

THE NOMINEES ON THE UNION TICKET

A Word or Two Regarding Their Candidacies.

A GOOD REPRESENTATIVE TICKET

Men of Reliability, Reputation and Capabilities.

The Argus believes it tells the truth when it says that the Union ticket is growing in strength every day. The great convention—the largest in numbers ever assembled in the county—nominated these men without one inharmonious vote. The ticket has gone before the people of Washington county with no primary steals to taint its membership. It is comprised of honorable and trustworthy men.

Joint Senator. Alex Sweek is the nominee for joint senator for this, Multnomah and Columbia counties. He is an old time Washington county boy, and is a man of ability. He has been honored in his own county, Multnomah, in the face of a big republican majority. He is the opponent of Benj. Cornelius, whom the people of this county retired two years ago.

Senator. W. H. Wehrung, the union nominee for senator, was born in this county. He is a successful business man of Hillsboro, and he has a wide and honorable acquaintance. Mr. Wehrung is the president of the State Board of Agriculture, and has done much to redeem that institution from the state of regard in which it had been sunk by politicians. He has given the board a business administration. Mr. Wehrung is capable and trustworthy.

For Representatives, Hubert Bernards, a prominent farmer and dairyman of North Forest Grove, and a man who is universally respected and esteemed; O. E. Edson, proprietor of the Dairy Mills, a man who is well-informed and a good business man; and Dr. A. W. Vincent, a practicing physician of Tualatin, are the union nominees for representatives. All of these candidates are fully capable and worthy of the honors of election.

For County Clerk, George A. Morgan, the nominee for county clerk, is well known in this county. He is a brother to James W. Morgan, who has been one of the most efficient men ever in the Clerk's office, either in the capacity of clerk or as deputy. Mr. Morgan, if elected, will make an official who will do his full duty to his constituents and the public.

For Sheriff, John W. Sewell, the union nominee for sheriff, is a native son of Oregon, and to know him is to give him your immediate regard. As a matter of fact Mr. Sewell probably has more friends and fewer enemies than any other one man in Washington county. For years and years he has resided on the North Plains, admired and respected by all who know him.

For Recorder, Ralph L. Wann, the popular young teacher now engaged in a term at Blooming, is the union nominee for recorder. He is worthy; he is capable; he is industrious. Here is a young man worthy of any man's vote.

For Treasurer, Thos. Talbot, the nominee for treasurer, is a Cornelius business man who is well known to the people of the county. He is capable of handling the business of the treasurer's office in a thorough and satisfactory manner. Mr. Talbot is a man of sound judgment, has excellent business qualifications, and will make a model official.

For Assessor, Mux Burgholzer, of Buxton, is the union nominee for assessor. He is a man of intellectual attainments and a thinker—not a mere scholar. He is a German by birth and he has every sympathy for the people who produce. Mr. Burgholzer is a farmer, and has whittled a home out of the timber. He is all citizen, and a vote for him can't be wrong.

For Commissioner, J. Ward, of Gaston, is the candidate for commissioner. Mr. Ward is a young man of industrious habits, good judgment, careful in his dealings and is eminently capable to look out for the best interests of the county as one of the board.

School Superintendent, J. T. Dorrien is one of the county's most successful teachers. He is well qualified to conduct to office for which he has been nominated. He was the unanimous choice of the unionists two years ago and each time that he has come before the people he has received his nomination by acclamation.

For Surveyor, Thos. S. Wilkes has the reputation of being, and is, one of the finest civil engineers who ever ran a line

in Washington county. His work has stood the tests of the highest courts—but everybody in the county knows Wilkes, and knows just what he can do.

For Coroner, Dr. W. P. Van, one of Forest Grove's leading physicians, is the union nominee for coroner. The people of Forest Grove say he is good enough for any office within the gift of the people of the county. The Argus believes them. We should have a coroner centrally located—should we not?

James C. Townsend, of Centerville, died at his home last Saturday evening after several months illness with consumption. For some time he had been carrying the mail from that point to Cornelius, but failing health drove him from the route. His wife and two children, his mother and two brothers, George and William survive him. Deceased was a native of North Carolina. Townsend was very cheerful during his illness and never once gave up hope of his recovery.

For each dollar in cash spent at H. Wehrung & Son you will receive a ticket entitling you to a drawing on a Wheeler & Wilson, drop head, 5 drawers, \$50 sewing machine; second prize, bicycle for boy or girl.

Mrs. Hadenia P. Gleason, one of the most prominent and respected citizens of this county, aged 54 years, wife of John Gleason, died at her home at Forest Grove, last Friday morning, after a lingering and painful illness. Mrs. Gleason spent her entire lifetime in Forest Grove. She was married at 22. When 23 years of age she united with the Congregational church and she continued a faithful and earnest Christian. She left a husband and three children, Myrtle, Lorena and Leonard. The funeral sermon was preached by Rev. M. D. Dunning, and interment was in the Congregational cemetery, Sunday.

Don't fail to get one of those K. N. & F. Co. suits while their stock is complete in all sizes. H. Wehrung & Sons. Also splendid line of overcoats. No trouble to fit you and no trouble to show you our lines.

