

HOW THE MACHETE WROTE UP THE RACE

Just As Thou H It Had Been
At Sa'em.

JUDGES DECLARED THE RACE OFF

Shamrock Had A Badly Injured Hock.
Trouble With Bolts.

This is the way the Buxton (Ore) Machete horse reporter dishes up the Columbia-Shamrock yacht race:

"The two racers were brought out in front of the grand stand at exactly 9:15. The judges' bell tapped five minutes later and the contestants came down to the wire with the Shamrock a nose ahead. The Columbia's driver put up her fans and she soon forged ahead and took the pole. At the half mile post the Columbia broke, and before she could be pulled down, the Shamrock had gained an eighth on her. At this point the Shamrock became uncontrollable and turned on the track to go back and see what was the matter with the Columbia. The driver protested in vain, but the bits were in her teeth and back she went. This disgusted the judges and they went out and took a drink, declaring the race off. This angered the owner of Shamrock and he declared he would have the decision or withdraw his entry. The judge replied that he didn't care if his name is Tom Lippy, he can't run this fair ground." All pools were declared off and the judges say that if the next race isn't run on the square they will pull down the drivers and put up new ones. The Machete comments this American idea of procedure in a word: contempt.

P. S.—It is now reported that the Shamrock has a badly injured hock, the result of turning her foot on a cable stone. The Columbia is a trifle over-trained and her attack with the bolts is somewhat cutting her ambition.

A CARD.

We wish to thank the people of Washington county for their appreciation of our closing out sale, and to assure them that although we have done a big business during the past month, our stock is not yet badly broken and close buyers will continue to patronize us. Our competitors can not meet us, for we are going out of business and it will cost us several thousand dollars to do so. This discount from our cost goes to our customers in reduced prices, which will continue until our store is empty.

For the benefit of our patrons we have received a fresh line of eastern staples which we will continue to sell at cost.

Very Respectfully,
R. E. BRYAN & SON.

COMIC OPERA.

Theater Goers Will Have A Treat Next
Monday Evening

Amusement seekers of Hillsboro did not labor under the impression that they would ever have the opportunity to witness comic opera in Hillsboro, but such is the case, however. Mr. Wehrung has personally guaranteed them a large guarantee, and has already subscribed about \$125 from the citizens. The company will appear here one night only, next Monday, October 16th, and present the comic opera "Mascoet." The company is a large one and comprises thirty people and has seventy-one trunks of special wardrobe and scenery. The event will certainly be a most welcome affair, and Manager Wehrung's efforts should be appreciated in bringing in such a large company. The company is on their way to Seattle and has this one open date. It will appear here on Monday, October 16th. The engagement is attracting much attention, and the house no doubt will be packed. Prices, \$1.00 for reserved seats; back seats, 50 cents.

NEW HARNESS SHOP.

W. L. Davis has opened a harness shop in the building just east of the Redmond & Sappington livery barn. He will keep a full line of harness, leather findings and all articles found in a well equipped harness shop. Repairing neatly and substantially done, and at prices which will catch trade. Mr. Davis is familiar with the Hillsboro public and will meet with success.

Mistletoe Wanted.

Mistletoe wanted in large shipments. Also Xmas holly. Write at once, with stamp, and be sure of answer. Address Fred Rosenstock, Manager Sellwood s.t., Portland, Oregon.

Nearly all the threshers in the county laid up, there remaining but an occasional setting, here and there, besides the late sown oats on a sward. The production this year is probably up to the standard of former years.

Crocker-Bowman.

A quiet little wedding took place at the residence of Mr. H. S. Allen, 527 J. H. street, Tuesday evening, October 3, the Rev. J. F. Gilmory officiating. The contracting parties being Mr. C. L. Crocker, of Washington county, and Miss Nellie Bowman, of Morrow county, this state. Mr. and Mrs. Crocker will remain in the city for a few days, visiting relatives and places of interest, after which they will take up their residence in Washington county—Oregonian.

