

FARMERS, HELP THE COUNTY EXHIBIT

Washington County get the First Prize.

ATTRACTIVE EXHIBIT FOR THE FAIR

Mrs. Heidel and Jackson will devote much time to the work.

T. Jackson, of near Forest Grove, will assist F. M. Heidel in bringing up the Washington county exhibit for the State Fair this fall...

Pacific University has an advertisement in another column.

Mrs. C. E. Beckwith has returned from her trip to California.

Woodmen: Call on T. S. Weathered, Clerk, to pay assessments.

Bruce Campbell, who spent his childhood here, is in the city today.

J. A. Lumbie made a business trip to Cottage Grove the first of the week.

County Clerk Morgan has leased the Goodwin residence and will take possession next month.

Dr. E. W. Rossiter, who has his office at Forest Grove, has his card in another column, this week.

J. Q. Johnson, of Tacoma, familiarly known as "Farmer," was in the city today and says that deer are very plentiful up there—nit.

Mr. J. E. Kerr, who purchased the Kester Cider factory, has put in a new engine and reports he is now ready to make cider, grind chop etc. Give him a call.

W. G. Hare, Thos. Rood and Fred Everson departed yesterday for an outing on Wilson River. They expect to be absent a week or so.

Mrs. W. E. Brock returned to her home at Pendleton this morning, after enjoying a pleasant visit with relatives and friends in this city.—Last week's Heppner Times.

The Salvationists are now holding forth at Forest Grove, where it is said they are doing much good. But we always thought Forest Grove was a pious place—so this must be error.

County Treasurer Crandall has called all warrants endorsed prior to May 1, 1900 and the same will be payable, and interest cease after September 1. This sounds first rate, doesn't it? Treasurer Crandall also sent the back state tax, \$7,143.08, to Salem yesterday and that wipes out another old score.

Assessor Cavell has commenced work on the 1900 tax rolls and has about one third of the list copied. It will be, perhaps, two months before he gets them ready for the board of equalization. There will be no practical change over the valuations of last year. The rolls will foot more, however, as there have been several sections added through homestead proof.

The band boys will soon commence active practice in order to get in shape for their visit to Salem this fall. They are already in good practice but for a few weeks, during the summer heat, they have not had a full band in attendance at practice drill, so they will now start to get their lips in shape for "tooting." This reminds THE ARGUS office boy that there are no good girl bandmen—when they go to pucker up their lips to toot the blamed horns, they always think of getting kissed and it takes away their breath.

County Judge Rood today authorized Clerk Morgan to draw a warrant in the sum of \$500.00 in favor of Clark & Buchanan, who this afternoon completed auditing the county books. To the layman this seems like "powerful big" money but when one considers that two men who can command big salaries were engaged six weeks day and night, with the task, the expenditure will not appear so out of proportion. Messrs. Clark & Buchanan departed this evening—and they had plenty left to pay their fare after they had settled their hotel bill. Their report is a voluminous one and an Anasus man tried to get a crack at it, but it wouldn't work.

Oscar F. Tupper, aged 74, died at the home of his daughter in this city, Tuesday, August 21, 1900. Deceased was an old pioneer, having emigrated from Illinois to Oregon in 1847. He was in the Cayuse War. He took up a donation claim in this county, near Gaston, and with the exception of about ten years, has resided here since coming to the coast. He leaves two daughters, Mrs. J. W. Fowler, Wheatland, Yamhill County and Miss Filena Tupper, Hillsboro. His brother, C. Tupper, resides at Wheatland and a sister, Mrs. Warren Blagden, Goldenstate, Wash. The funeral was held at the Evangelical church yesterday afternoon and interment took place in the Odd Fellows' Cemetery.

Just received—a handsome line of Pulley Belt rings for the ladies; sterling silver, gold and silver plate and nickel. Call and see them at Hoyt's, the jeweller. Prices cheaper than Portland. These are the handsomest things in the market.

John Fowler, of Forest Grove, brought suit a few days ago against J. F. McGill, a blacksmith, for \$90 damages. The complaint alleged that Mr. McGill, in shoeing Fowler's work horse, had shaved one hoof too deep and had also burned it which crippled the animal so he could not be used for a month. The case was tried by a jury in Justice Wirtz' court, and damages to the amount of \$115 were allowed. New evidence since the trial as to the unusual condition of the animal's foot before the shoeing occurred having developed, a new hearing may be had.