Solomon Lovewell, of Tillamook, is in the city, and will hereafter make his home with Mr. and Mrs. Blazer, Mrs. Blazer being his daughter. Mr. Lovewell has been ranching in Tillamook for 17 or 18 years. He has sold out and will now try Hillsboro life for awhile. He is now over 50 years of age and will enjoy a rest.

F. M. Heidel makes a specialty of buying and selling timberlands. Office on Main Street opposite Tualatin Hotel, Hillsboro, Ore.

Hillsboro will in all probability soon have a Catholic church, as the sum has nearly all been subscribed. Citizens irrespective of religion have liberally responded and it looks as though building is, only a matter of time. Father Black, it is understood, has made an offer for the Baptist church, but it is understood that the Trustees think the tender was too small.

Frank Nachbaur, of Buxton, was in the city Sunday last on business with the county court. Mr. and Mrs. Nachbaur have adopted two motherless children and will give them a good home. The gentleman reports the Buxton creamery as doing very nicely and taking in about 1200 pounds of milk daily.

Bicycle repairing, turning, brazing, vulcanizing and bicycle sundries of all kinds, at O. G. Wilkes, Second Street, next door to Hotel Hillsboro.

M. J. Haines and Fred Langer, Jr., of Sherwood, have purchased the engine and thrasher formerly owned by Cornelius Hermens, and have taken the outfit to the south-east end of the county, where they will operate it this fall. The boys are rustling young fellows and will do well with their venture.

If you are contemplating the purchase of a bicycle, do not fail to see the 1900 Crescent and Cleveland wheel, at Hoyt's, the Jeweler.

The Hillsboro Reed & Cornet Band has ordered a complete outfit of uniforms and the boys will appear in their new suits about the tenth of June. The organization now consists of 18 pieces and the boys are getting to be "crack-a-jacks."

Remnant sale of shoes, new and old styles, cheap, at Schulmerich & Son.

W. W. Boscow departed from Seattle, where he arrived from Skaguay several days ago, and has taken passage for Nome. He changed his mind about coming to this place before going north, as he will come home to spend the winter if nothing happens.

Cigars at F. J. Barber's, 2nd St. That squib in the Hillsboro Argus operated for Simon, stating that the editor of this paper had offered a dollar for the theft of an Independent cartoon, is very ludicrous. All the cartoons that office ever had are not worth "30 cents."

Dr. Lowe, the optician, will be in Hillsboro soon. He has had fourteen years experience. Holds three diplomas and values his reputation. This will be his sixteenth trip to our city.

THE REGISTRATION FIGURES COMPLETED

South Hillsboro is the Banner Precinct.

TOTAL REGISTRATION IS 3,453.

Cornelius Precinct ranks next in Strength to South Hillsboro.

County Clerk Imbrie has completed the registration and carried forward the totals. It has been a big job for him and his deputy, J. W. Morgan, but now that the work is over they will have time to bring up the other work of the office. The total registry is 3,453, with South Hillsboro precinct in the lead with 261 voter and Cornelius a close second with 238. The table of the numerical strength of the various precincts is here submitted:

Table listing precincts and their respective voter counts: Beavertown (146), Buxton (181), Cornelius (238), Columbia (156), Dairy (227), Dilly (110), East Butte (135), East Cedar Creek (130), Gales Creek (143), Mountain (30), North Hillsboro (261), North Forest Grove (227), Reedville (150), South Hillsboro (261), South Forest Grove (200), South Tualatin (156), Wapato (175), Washington (186), West Butte (144), West Cedar Creek (172).

There will be perhaps fifty votes sworn in at the polls that are not registered. As there will be some who are registered who will not vote, it is safe to assume that the registration will probably be a fair index of the ballot which will be cast.

PRINEVILLE PLANT.

Last Saturday, Messrs. Gates & Forsythe having notified the city that they had finished their water works, a test was made of the throwing capacity of the fire hydrants. Four streams were thrown for over an hour and the city authorities were satisfied that the contractors had fully complied with that part. The council examined other points and found them up to the contract. The main difference was in reference to the time of the completion of the work. The city held that their time had expired several months ago and by that reason should stand the interest on the \$5000 for that time. After some consultation an agreement was reached whereby Messrs. Gates & Forsythe were paid \$4,800 instead of \$5000. The city is well equipped now for fighting fire and we think time will demonstrate the fact that we have a first-class water works. The company has more than complied with many provisions of their contracts and every one is to be congratulated that things have been settled.—Prineville Review, May 15.

A musical Hillsborite tells us of a pianist who recently passed an evening at the house of a Forest Grove young lady, and stayed late. As he rose to go the lady said: "Pray don't go yet, Mr. Jones; I want you to play something for me." "Oh, you must excuse me tonight; it is very late and I should disturb the neighbors." "Never mind the neighbors," answered the young lady, quickly; "they poisoned our dog yesterday."

The wind blew a perfect gale yesterday and fences were blown down in several parts of the county. A ramshackly building here and there was blown over and for a while it looked like there might be trouble all along the line. Some suggested that the breeze might have been the rear end of the vulgarity used by Candidate Stitt at Greenville, the other night.
