The German government has been informed by Great Britain that the

The loss to the Bunker Hill & Sullivan Company is estimated from \$250,000 to \$300,000. In a few minutes the strikers went

During the fusiliade from the guns of the mob, Jim Chavne, a Bunker Hill & Sullivan millman, was severely shot through the hips. It is reported that he was carried off by the strikers, and his wound is probably fatal. J. J. GREAT RUSSIAN FAMINE.

Harrowing Stories From the Provinc of Kazan. London, April May 2.-Letters from the lamine provinces of Russia tell a harrowing tale of distress. In the province of Kazan, the center of the famine district, the Red Cross Society alone is feeding 132,000 people. The relief delegate in the province of

Ufa reports that peasants ran after him and begged for food on their knees in the snow. The St. Petersburg Skyya Viemomosti, in a vivid description of the misery and disease prevalent in Kazan, says: "Crime, mortality and the murder of

still-born infants have increased, and now scurvy and typhus are devouring the population like a conflagration fanned by the wind; but this is a case not of houses and barns, but of human lives being destroyed."

The Conference at Mauila. Manila, May 2 .- The conference tolay between General Otis and Colonel

HEAVY DEFICIT LAST MONTH.

Expenditures More and Revenue Lear Than Preceding One.

New York, May 3 .- A special to the Herald from Washington says: Treasury receipts for April fell \$15,400,000 below those for March, while the expenditures were \$22,800,000 more than those for the month previous.

This great difference does not, how ever, indicate either a large falling off in the ordinary seceipts or a large increase in the ordinary expenditures.

The receipts for March were increased by the payment to the government of nearly \$12,000,000, on account of Pacific railway settlement, while the expenditures for April were increased by the drawing of the warrants for the payment of \$20,000,000,000 to Spain. Leaving out of account these two items, the receipts for March were only about \$3,000,000 larger than those for April, and the expenditures for the latter month were less than \$3,000,000 greater than those for March. Notwithstanding that the interest payments for April were \$41,611,587, and the expenditures, including the payment to Spain, were \$65,854,000, showing a deficit for the month of \$24,207. 099, and from miscellaneous sources \$1.758.541. The deficit for the fiscal year to date

mounts to \$109,300,288; but the probabilities are that the deficit for the entire year will not be in excess of the estimate of \$112,000,000, made by Secretary Gage in his annual report.

> Troops Are Wanted. Spokane, May 3 .- The special corre-

spondent of the Spokesman-Review at Wardner telegraphs that, pending the arrival of troops, the town is in a state of strained suspense. What heightens the anxiety is the general doubt as to when the troops will arrive. In the absence of troops it would be folly to attempt the resumption of work at the Bunker Hill under nonunion control. Any attempt to do so would assuredly result in a revival of the riots of 1892. Outbreaks like that of Saturday could be repeated as often and as violently as

the strikers might desire.

Transvaal Gold Production. Pretoria, May 3 .- In the course of
