failure.

Western railroads have been enjoined from excluding Pueblo steel from Pacific coast points.

Orders have been issued for a general movement of troops from Camp Meade, Pa., to the South.

The London Daily Mail urges the American people to pronounce boldly for retaining the Philippines.

In Portland, Or., Andrew C. Groom, a traveling medicine vender, shot and killed his wife in a lodging house and then blew out his brains.

Drought and hot winds have played havoc with Australian wheat fields. The commissioner of agriculture says there will not be enough wheat for the local demand.

The principal garrison of the United States troops in Cuba will be located near Havana, according to completed plans of the commission appointed to select camp sites.

A lodge of the Order of Elks composed of colored men has been organized at Cincinnati, O., but Grand Excited Ruler Galvin says the action is wholly without warrant and clearly void.

A plot has been discovered at Paris which has for its object the fomentation of a general revolt against the government in case the revision of the Dreyfus case results favorably to the prisoner.

The monthly statement of the director of the mint shows the total coinage at the United States mint during October to have been \$5,600,841, as follows: Gold, \$5,180,000; silver, \$3,854,191; minor coins, \$66,850.

Rich gold mines have been discovered at Terra del Fuego, according to a report made by Franklin Ransom, who has just returned to Cleveland, O., from that country with \$18,000 in dust, as a result of two years' work.

The mayor of Spokane has declared an emergency, and issued a proclamation enrolling all persons over 21 years of age as special constables, to assist in arresting robbers who have been rampant lately. A reward of \$500 is offered for the conviction of any one of the robbers.

The labor problem at Santiago is becoming serious. Native Cubans will not work, and the situation is most trying. Capital seeking investment holds aloof because of the fact that there is no stable government and no assurance that labor could be secured to develop properties in which money might be invested.

Archbishop W. H. Gross, of Oregon, is seriously ill at Baltimore.

The Cuban assembly has effected permanent organization at Santa Cruz.

The United States, it is said, will offer to buy the Philippines from Spain.

Slam is about to re-establish its legation in the United States after the lapse of many years.

Henry Failing, president of the First National bank of Portland, Or., and a well-known citizen, is dead.

Mrs. Leslie Carter, the actress, has filed a petition in bankruptcy at New York, showing liabilities of \$63,773 and no assets.

Two sticks of dynamite addressed to the Turkish consul at San Francisco, were discovered in the mails before any harm was done.

Wooden rims for bicycles are not patentable, according to a ruling made by Judge Seaman in the United States court at Milwaukee.

Judge Grosscup, of the United States circuit court at Chicago, rendered a decision upholding the constitutionality of the war revenue law.

A revolution is imminent in Samoa, and the cruiser Philadelphia has been ordered there to protect American interests. The Yorktown may follow.

A Norfolk, Va., dispatch says the Merritt Wrecking Company has received information that the Maria Teresa, which was reported sunk, is ashore at Cat Island.

Nikola Tesla claims to have learned how to control vessels at a great distance. By the use of an invention upon which he is working, torpedoes may be sent out unmanned and guided into contact with an enemy's ship by an operator at a safe distance.

General Miles' report on the late war has been filed. Plain statements are made, and there is no mincing of words. Facts regarding the conduct of the war are clearly stated. Friends of the general says Secretary Alger will be compelled to publish the report despite his disinclination to do so.

A London coroner's jury which has been investigating the death on October 29 last of Harold Frederic, a correspondent of the New York Times, has rendered a verdict of manslaughter against Kate Lyon, a member of the late Frederic's household, and Mrs. Mills, a Christian Scientist.

Charles G. Dawes, comptroller of the currency, has ordered that the system of semiannual examinations of national banks in effect in the country shall extend over all cities, without any exception, as heretofore.

Postmaster-General Smith has issued an order directing that Hawaiian postage stamps shall be recognized at their face value for payment of postage on all articles mailed in Hawaii, whether addressed for delivery in the United States or elsewhere.

THE ELECTIONS.

Republicans Successful in Washington and Will Have a Majority in Congress.

Washington, Nov. 10.—Returns establish to a certainty that the United States senate will have a Republican majority after March next. Of the present Republican total of 45, the terms of seven senators expire March 4 next, leaving 38 hold-over Republicans. To this number the elections of Tuesday add 10 Republicans surely elected and three probably elected, making a total of 48, or two more than a majority of the Democrats, Populists and Silver Republicans.

There are 21 Democratic hold-over senators, and to this number the elections added four with certainty and one probably, giving a total of 25 votes. The Populists and Silver Republican hold-overs number eight, and this was increased by one practically sure. Five state legislatures appear much in doubt, viz.: Nebraska, West Virginia, Montana, Indiana and Washington, and are not included in figuring the totals.