Fall and winter clothing now being received at H. Wehrung & Sons. Best selection ever made in Washington county. You can not do as well elsewhere. Call and examine and get our prices. We buy to sell.

Today is Councilman Tucker's 69th birthday, and he has been receiving the congratulations of his many friends. Mr. Tucker came to Oregon in 1852, and he has been steadily a resident of Washington county ever since. No pioneer is better known in the county, and he has the respect and esteem of all who have the honor of his acquaintance. We all hope that he will have many anniversaries of the day, and that he will at least live thirty one years and over.

C. L. Hinman, the Forest Grove harness man, will sell you harness, whips, saddles, etc., at prices which will give him your trade.

Henry P. Ford, ex-sheriff, and R. R. Goodin, ex-county clerk, were in the city the first of the week, shaking hands with their many friends. Mr. Ford recently returned from an official trip to Savannah, Georgia, and he says that he found plenty there to interest him, and one of the finest class of men he has ever had the pleasure of meeting.

You will soon want to buy harness. Remember that C. L. Hinman, of Forest Grove, keeps the most complete stock in Washington county. Prices reasonable.

The weather clerk does not predict any rain in his this morning's report, but a slight sprinkle visited this section this afternoon. It would not be surprising if we had a good old fashioned rain within a very few days. The cloudy weather makes one content to remain at home instead of seeking high altitudes or sea breezes. There is nothing very unwholesome about this weather at all, and coast fever is about over.

Money to loan—\$1000; \$600; \$300; inquire rooms 1, 2 and 14; Morgan Block, Hillsboro.

Last Wednesday Treasurer Crandall received from the state Treasurer a draft in the sum of \$8792.16, which will go into the common school fund of the county. Supt. Ball states that he will not appropriate this money until the first of October.

For sale—Engine and separator; cheap for cash. W. J. Benson, Hillsboro.

Sunday morning, Rev. H. Oberg will preach at the M. E. Church on the following subject: "Harvest Time—The Coronation of the year." In the evening he will preach at the union service at the Congregational Church. A very cordial invitation to attend is extended to all.

Mrs. W. V. Wiley and son, Richard, are at Seaside for a few days.

A number of the young people of the Congregational church tendered Rev. B. F. Moody party at the home of Mrs. W. E. Thorne, Tuesday evening. A delightful luncheon, music and games were the features of the evening.

Hon. W. N. Barrett and family returned from a three weeks' outing at Seaside the first of the week.

The Oregonian correspondent states that Haines & Shipley have just filled a contract of 500 tons of timothy for government supply, and will furnish 500 tons more at once. Baling is now in process.

The Epworth League of the M. E. Church will give a social next Wednesday evening.

J. J. Rector, Chas. Lamkin, John Archbold and Al. Latham returned Monday evening from their trip to Netarts. They report a splendid time, but plenty of dust.

TEACHERS' INSTITUTE COMMENCES MONDAY

Will be held in Hillsboro and will last 5 days.

SPLENDID INSTRUCTORS SECURED

State Superintendent Ackerman will be present at the meeting.

Supt. Ball has issued this following circular to the teachers of Washington County:

"The annual Teachers' institute for Washington county, for the year 1900, will be held in the public school building at Hillsboro, beginning at 9 o'clock a. m. on Monday, Aug. 27th, and continuing five days.

Prof. Grout, of Portland, and Prof. Durrette, of Mount Tabor, will be the regular instructors. In addition to these, Prof. A. B. Coffey, of the University of Washington will deliver five lectures on educational subjects.

State Supt. Ackerman will be present one day. He will explain the register which must hereafter be used in all public schools of the state.

The program will be ready for distribution in a few days. The law requires all teachers in the county to attend this institute, and the County Superintendent may revoke the certificate of any teacher who is absent without cause.

The hotels in Hillsboro have agreed to grant the following special rates to teachers attending the institute: From Monday noon to Friday noon inclusive, table board \$2.50; board and lodging \$3.00. In order to secure the above rates, it may be necessary for two to occupy the same room. It is almost certain that equally as good rates may be secured at private houses.

