CAROLINE E. BURT HAS PASSED AWAY

Was a California Pioneer of 1851.

BORN IN BATESVILLE, ARKANSAS.

An Interesting Life's history. Husband killed in 1863.

Mrs. Caroline E. Burt, of this city, died at her home on Main street at 10:45 Tuesday evening, from heart failure. Deceased was born in Batesville, Arkansas, Oct. 15, 1831, and Aug. 10, 1847, was wedded to Lloyd Magruder, of her native town. In 1850 they went to California, going from San Francisco to Lewiston in 1862. Magruder was a man of means and embarked in the mercantile and packing business through at the intermountain states. He had big stores located at various mining centres and packed supplies and treasure in and out via Portland. In October, 1863, while returning from one of his expeditions, while in the Bitter Root mountains, four of his helpers, and they were men in whom he had every confidence, murdered their employer and robbed him of many thousands of dollars, only \$8,000 of which was ultimately recovered.

Hill Beachey, Magruder's friend, rode night and day to get to a telegraph station, where he wired to San Francisco to arrest and detain Howard, Roumaine, Lowry and Page, the murderers. The four men were returned to Lewiston, where they were tried. Page turned state's evidence and the other three were executed by hanging. Page was shortly afterward killed in a saloon brawl. The four criminals, to avoid trouble, had killed five others of the Magruder party, and only Page's testimony and the money taken, which was mostly just, procured the conviction.

After Magruder's death the wife removed to San Francisco, where, in November, 1868, she wedded Hiram Burt. In 1877 they moved to Hillsboro, where Mr. Burt died, in January, 1894.

Three children survive: John Magruder, now at Elgin, Ore.; J. P. Magruder, of Hillsboro, a pharmacist and late a private of Co. E, Second Oregon, while at Manila; Ida Magruder Clark, of San Francisco, and Roy Burt, (adopted) late private of Co. C, 1st California, sent to Manila.

The remains will be interred in the Masonic cemetery, Saturday at about ten in the morning.

The Congregational Re-union.

Reference to the exceedingly pleasant gathering at the Congregational church last Thursday night have been frequently heard. It was the Annual Re-union, an established feature in the life of this church. A large number of invited guests were present. Reports of the work of the past year, in various departments of the organization, constituted the major part of the proceedings, interspersed with music, vocal and instrumental, and ending with light refreshments. Unvarying prosperity and joyous success was the dominant note, from the opening address of the pastor, who characterized the work as the inauguration of intelligent Christianity to the report of the Juniors, announcing a balance in their treasury. It has been the most successful year the church ever had. With all bills promptly paid, the interior of the church building carpeted and re-papered, the parlor refitted, additions to the membership at every communion, harmony good will prevailing, and the balance on the right side of the ledger, the Pastor, who is now in the fifth year of his residence here, and the church face the new year with glad hearts and cheerful courage. May the coming year prove an improvement on even the last one.

Obed C. Thornburgh and wife, of Forest Grove, have been spending a week with their grandson, deputy recorder J. A. Thornburgh. This interesting couple will each be 88 years of age this coming spring, and they were married 70 years ago the 27th of December, 1899. They originally hail from Tennessee, one of the grandest old states in the union. Mr. Thornburgh, notwithstanding his age, is as sprightly as the ordinary man of 50, and his hand is steadier than that of the average man of 25—but he comes from Tennessee and that's the why and wherefore.

Complaint is made that horsemen frequently travel their animals over the county bicycle paths. In lieu of the condition of the roads in muddy season, the temptation to use a dry, smooth path, is very strong, but there is a law against thus using the wheel paths. The Argus has taken this means of bringing the law to public notice that no horseman may innocently get into trouble. Protect yourselves by keeping your animals off the paths as you do not desire to take chance of an arrest.

Deputy Sheriff Deichman Tuesday sold the Hatch outfit—minus that which the "sound money" "Ossie" had gotten away with by reselling those little things which the Type Founders' Trust had sold him on open account. As the Trust had long since removed the presses etc., and as Craig claimed he made a living out of his library, the little "doodads" and "dullickers" in sight only summed up \$7.85. But national honor must be maintained at any cost.

The Times man facetiously remarks that Forest Grove ships two carloads of material to Hillsboro's one. Come now, Brother Eddy, don't be so funny. Forest Grove is a good town, and makes good big shipments. Its people are "the people." But facts are facts. Hillsboro has one man, who, alone, has shipped nearly two carloads to each one exported by Forest Grove. Forest Grove doesn't need anyone to bolster up its business like some people bolster up newspaper circulation. It is and should be, proud of the business it does, without exaggerated comparisons.
