# FOREST GROVE AND HILLSBORO OFFICERS

## Have Been Recommended by Oregon Delegation.

### RUFUS WAGGENER IS APPOINTED

Prof. Atwell, of Pacific University, to Succeed Marsh.

Forest Grove and Hillsboro have at last been supplied with new postmasters and the suspense of the various applicants is ended. Prof. Atwell, who has for several years held a position at Pacific University, secures the Forest Grove office, while Rufus Waggener, of this city, will succeed Herman Schulmerich. In each case the nominees are capable and will make good officers. Mr. Waggener has been a resident of Hillsboro continuously for 18 years and has been the host of the Tualatin Hotel for many years. He is a member of the Grand Army and it is understood had their support for the appointment. He will take charge of the office about October 1. The fight for the Forest Grove office was warmly contested and Mr. Atwell's appointment came as surprise, it not being known that he was an aspirant for public honors of this kind. Mr. Atwell is highly recommended as an educator and will not, as postmaster, disappoint his friends in the discharge of his duties. Congressman Tongue has been happy in these selections, no matter how unhappy he may have been made by the strife at Forest Grove by the various candidates.

### LIEUT. BRYAN WEDS.

Quietly, and in the presence of relatives and a few intimate friends, Miss Maud Monk and Mr. Edgar J. Bryan were married at high noon Monday last, in the First Presbyterian church, Twelfth and Alder streets, Rev. Gilbert officiating. The bride was dressed in traveling costume, and after the ceremony, the newly wedded couple went to the home of the groom, where luncheon was served, and subsequently they went to Tacoma, when they will go to British Columbia. The bride is the daughter of Mrs. Annie Monk, of 215 Twelfth street, this city, and was graduated at Portland High School last June. Mr. Bryan is well-known in Portland, Hillsboro and Dallas. He is associated with his father in business at the last named place, and is a veteran of the Spanish war, having served as second lieutenant with the Second Oregon in the Philippines. Rev. Gilbert was selected to perform the ceremony because he, too, was with the Second Oregon in the Philippines as chaplain.—Sunday Oregonian.

The Teachers' annual institute for Washington county will be held in Hillsboro, August 27 to 31, inclusive. The instructors will be Prof. Grout, Park School, Portland, and Prof. Coffey, of University of Washington, Seattle. The public school building will be used and Superintendent of Schools Ball hopes to make this the most successful institute ever held in Washington county. All county teachers will be notified by the superintendent and it might be well for them to bear in mind that without a valid excuse for non-attendance, a teacher's certificate can be revoked.

Just received—a handsome line of Pulley Belt rings for the ladies; sterling silver, gold and silver plate and nickel. Call and see them at Hoyt's, the jeweller. Prices cheaper than Portland. These are the handsomest things in the market.

A young man who is studying for the ministry was in the city the other day, looking for work during his vacation. He said that he wanted to work around a newspaper office until his term again commenced. He is a young man who will make an excellent minister, without the shadow of a doubt. Any young man training for a ministerial course, and looking for a news office in which to spend his time during vacation has that peculiar respect for the eternal fitness of things which specially qualifies a man who desires to follow the footsteps of the lowly Nazarine.

Schulmerich & Son sell more implements than any other firm in this county. The reason of this is low prices and the best of quality. They are agents for Osborne and Deering harvesting machinery, Rock Island plows and harrows, Fish wagons. Get their prices before purchasing.

Mrs. Emma McEldowney had her examination on a charge of forgery before Judge Everitt Tuesday afternoon and the hearing resulted in her being held in the sum of $300 to appear at the next term of circuit court. The party whose name is alleged to have been forged was not present as a witness being absent from the state. Two experts, A. C. Shute, of the Shute & Foote Bank, and a Portland business man, were called and testified in behalf of the state and after hearing all the evidence it was thought best to hold the defendant.

Bargains in shoes for all wear at H. Wehrung & Sons. The best line in Washington county. Call and examine them. Prices which will fit your pocket book and footwear to fit your feet.

One William Herman, of Portland, and George Townsend, of Centerville, while playing a game of cards at Cornelius, Monday, became engaged in an altercation. Herman grabbed Townsend by the throat while the latter retaliated by drawing a huge pocket knife with which he cut his assailant on the cheek. Townsend was placed in custody and then released to appear Tuesday morning to answer a charge of assault. As Herman went to Portland, and did not appear, Townsend was released. This is warm weather for cards, anyway.

Lost: Sorrel gelding; white face; about 9 years old. Last seen at Fuegy's shop, Phillips. Five dollars reward upon return to E. Schieffelin, Centerville.

George Moreland had the luck to spill a big load of hay right in front of the Shute and Foote Bank Tuesday, just after he had driven off the Hare scales. The load was to have been delivered to the livery barn and was within twenty or thirty feet of its destination. That load of hay in front of a bank was strongly suggestive of "strawstack" money, to which so many retired politicians have strong objections.

We lead in low prices—others follow; we lead in best qualities at bottom figures: „Sixteen ounces to and thirtp-six inches to the yard," is our motto.—Wehrung & Sons.

