REBELS ON THE RUN

Americans Whip Them Out of Cavite Province.

PARANAQUE AND LAS PINAS FALL

Hardest Day's Work Yet Done by Otle' Mon-Filipinos Again Escape Capture.

Manila, June 13 .- The Filipino ocrepation of the province of Cavite has been broken, and, as the result of the present movement, the Americans now control the important coast towns of Paranaque and Las Pinas, while a long line of insurgent trenches facing our south lines has been cleared.

The insurgents have again proved their ability as dodgers. Between 3,000 and 4,000 warriors who seemed destined to be captured, have disappeared, the majority sliding away under cover of the night after fighting the Americans all day. Some others came to meet our troops with protestations of frienship.

The Thirteenth Infantry lost one man killed and six wounded; the Ninth in-fantry one man killed and five wounded; the Fourteenth infantry three wounded and the First Colorado volunteer regiment 11 wounded.

Yesterday's work was the hardest our army has seen. The battlefield stretched out across the entire isthmus from Laguna de Bay to the harbor. While the troops were advancing, the army gunboat Napidan, in the river near Taguig, shelled the enemy, killing several of them. The monitor Monadnock and the gunboat Helena shelled Paranaque and Las Pinas all day with the full power of their batteries.

The rebel sharpshooters kept in hiding until the American lines had passed, and then attempted to pot stragglers from the trees. Thanks to their poor marksmanship, this was without result. The whole country proved to be a succession of small hills. with boggy ground between the high. thick grass and bushes in the hollows, which greatly added to the difficulty of the advance, but gave shelter that saved many from the enemy's bullets. Our men threw away their blankets, coats and even haversacks, stripping to the waist and trusting to luck for food. Water could not be obtained, and there was much discomfort after the canteens were emptied.

White Flage Flying.

At 6 A. M. today, General Wheaton advanced upon Laz Pinas with a troop of cavalry, the Twenty-first infantry, the Colorado regiment, part of the Ninth infantry, and two mountain guns, crossing two streams and entering the town without firing a shot.

He then advanced upon Paranaque. No houses were destroyed, though many were torn by the shells from the warships. Everywhere the Americans found white flags flying.

So far as can be ascertained, the Filipions' loss is about 50 killed, about 350 wounded, and 20 taken prisoners. The whole country is networked with trenches and the enemy scurried from shelter to shelter.

Today long trains of commissary ragons are carrying provisions to the United States troops along the road which only yesterday was the stronghold of the enemy, and the natives who yesterday were probably carrying guns are today doffing their bats and groveling before the Americans with effusive greetings of welcome.

Two Wisconsin Towns De-

stroyed by a Cyclone.

New Richmond and Boardman the Ill. Valed Places-Relief Being Harried to the Scene.

Minneapolis, June 14 .- A special to the Tribune from Stillwater, Minn., says: This was a terrible night for water fetes given in their honor by the New Richmond, the village being almost wiped out of existence by one of the most severe cyclones that ever visited that locality. It carried ruin and death in its path, and at this hour it is impossible to give even a partial list of those seriously injured. It is

thought many are dead. The news of the disaster was brought here by J. A. Carroll, a traveing man from Portage, Wis., who was staying at the Nicollte house, in New Richmond, when the cyclone struck. He saw the funnel-shaped cloud as it came up the principal street, and took refuge in the basement of the hotel, which was completely wrecked, together with

every other business house in the city. In the terrible sheets of rain following the cyclone, Mr. Carroll and his comrades succeeded in recovering the proprietor, Charles McKennon, wife and one child from the debrie, and they also removed the laundry girl, and \$6,375 on shore. Rear-Admiral They also removed two men named who was probably fatally injured. Schley is in this list, but only receives Barrett and Newall, who were very severely injured. Mr. Carroll drove to Stillwater by team for relief, and the train, with doctors, will leave here

Mr. Carroll further says that fire followed the cyclone, and what was left is being consumed by fire. Many people are doubtless killed, and the damage will run into hundreds of thousands of dollars.

Nebraska, Destroyed With Great Loss of Life.

Omaha, June 15 .- A special to the Bee from Blair, Neb., says: At 6:15 tonight the town of Herman, 11 miles north of here, was practically wiped off the map. The storm had been gathering for some hours, and people HUNDREDS OF PEOPLE KILLED in Blair and the surrounding country had noticed two huge funnel-shaped clouds converging toward that point. At Herman, people scurried in all di-rections and sought the shelter of the new cyclone cellars, and instantly the town was a seething mass of debria. After the violent burst of wind, a tor-

tent of rain fell. Train No. 2, the flyer on the Chirago, St. Paul, Minneapolis & Omaha, due in Herman at 7:03 P. M., pulled in 17 minutes late and discovered that the entire town had been destroyed. The train crew, as well as many of the passengers, turned themselves into a relief corps and the train into an emergency hospital. The train, unable to proceed through the wreckage of the grain elevator blown across the tracks, returned to Blair with some 88 per sons, this number including one of the dead and all of the wounded found up to that time.

Manila, June 16 .- Before dark last

night the Fourteenth infantry swam the Zapote river, charged and carried the trenches, a heavy fusilade of artillery preparing the way and covering the crossing. The insurgents broke for the woods before the Fourteenth reached them. Almost at the same time the Ninth and Twelfth crossed a bar of the sea and came upon their left flank at a
