

WHEAT SITUATION IN A NUTSHELL

Opening Prices are not very Strong.

MANY GRADES ON THE MARKET

Difficult to Give the Public Accurate Quotations.

Grades for the coming season have not yet been established, and the wheat market continues to drift aimlessly, with prices governed entirely by the individual necessities of the buyers. There is such a wide variation of samples that prices cover a wider range than has existed for many years. This condition of affairs makes accurate quotations very difficult to secure. Walla Walla wheat of pretty fair quality has sold within the past few days at 58 cents. Other lots have brot 59 and 60 cents per bushel, and for valley as high as 61 cents has been paid. These figures, of course, would place an exporter at a disadvantage, if he was obliged to meet them, but unfortunately for them, the near-by tonnage has been mostly provided for, and some heroic "switching" is diverting more of it to San Francisco, where ships are very much in demand and wheat is plentiful. What the final outcome of this unusual situation will be is uncertain, but from present appearances it is in a fair way to result in very high freights later on, as very little tonnage is being added to the enroute list, which is already about 20,000 tons smaller than on a corresponding period last year. As it is impossible to buy wheat on the basis of present freight rates and the prices abroad, it will be seen that there must be a vast improvement in the foreign markets to enable much business at an advance over rates now asked for tonnage. The situation throughout the east shows but little change since last week—Oregonian, Hillsboro quotes 53 cents, top, today, with but little No. 1 coming in. The most received grades at about fifty cents.

The Wood's hop yard finished picking yesterday morning and the Bagley yard will wind up tonight or in the morning.

E. D. Thorne and Miles E. Everett were up to Mountaineale, yesterday and caught 210 trout—minus the last figure to the right.

John R. Bailey was down from Buxton yesterday evening, and says that improvement goes steadily forward up his way. This is his first trip to Hillsboro since last spring.

Joseph Kileman, senior and junior, returned yesterday from a two months' trip to the mining districts east of the mountains. They look well, and will remain with us awhile.

Wilfred Hanley, John Milne, Frank Gordon and B. G. Wills, of the Plains, and Claud Greener and Forest Bridges, of Hillsboro, started for Corvallis Monday morning, to start the fall term at the Agricultural College.

Prof. Case states that he is preparing to start school Monday, altho' the attendance will be reduced at first, on account of hop picking. Mr. Case feels very proud of the school, as nine of his pupils have received teachers certificates, and reached a splendid standing of averages. There will be nine months of school this year.

Kodol Dyspepsia Cure is a scientific compound having the endorsement of eminent physicians and the medical press. It "digests what you eat" and positively cures dyspepsia. M. A. Ketrin, Bloomingdale, Tenn., says it cured him of indigestion of ten years' standing. The Delta Drug Store.

The value of advertising goes without saying. Mrs. W. A. Finney's little boy, Willie, recently found a \$5 gold piece and an "ad" was placed in THE ARGUS. It had been lost by Mrs. Deichman, and it was easily identified as it was of date, 1838, and highly valued by the owner as a keepsake, and for its antiquity. Master Willie was rewarded by a coin, the ARGUS "ad" was paid for, and the old adage of "honesty is the best policy" still stands.

One thousand bargains, all for you—at R. E. Bryan & Son's closing out sale!

Had Norris and Stephenson hit Northrup with the club they had saved up for him, they would more than likely have made their escape. It is about 18 inches long, and was whittled out of a 2x4, with a good hand hold. John Tom McManara found the club in one of the beds and took it out side a day or so before the attempted jail break. The missile is sufficiently heavy to break bones, and a crack on the head would make a man see stars for a month.

Benefit to farmers: For over a year Schulmerich & Son have bought plows, harrows and wagons direct from the factory, and have been able to sell a better article for less money than has been sold heretofore. They keep the old reliable Buford Clipper, Rock Island plows and Fish Bros. wagons of Clinton, Iowa.

It is reported that Forest Grove buyers turned away some four thousand bushels of grain which had been threshed before it had thoroughly dried. At this place, the worst quality yet taken to the warehouse grades only three cents per bushel below the market price for No. 1.

The Grange Store, Main Street, will sell you Oliver steel and chilled plows at the same old prices. No need to pay trust prices for plows. Call and examine them. Competition defied.

Rev. R. A. Atkins and R. H. Greer left Tuesday for the M. E. conference which is now in session at Salem. This conference will provide the usual designation of pastors and there is a strong effort being made to have Pastor Atkins retained at Hillsboro another year.

For stoves, ranges and heaters, airtights, go to the Grange Store, on Main Street. Full line of groceries and hardware.

Leander Nordyke, aged about 18, has been arrested on a charge of stealing a cayuse from Elmer Henshaw, the larceny occurring up at Goldendale, Wash. The Nordykes once lived at Hillsboro, and Henshaw is a relative to the Sewells.

Messrs. William Siegrist and Dorr Waggoner departed Friday evening for Vancouver, Washington, where the former will take a position in a bank and the latter will work in a dry goods store—no, they just stayed over Sunday.

F. P. MORGAN & CO. SUED DENNIS DULLEA

For a Commission Alleged To Be Due.

ON A TRANSFER OF REAL ESTATE.

Jury in Humphrey's Court found for the Defendant.