Talk about your hayraising! But read this! D. Burkhalter, of Farmington, raised 135 huge loads of hay on 33 acres. With two teams and five men, the crop was hauled in three and one-half days. A Michigander who was visiting with Burkhalter, immediately wrote home to have his ranch sold that he might locate in Oregon.

Splendid and new styles of gentlemen's hats at H. Wehrung & Sons. Call and see them before you make a purchase. Prices which will make you smile—and buy.

Chas. Meeks, of Mountaindale, has secured a contract for cutting a large number of poles for an electric car road in California. The shipments will be made from Cornelius. They will be cut from cedar. The same company will have 13,000 poles cut in this state.

The Crescent is the popular wheel at a standard price and no better wheel at any price. Call on Hoyt, the Jeweler, and see them.

The first crop report for the year 1900 came in yesterday. Some farmer south of Cornelius threshed his wheat Monday or Tuesday and from 10 acres the yield, total, was 45 bushels. THE ARGUS is patiently waiting for further advices.

# BARN BURNED TUESDAY MORNING

## Edgar Young Sustains Severe Loss.

### LOST TWO OUT OF THREE HORSES

Must Have Been Set by Tramp Not Thought to be Incendiary.

Edgar Young, who resides just west of the Long bridge, between this city and Cornelius, lost his barn by fire early Tuesday morning. Shortly before six o'clock he was awakened by Mrs. Young, who told him she believed something was burning. Looking out of the window he discovered that the flames were already spreading very rapidly. He hastened to the building but the fire soon cleared it out. One horse, which was tied to the outside of the barn, was saved, while a team, which had been in the building over night, was so badly burned that they were killed. It is supposed that some tramp must have slept in the stable and carelessly dropped a match. The loss is a severe one for Mr. Young and he has the sympathy of his many friends. The barn was full of hay and oats. It is not thought that the fire was incendiary.

### JOHN M'PHERSON GATES.

John McPherson Gates, eldest son of Hon. and Mrs. H. V. Gates, died at Heppner, Ore., Thursday, July 19, 1900, and was buried at Corvallis the Saturday following.

Deceased was born at Dewitt, Ia., May 16, 1873, and has lived in Oregon 20 years. He was a member of the Portland High School class of '91 and was graduated from Stanford University with the famous class of '96. He was an exceptionally hard student and succeeded in accomplishing what few have done—finishing the four-year course at Stanford in three years. The close application and extra work that was necesary to do this was largely the cause of the complications that ended in his death. His many sterling qualities made him a general favorite wherever he was known. For several years he resided in this city, later on going to Reno, Nevada, for health. Failing in improvement, he returned here several weeks ago and as a last resort, thought to try Eastern Oregon where he breathed his last.

Some very nice samples of gold bearing quartz, supposed to have been found in the coast range between this place and Tillamook, have been exhibited in the city this week. There are several old prospects in these hills that some day will surprise the people.

It is now deemed doubtful whether or not the $2,000 insurance on the life of the late Harrison Humphreys, in the United Artisans, will be collected, owing to legislation by the last Grand body, denying payment in case of suicide, except the simple amount paid by the insured on assessments. The local lodge and its attorney will move every effort to collect, and THE ARGUS hopes they will be successful.

Millions of worms, about an inch in length, are taking the country in this section, stripping the potato plants, attacking the clover and otherwise making themselves a nuisance. After several loads of clover had been hauled to the city livery stable the "varmints" were crawling all over the premises. Just what the horses will do when they get them in their maws is hard to tell but they are supposed to be all clover after a clover diet for several weeks. Many of the gardens have been absolutely stripped by these pests. For want of a better name, they are called the "Army Worm" although they are said to not resemble the real army worm.

If you are contemplating the purchase of a bicycle, do not fail to see the 1900 Crescent and Cleveland wheel, at Hoyt's, the Jewerer.

Some time since the Oregonian told of a twin dahlia and considerable space was given the curiosity. Hillsboro now comes to the front with something more unique—as it always does. Mrs. S. S. Ritchie, of Main Street, recently discovered in her garden a "Triplet" dahlia, on one stem. Each flower was perfectly formed and each was of the same size and well proportioned. Twin dahlias are quite frequent but this is the first triplet ever heard of by florists in this section.

Mr. and Mrs. Thos. Humphreys are in this city this week, from Heppner, called here to attend the funeral of the late Harrison Humphreys.

This is the season when the warm weather and the flies cut down the dairy product and there was a scarcity of butter in town last week. As a result prices have somewhat stiffened—and that is more than can be said of the butter. Repeated calls for the product were denied at all the stores Saturday last.

That creep around our door—
They've eaten all the garden sass
And are crawling 'round for more.

This has been a very dull week for news and the public must overlook shortages.

Farmers are again notified and requested when they have good samples of grains, fruits or vegitables to notify W. H. Wehrung, of this city, who is president of the State Fair Board and he will see that they are gathered for the purpose of exhibit at the fair this fall. There is no reason why this county cannot carry off the first premium this fall, but it will take hard rustling to beat the efforts which are being put forth by other counties.

Remember the sale of personal property at the ranch of John H. Sewell, Saturday, June 28. Here will be a chance to buy some splendid stock and a chance to pick up many bargains.

We call attention to the advertisement of the State Normal School, at Monmouth, appearing in another column of this issue.