Mr. Crocker and Miss Bowman had arranged for the day of the marriage, several months ago. The threshers, of course, knew nothing of this, and notified Charles that they would be with him on the 3rd. The wedding occurred in the morning and the groom came out to his farm at once and proceeded to have his crop harvested. Saturday evening twenty five or thirty went down from this city and gave the happy pair a reception. Mr. Crocker is one of our best known citizens, having resided here since 1864. He is industrious, popular, and at one time ran for county clerk on the democratic ticket.

Drying Damp Wheat.

Forest Grove, Or., Oct. 11.—The Washington county mill has just finished a drier capable of drying 1200 bushels of wheat in 24 hours. It was operated yesterday for the first time, and in every way it is a success. Manager Caples says half the wheat brought to the mill this season was refused. He says 80 per cent of the wheat in this section is injured by dampness, but may be restored by drying.—Oregonian.

Kenyon Crandall was out from Portland, Saturday, on business at the county seat. Kenyon is a '52 pioneer and always gets a welcome from the old, as well as the young.

The Society event—Mascoet, at Opera House, Monday, Oct. 16! Something away above the ordinary.

There is a pretty good story told on two young men who were with a threshing outfit somewhere in Washington county, this season. After finishing at one place, the proprietress paid the transient hands, and besides, thinking it proper, paid the two young fellows who were paid daily by the machine man. The boys made no objection and took the money, having a great deal of sport over the deal. The woman in a few days found out the facts, and went to the boys for a return of the money. They laughingly declined, and the woman started to Hillsboro, a little town laying south of the scene, to "get the law on the boys." After she had started, the boys became alarmed and caught her before reaching town, one taking a bicycle, the other a horse. They turned the money over and the joke is now on them.

Remember, our motto is: "16 oz to the lb, 35 inches to the yard, and one hundred cents to the \$1.00 to each man, woman and child who deals with H. Wehrung & Sons. All goods guaranteed or your money refunded.

N. Job, whose place is just west of the Long Bridge, dug a hill of fine large potatoes the other day, the weight of which was 11 pounds and 10 ounces! They were all clean potatoes, and of the Burbank variety. Who can beat it? This would give a yield of over 700 bushels to the acre, at ordinary planting distances.

The Ladies of the Christian church will serve a Thanksgiving dinner. Remember this.

Our stock of boots and shoes, rubber goods and mackintoshes for men, women and children is complete and at prices that can not be beaten in Washington county. All we ask is that you call in and examine our stock and get prices. No trouble to show goods. H. Wehrung & Sons.

The Grange Store is selling more cook stoves, ranges and heaters than any other hardware house in Washington county. This is because they advertise themselves within themselves, as of the very best manufacture.

The Yamhill Christian Endeavorers will hold a county convention, November 3, 4 and 5, inclusive. They have a splendid program and invite all of the Washington county Endeavorers to be with them. This is the second district convention and as this county is in this district, many will attend.

Joseph Stockford, Hodgdon, Me., healed a sore running for seventeen years and cured his piles of long standing by using DeWitt's Witch Hazel Salve. It cures all skin diseases. The Delta Drug Store.

County Clerk Imbrie states that the Salzgeber hay yard on the Robert Imbrie ranch, produced 60,000 of the finished article, after being baled. This is from ten to fifteen thousand more than the original estimate. This is probably the biggest individual yard production in Washington county.

Apply to H. T. Bagley, Agent for the Great Northern Railway, for information and rates to all points east. Hillsboro, Oregon.

Among the choicest lots of hops in the county and state are those grown by Jas. H. S. well, Wm. Bagley and Zina Wood, of Hillsboro, Salsbuer and Buchanan, of Cornelius, Porter, at Forest Grove, and Moore, at Greenville. In fact, all the hops grown in the county this year are A1, and growers are "next" that the Washington county crop is "par excellence."

Our fall and winter dress good and outing hannels will arrive next week. Customers please take notice. H. Wehrung & Sons.

You can save money by taking your cans or kegs to Greer's and have them filled with syrup or molasses.