Today's returns show that these Democratic senators will be succeeded by Republicans: White, California; Mitchell, Wisconsin; Allen, Nebraska; Turpie, Indiana; Smith, New Jersey; Faulker, West Virginia; Murphy, New York; and Gray, Delaware.

Interest in the election Tuesday centered in the political complexion of the next house. Although Chairman Babcock, of the Republican congressional committee, made this morning what he terms an ultra conservative estimate, in which he eliminated a number of doubtful lists, this estimate gives the Republicans 185 members in the next house, a majority of 13 over all. At 9 o'clock, Kerr, of the Democratic congressional committee, claimed the certain election of 190 Democrats and Populists.

Seattle, Nov. 10.—Incomplete returns from 24 counties out of 34 in the state give a majority in favor of both Republican congressmen, and Republican candidates for superior judges. Congressmen-at-large W. L. Jones and F. W. Cushman, Republicans, are elected.

Goldendale, Wash., Nov. 10.—Returns have been received from 110 voting places, with 14 to hear from. A Republican majority of 300 is assured. Herbert Baker and W. L. Jones lead his ticket. An official count will be required to settle the county attorney contest between Darch, Republican, and Dustin, Democrat. Woman's suffrage is ahead. The single tax was defeated.

San Francisco, Nov. 10.—California has elected a Republican governor and probably the entire state ticket by pluralities estimated at from 5,000 to 20,000. Complete returns will not be in for 24 hours at best, but the election of Henry T. Gage, Republican, over James G. Maguire, Democrat, is conceded.

The Republicans will have a large majority in the legislature, which will next winter, elect a United States senator to succeed Stephen M. White, Democrat.

The fight for the mayoralty of San Francisco has been eagerly contested, and the result is yet uncertain. The indications are, however, that James D. Phelan, the present mayor, will be re-elected by a small majority.

Colorado.

Denver, Nov. 10.—The entire fusion state ticket is elected by about 60,000. The fusionists have an overwhelming majority in the legislature.

New York.

New York, Nov. 10.—Revised returns make practically no change in those of last night, which showed the election of Roosevelt by a plurality of 18,000 to 20,000. As compared with the election of 1896, this shows a Republican loss of from 190,000 to 195,000. The state's congressional delegation will probably stand 15 Republicans to 19 Democrats, a Democratic gain of 12.

The legislature will be Republican on joint ballot by 32 votes, insuring the election of a Republican to succeed Senator Murphy.

Nebraska.

Lincoln, Neb., Nov. 10.—Belated precinct returns today continue to indicate that Nebraska has turned a political somersault and landed in the Republican column. Three hundred and seventeen precincts outside of Lincoln and Omaha give Hayward, Republican, governor, 28,494; Poynter, Fusionist, 26,363, a net Republican gain of 4,787. The first and second congressional districts are Republican, the third and sixth fusion, and the fourth and fifth in doubt.

Chicago, Nov. 10.—Late returns reduce the Republican plurality on the state ticket to between 30,000 and 35,000. In the county the Republican lead is likely to be less than 5,000.

Utah.

Salt Lake, Nov. 10.—The Democrats elected Roberts to congress and carried the legislature, which will elect a Republican state senator.

For Forming Unlawful Pool.

Cincinnati, Nov. 10.—The grand jury of Kenton county, Kentucky, sitting in Covington, today returned indictments against 53 of the leading fire insurance companies of the United States, Canada and England. The indictments charge that the companies have formed an unlawful pool to prevent free competition among all insurance companies and their agents doing business in Covington, and thus extort a greater premium than otherwise would have to be paid.

TESLA'S NEW INVENTION.

Will Control Moving Vessels Without Wires Communication.

New York, Nov. 10.—Nikola Tesla, the electrician, in a newspaper interview, describes an application of electricity whereby, without the interposition of any artificial medium of communication, one man can control an object, with absolute exactitude, the movements of any type of vessel, balloon or land vehicle, at any distance that may be desired. From a station on shore, or from the deck of a vessel under way, a torpedo-boat equipped with Mr. Tesla's controlling device may be propelled either on or below the surface, maneuvered at will in any direction, and finally brought into contact and explode against the side of a hostile vessel at any point within range of vision of the operator. More than this, assuming that it were possible to accurately locate the position of the vessel which it is desired to destroy the torpedo-boat could be directed to it even if the ship lay in the harbor of Southampton and the operator was stationed at Sandy Hook.

Mr. Tesla said that some months had elapsed since he had fully developed his device, for which he has applied for a patent. When it was learned that Admiral Cervera was bottled up at Santiago, it was his intention to apply his mechanism to several launches and similar craft loaded with high explosives and annihilate the fleet at anchor. Admiral Cervera, however, came out and met his fate under the guns of the American fleet before the necessary arrangements could be made.

Then Mr. Tesla planned a raid on the Spanish vessels in Havana harbor, only to be thwarted by the proclamation of the suspension of hostilities.