Hoping that all teachers in the county may attend this institute and that all may receive renewed inspiration and strength for their school work, I remain

Very sincerely, H. A. BALL, County Superintendent, Hillsboro, Ore., Aug. 14, 1900.

HOW TIMOTHY IS REBALED FOR SHIPMENT

Shipped to Portland and then to Manila.

BALERS ARE NOT LARGE ENOUGH

How Albers & Schneider Handle their Purchases.

Several hundred tons of baled hay is being rebaled for transportation across the Pacific, at the Albers & Schneider Company's dock, foot of Main Street. Timothy that had already been baled by horse power on the Willamette Valley farms is here compressed by steam and hydraulic power to about half its former space. Bales coming in from the farm looking like very solid packages, size 14x16x42 inches, and weighing less than 100 pounds, are torn apart after the binding wires are removed and thrown by forklifts into a horizontal baler, which drops out new bales at its western end measuring 14x18x40 and weighing 180 pounds. These bales when lifted at either end, feel as solid as an Oregon pine block of the same dimensions.

A hydraulic baler is at work above, but the old bales are simply set in this and mashed to about half their length, when they are rewired to keep them in that shape. The timothy is under contract to be delivered to one of Uncle Sam's Quartermasters in Portland, who will ship 850 tons by the transport Argyle, which is loading for the Orient. Oats to the amount of 700 tons is also included in the contract.

Chas. Hiatt and D. B. Reasoner, of Gales Creek, were in the city Saturday evening, on their return from Portland, where they had gone on business connected with their sawmill, which has been very busy all season. This firm has been sawing for steamer work, while at the same time it has been cutting for export shipment. It has turned out some of the finest timbers turned out in this section. Messrs. Hiatt and Reasoner are rustlers and they deserve credit for the way they are bringing business to the Gales Creek vicinity. May they prosper greatly.

Leave your orders for fresh Portland bread at Gates' Ice Cream Parlors. Two deliveries per day, 10:30 a. m., and 4:30 p. m. Plain bread, three loaves for a dime; cream, French and Twist, five cents per loaf, Pullman, ten cents per loaf.

John M. Wall returned from his Newport outing Monday evening and reports the Hillsboro colony as being as brown as "Indians." He states that all are having a good time, and seem in no hurry to get home. Wall had his monstache shaved while over there—or else the breeze blew it away, and he now looks half way between a Quaker minister and a man who had done something for which he was extremely sorry.

H. Wehrung & Sons have taken the agency for the famous Monarch Tailoring Co. We can outfit the largest or the smallest with tailor-made suits. Perfect satisfaction guaranteed. Why not try us?

The city council met last evening and adopted an apportionment of the assessment against Second street property owners for the building of the ditch on that thoroughfare. The amounts range from 50 cents up to \$50, according to the amount of property owned. Dr. Linklater pays the heaviest assessment of any one involved. Thos. S. Wilkes made the apportionment, and the council is well pleased with the methods used to arrive at a determination of what each should pay. The ordinance to collect was passed and Recorder Bowman has the notices posted.

Now ready for market: Thoroughbred Belgian hares, at Hillsboro, Rabbitry, Seventh and Washington streets. Milton Morgan.

J. R. Bailey, the Buxton prune grower, passed through this city on his way home from a trip to Portland, the first of the week, and says that he has a splendid prune crop this season. He is rigging up his dryer so that he will have capacity to dry the fruit of his neighbors, as well as his own. J. C. Lamkin furnished the piping.

The Crescent is the popular wheel at a standard price and no better wheel at any price. Call on Hoyt, the Jeweler, and see them.

He has secured a fine line of boots and shoes and will sell them at prices which will make their own sale. He will also carry a splendid line of groceries. Lay in your fall boots and shoes and groceries by selections from entirely new stock.

Threshers are charging 2 1/2 cents for wheat, generally, and 2 cents for other grain. Very few will make any money this season, as the yields are very poor.

Pacific University has secured Prof. R. L. Lyman, of Beloit, Wisconsin, to fill the chair of mathematics in that institution.

SHUTE & FOOTE ARE AWARDED WARRANTS

There were but two bids deposited.

COUNTY GETS PREMIUM OF \$50.02

The other bidder offered to take the warrants at par.