Some time since, Dennis Dullea, for some months a resident of Hillsboro, sold his Reedville farm to Philip Hursh for a consideration of \$3,750. Mr. Dullea paid F. M. Heidle for procuring the purchaser, and supposed the deal was over. F. P. Morgan, who also had the land for sale, asked for a commission, but Mr. Dullea told him he had taken it out of the agent's hands by dropping him a note to that effect. Morgan claimed he had received no notice, and that he had a buyer, and brought suit for \$250 commission.

Attorney Gregory prosecuted and T. H. and E. B. Tongue defended. The jury brought in a verdict for Mr. Dullea, finding that no commission was due. One of the incidents of the argument was a passing of the word "liar," both Morgan and Tongue exchanging the compliment. Mr. Morgan closed the pleasantries by hurling Hill's Annotated Code, or some other law book, at Tongue's head, slightly bruising his forehead and knocking off his glasses. H. F. Bagley interposed and the matter went no further, no arrest following.

H. Wehrung & Sons' stock of boots and shoes cannot be duplicated in any store in Washington county. Call in and get prices. We have a few more odds and ends that we are selling at 4 the first cost.

License to wed has been granted Harold J. Hansen and Miss Georgia McPherson. They will reside at or near Dilley.

Our stock of clothing is complete and they fit both in price and cuts. No trouble to show goods. H. Wehrung & Sons.

D. M. Dunbar, the Dilley orator and statesman, and an all round good fellow, is just convalescing from a severe illness. So says Dr. Ward.

Frank G. Mitchell, now at Atlin, writes that he will start for Hillsboro about October 1. He will come out of the mines, wind up his affairs at Skagway and then come on the first boat. Frank has a host of friends here who will give him a royal welcome.

Everette Crocker, of Hillsboro, went to Portland Tuesday, on his wheel, and in going down the Canyon hill, undertook to beat E. L. McCormick's record on the same track. Everette succeeded in beating Me's time over like ground, about two seconds on each mile, but not being a good jockey, he didn't hang to his steed as well as Mr. (who is a bicycle dealer and understands the nature of the beast) and he fell by the wayside. Net result: wheel suffering from nervous prostration; four dollars damage; a walk home; severe bruises and a face that looks like the color work on an Italian sunset. Everette says he is going to try it over again.

Pacific University and Tualatin Academy commenced its fall term yesterday with a large registry, and the number of students, when all are entered, will exceed that of any previous year. Those attending from Hillsboro are: The Misses Stella Boscoe, Lottie Peters, Eva Catching and Alice Merrymann; Messrs Wm. G. Hale, J. E. Vrooman, W. G. Hale, Fred Everson, Frank Peters, Thos. H. Tongue Jr., Chas. W. Purdin (Co. H, Second Oregon,) Thomas Hood, Francis Hanley, James A. Sewell.

Della, the twelve year old daughter of E. K. Scovell, of the Nehalem, in Tillamook county, was missed from her home about two weeks ago. Search was made and the body was found Tuesday, in the North Fork. A large stone had been tied around her neck. The coroner has gone to the scene of the tragedy. It is thought the child was murdered after a foul crime had been perpetrated.

Talk about rushing things—the way threshing engines are cavorting around the country at all hours of the night is a caution. They are taken through Hillsboro at all hours and their "shuffling" is only excelled by the profanity esping when they break in a crossing. It would be a good idea to have threshers engage religious engineers—or else the crosswalks must be built a trifle stronger.

Hop buyers are said to have offered growers in this section, 8 cents, and the stories that the product was starting off at 15 cents is not true. The Amity man who said he was offered 15 cents probably had been drinking something stronger. No one appears to want to let the product go at 8 cents, and it is more than likely that a raise will soon be quoted.

For the neatest shave or hair cut to be had in Washington county, go to E. E. Colestock's Shaving Parlors, Main street, Hillsboro, Ore. Finely equipped bath room connected. Popular prices.

The M. E. Conference at Salem has preferred charges against Rev. C. E. Cline, formerly of Hillsboro, and he will be tried accordingly. That is nothing! THE ARGUS preferred a charge of subscription against him several years ago, but that is all the good it did.

HARVESTING AND HOP PICKING

Still Continue, And Good Weather Prevails.

TEN DAYS MORE AND ALL SAVED.

Threshers Running Day and Night. Rushing Things.

Harvest this year has been badly bunched and we have had harvesting, threshing and hop-picking all in one season. Threshing crews are working almost day and night, and many machines run until ten o'clock in the evening. Very little of the grain is now in the shock, as stacking was indulged in by those who have not threshed. Grain has generally been a good crop, and the rains did no material damage. Within a few days the hop crops will be harvested and then fall plowing will begin.

H. Wehrung & Sons have just received a new line of Percules, linen, crash and corded Pique for ladies' skirts and waists, and a full line of laces and ribbon. Their stock of dress trimmings is complete.

John C. Buchanan and Wm. Bennet, of Cornelius, were taken before Justice Dahlstrom the first of the week, charged with having killed game birds out of season. The Forest Grove Justice bound them over in the sum of \$100, the trials to occur Monday next. Mr. Buchanan had already been before a Hillsboro Justice in answer to a complaint on the same charge, informed of by himself, and paid his fine, so when this comes to light, the case at the Grove will very likely be dismissed.

The County Clerk has entered of record a confession of judgment signed by Austin Craig and in favor of A. Hinman, the mayor of Forest Grove, and against whom the Hatchet has been charging dereliction of duty as a public official. The debt was for rent and money borrowed and suit would have been commenced had confession not been made.
