Sousa, the prince of concert band conductors and monarch of march composers, will appear in Portland at the O. N. G. Armory Monday and Tuesday, March 20 and 21 for a single concert with his great band. The news of his coming is as well-filling the promise of his early career. He is nearing the height of his fame, and he promises rich results in the coming years, in the domain of composition. As for his band, whether it can be made a finer organization than it now is, is a question the future must solve. But it is difficult to conceive how this superb collection of instrumentalists can be greater. Criticism is silenced when Sousa and his men thrill the senses and the only question, is the degree of praise to be bestowed. The sway of Sousa over his audiences is something that it is a pleasure to study. There is a magnetism in him and in the manner in which he controls the band that puts the great audiences in thorough sympathy. It seems as if he always gives just the thing that his audience is in the mood for. It seems the delight he gives people is rather more unrestrained and unaffected than one ordinarily notes in audiences. Sousa and his hearers are thoroughly en rapport. The popular pieces that are easily hummed and whistled do not carry off all the honors. But the finer music, the selections from the masters, seem at times to appeal to the uncultured ear with a force which that ear might not be supposed to appreciate. There is evident, in the quality of the reception of better music, an education of taste that is gratifying. The soloists are Miss Reese Davies, soprano, and Miss Dorothy Hoyle, violinist.

TAXES ARE NOW BEING COLLECTED.

Sheriff Bradford Will Close The Tax Roll

THE FIRST MONDAY IN APRIL.

Does not feel like Paying for Extra Work out of his own Pocket.

The sheriff commenced the collection of taxes Monday morning, and states that he will promptly close the tax roll and turn over the delinquent list to the clerk the first Monday in April, in compliance with the statute. Heretofore the roll has been kept open for several months after that date, even when the sheriff had an ample force to collect and receipt for all taxes coming into the office daily. His reason for closing the roll is to take the business of his office under way so he can handle it without hiring extra help at his own expense. Last year the extra help amounted to about \$300, and as his bill for relief is still hung up in the commissioners' court, Sheriff Bradford thinks the easiest way out of the dilemma is to take the one deputy allowed by statute and follow the law relative to delinquency. No considerable part of the taxes can be collected in the time prior to delinquency, and unless the sheriff changes his mind, the delinquent roll will be very large.