County Judge Rood opened the bids for an issue of warrants, face, in the sum of \$7,143.08, Monday afternoon. There were but two bids presented, one at par, the other and successful one, being a premium of one and one-eighth per centum. This bid was entered by Shute & Foote, the Hillsboro bankers, and the firm was awarded the warrants. The bank at once turned over the money, \$7,223.43, and the Clerk issued warrants in the sum of \$7,143.08, the money derived from the sale being applied on the debt owed the state for back taxes. This debt has been due the state for many years and is really chargeable against the old mortgage tax era. Through error the state credited a remittance intended for 1895 tax, to the old tax account, thus advancing the debt as of being against the 1895 tax. The state has commenced suit and the matter is now pending. The money secured from the sale of these warrants has been forwarded by Treasurer Crandall to the State Treasurer, and now Washington County's total debt is in outstanding warrants.

The warrants issued to Shute & Foote will run ten months or a year and the county has made about \$75 clear in the transaction. The bank will get about four per centum on their investment.

IMPORTANT NOTICE.

We wish to say to the people of Washington County who feel an interest in making an exhibit of our products at the State Fair at Salem, which commences Sept. 17, that we are anxious to show this county up to its best merits. In order to do this we shall spare neither time nor labor, but to make it a success it will be necessary to have the assistance of the producers, manufacturers and more especially, that of the ladies who have home products, such as canned fruits, vegetables, butter, cheese, etc. Manufacturers are invited to make exhibits of the output of their mills and factories and compete for the various prizes as per premium lists. Copies of these lists can be obtained by calling on or writing W. H. Wehrung, Hillsboro, the President of the State Fair Association. To help out the Exhibit, any one who has anything above the average of farm product, such as grains, grasses, vegetables, fruits etc., are requested to bring or send them in or notify the undersigned.

Messrs. Clark & Buchanan, of Portland, have concluded the task of experting the books of Washington County, their labors extending as far back as 1891. They have been employed six weeks on this work, and they have labored nearly every evening after putting in the day. For once the books of the county have had a thorough overhauling and it is safe to say that this is the first thorough overhauling the records have had for years. Their report is now filed, but will not be opened and made public until the Commissioners meet next month.

In a shipment of silver coin recently from the mint, Cashier A. C. Shute yesterday found an imperfectly stamped half dollar. The die had not struck the metal squarely, and the result was a sort of a crescent stamp, with the milled edge not showing on a part of the coin. He will keep it as a souvenir. It came through in the original package, and was first opened after leaving the mint, at this place.

S. S. Ewing, who resides on Second street, this city, Monday brought to this office an apple of the Gravenstein variety, the bough to which it was attached having a full bloom of three blossoms, the apple itself being fully matured. It is evident that the tree was trying its best to make up for the grain shortage. The orchard from which the apple was taken is located on Second and Lincoln streets.

If you are contemplating the purchase of a bicycle, do not fail to see the 1900 Crescent and Cleveland wheel, at Hoyt's, the Jeweler.

Hop continues to thrive, and growers all are unanimous in looking for a big yield. The hop lose, so far, has done little or no harm, and the weather has been favorable for development. Many yards will commence picking within ten days or two weeks, and some early. Pickers are expecting eighty cents this year, and in all likelihood they will get this much, if not more.

The misses Bertha and Elizabeth Tongue are at Jacksonville, Ore., guests of their sister, Mrs. Edyth Keames. They will remain a fortnight.

H. Wehrung & Sons are now receiving their fall line of boots and shoes. For quality and low prices we defy competition.

At the close of the business meeting of the Epworth League last Wednesday evening, the members of the League called in a body at the Methodist Parsonage to express their appreciation of the efforts of Rev. and Mrs. Oberg in behalf of the young people. It was a delightful surprise.

Chas. Grabel's sale last Saturday was very successful from a standpoint of prices. Everything went high and W. McQuillan, the auctioneer, says he secured the best prices yet given for livestock. He is all right as an auctioneer and he can get the last cent out of a piece of property.

Mr. and Mrs. A. M. Carlile returned from their trip to Newport the last of the week.

J. W. Karsteter, of the Ladd & Reed Farm, Reedville, was in the city yesterday evening, and states that he recently threshed 1320 bushels of peas from a 45-acre tract.
