TO ATTACK THE ALLIES

Chinese Reported Rallying Their Forces at Pekin.

HAVE 9,000 TROOPS AND 15 GUNS

Russian and Japanese Cavalry Were Expected to Encounter Them Several Days Ago.

Washington, August 28.—A dispatch received at the Japanese legation today from the foreign office of Japan, conveying the latest and most authentic information of the situation in and around Pekin. In a measure the advices were of a disquieting nature as they indicated that the Chinese had rallied their forces and were preparing for an attack upon the allies in Pekin. If it should prove that the allied forces were besieged in Pekin it would account for the lack of advices from General Chaffee. As made public by Minister Takahira the dispatch from the Japanese foreign office at Tokio is as follows: "An official telegram, dated Pekin, August 18, was received at Tokio from General Yamaguchi, commander of the Japanese forces, to the following effect: 'The capital is now entirely cleared of the enemy. A cavalry regiment which had been sent to Wan Shan Shan (where the empress dowager's palace is located), reports that the imperial family, who had left Pekin August 14, started, after a short rest at Wan Shan Shan for the west, and were under the escort of General Maa and his troops, consisting of only about 500 horsemen and 20 carts. The Japanese forces occupied the treasury department, in which over 2,000,000 taels in silver and a large quantity of rice were found.'"

"Another telegraphic dispatch, dated Taku, August 23, states that the Chinese troops and Boxers, who had gathered at Nan Yuen, were about to attack the foreign forces at Pekin. Japanese and Russian cavalry were expected to encounter them on the 20th. The dispatch further states that Chinese infantry, 9,000 strong, with 15 guns, are advancing from Shan Tung to make a rear attack on the allies." A copy of the dispatch was transmitted to Acting Secretary Adee, at the department of state and by him furnished to the president. While the news of a possible rear attack upon the comparatively small force of the allies was not received with surprise, generally, it was not regarded as serious, as the foreign forces are believed to be abundantly able to take care of themselves against any force of Chinese likely to be sent against them.

LOST IN A DESERT.

Three Men Found Perishing Because of Lack of Water.

El Paso, Texas, August 28.—Three men, who had almost perished from thirst, have been found in the desert near the Coleran church, 60 miles north of El Paso. One of the men is Professor R. H. Cook, who recently came to this city from the East. The men left Alamo Gordo, N. M., on bicycles, Thursday, bound for El Paso. They took the overland road through the Tularosa valley. On that route there is a desert of sand 70 miles wide. When the men had gone about 30 miles their bicycles broke down and they had to walk. One of the men reached the Coleran church, but had to be treated for several hours before he could speak. He then told of his comrades. Two men with jugs of water tied to their saddles went back in search of the missing men. One was found 15 miles away exhausted and unconscious in the sand and was brought to the ranch. The other, Professor Cook, was found 20 miles further away in spasms and would probably have died in an hour had he not received water. All the men are now in a critical condition. The names of the other two men were not learned.

MOROCCO ASKED TO PAY.

Tangier, Morocco, August 28.—A United States warship has arrived here to support the claim arising out of the murder last June of Marcus Esagin, a naturalized American citizen, who was the manager of a French firm, Esagin, while riding on horseback, jolted against the mule of a Morocco priest. A dispute ensued, during which Esagin, in self-defense, drew his revolver and fired, wounding a native. This was a signal for a general attack upon the American, who received dozens of knife wounds and whose body was burned, according to some accounts, before life was extinct.

Cut by a Negro.

St. Joseph, Mo., August 28.—An unknown negro boy probably fatally slashed Angus Morrison, superintendent of bridges for the Chicago Great Western railway, tonight, as he was hurrying to catch a train. Morrison's throat was cut, probably with a razor. Morrison can give no reason for the assault, unless it is because he accidentally brushed against the negro.

Attacked by Hoodlums.

St. Joseph, Mo., August 28.—Because St. Joseph did not win both ball games today, a gang of hoodlums were angered and assaulted Umpire Dick Ebricht for calling out a player at first base during the eighth inning. The police could not, or would not, prevent a disgraceful scene. Ebricht and two Denver players were pelted with missiles and fled to points of safety. Pitcher Schmidt, of Denver, felt several members of the mob with a club.

TRAVELING MEN'S DAY

They Have Planned a Great Parade for Sept. 8.

Portland Carnival Will Be a Big Success by the Men Who Never Know Defeat in Their Daily Business—They Want Their Customers to Join Them.

Portland, August 27.—It is now a conceded fact that Traveling Men's Day at the Elks' carnival, to be held in Portland, will be one of the greatest attractions of the fair. September 8 has been set as Travelers' Day, and every traveling man in the Northwest will be in line in one of the most unique and instructive parades ever witnessed on any street. Each traveling man will be decked out in a linen duster, wearing a white crush hat with a blue ribbon band and carrying an umbrella. There will be at least 1,000 of them in line. There will also be numerous floats, each representing the traveling men of the different centuries, from the 10th to the present date, with elaborate costumes suited for the occasion. They will also show the different methods by which they travel, including the pack mule, stage coaches, buckboards, freight trains and Pullman cars. The hotel accommodations which they have to contend with will not be left out of this parade. It is the desire of the travelers and also of the houses they represent, that all of their customers and friends be present that day so they can see the traveling man in his every day trials, showing both the good and bad of their trips. The boys are making special preparations to treat their customers and friends in a royal way.

GENERAL CHICAGO STRIKE.

The Plan Is to Tie Up Building Operations in the City.

Chicago, August 27.—Unless the plans of the leaders miscarry every union man connected with the Building Trades Council will be called out on a strike before Labor Day. The plumbers have already been ordered out and the intention is that all other unions whose men are working shall follow suit. Owing to increased activity in the building trades within the last few days, many union men have been put to work, in some places with the consent of the business agents, and it is the purpose of the unions to stop the work wherever the bosses believed they had won a victory and show them that the labor organizations are still in the fight. The business agent of one of the largest unions said: "Contractors have come to believe that it is comparatively easy sailing for them now, and accordingly have been undertaking some large jobs with the idea that there would be no further trouble from the unions. They will find to their disgust that many of the union men have become members of the unions and they will simply be unable to do any work. It is the only thing that is left the unions unless they propose to give up their fight. The idea of helping the contractors along their jobs has been a mistake which is generally recognized now and they will find there is a lot of fight left among the men yet."

ADLAI WAS CHOSEN.

Populist National Committee Accepted Him as Vice-Presidential Nominee.

Chicago, August 29.—At a meeting of the People's party national committee today the declaration of Charles A. Towne as the vice-presidential nominee for the party was accepted, and the name of Adlai E. Stevenson was put in his place. This result was obtained after a long debate, beginning at 2 P. M. and ending about 6:30 P. M. In the beginning there were three courses advocated by different members of the committee, viz: to nominate a Populist, to leave the place vacant, or lastly, to endorse Mr. Stevenson. Senator Marion Butler, chairman of the committee, in a warm speech of some length, advocated leaving the place blank, contending that Bryan and Stevenson would receive more Populist votes than if a candidate for vice-president was named. But one test vote was taken. A motion was made to endorse Mr. Stevenson. For this motion Mr. Washburn, of Massachusetts, moved as a substitute that a Populist be placed upon the ticket. The substitute was lost on a call of the roll by a vote of 34 yeas to 71 nays. The original motion was then adopted by a viva-voce vote. There were 124 members of the committee present or represented by proxies.

OUR WHEAT THE BEST

First Prize Awarded Oregon and Washington Grain.

AT THE PARIS EXPOSITION

The Display Was Prepared by Colonel Judson and Sent by the O. R. & N. Company.

Through the efforts of the O. R. & N. Company a display of Washington and Oregon grain was made at the Paris exposition that took first prize, a gold medal. The wheat of the Columbia river basin in Washington and Oregon is thus declared to be the best in the world. The exhibit was prepared under the direction of Col. R. C. Judson, industrial agent of the O. R. & N. The principle portion of the exhibit came from the company's experimental farm at Walla Walla. But large quantities of grains and grasses were obtained from several other places in the two states. The exhibit consisted of 58 different varieties of wheat, and a few samples of oats and barley. "I was confident that they would prove world-beaters," remarked Mr. Judson. "I had exercised great care in the selection of the seed. The display was certainly a magnificent one, and we are more than pleased to learn that our opinion is shared by those in authority at Paris." The grain went from Portland by express in a neatly framed and painted package. A large box of grain in quart sacks was sent. The sacks were made of fine white cloth, tied with red, white and blue ribbons and the following printed inscription, in brilliant scarlet ink: "Raised along the line of the Oregon Railroad & Navigation Company; headquarters, Portland, Or., U. S. A." In each package was a neatly printed card bearing the name of the grower, the variety of the grain, the yield per acre and his postoffice address. These samples are intended for distribution in the principal wheat centers of the United Kingdom, and it is left to the department of agriculture to see to the successful carrying out of this programme. Mr. Judson says his idea in accompanying these small packages by the mentioned data was to satisfy the several recipients, should they compare notes, that the samples were from several fields and not from one particularly favored section. The effect of this remarkable recognition of the resources of the Northwest will be far-reaching. The attention of the newspapers all over the world will not only be arrested, but a mighty factor in the direction of immigration will assert itself. The O. R. & N. Co. has covered itself with glory, and at the same time rendered the section in which it operates a service of great worth.

All this recalls the fact that Hood river apples took first prize at the world's fair in Chicago, and Ashland peaches took first prize there also.

Washington timber and minerals were leaders and that state took many first prizes.

ARE ANXIOUS TO ENLIST.

Martial Spirit of the American Youth Stirred by the China War.

Col. Thomas Ward, the assistant adjutant-general in charge of the enlisted men's division, said that enlistments in the army have never been so numerous as at present.

Chicago, August 30.—For four hours and a half today, the thinning ranks of the G. A. R. passed in review their leaders and before 1,000,000 spectators packed in almost solid lines along the four miles of the parade. It marked the climax of the 34th annual encampment and was, according to Commander-in-Chief Shaw, the greatest parade since the day in Washington when the hundreds of thousands of veterans, the most powerful army on earth, marched in review to their final disbandment. Probably 30,000 members of the army of veterans took part in today's parade. For exactly four hours and 20 minutes, most of the time with ranks almost perfectly aligned, but occasionally faltering under the burden of years, they filed past the reviewing stand on Michigan avenue, saluting as they marched by General Nelson A. Miles, Commander-in-Chief Shaw, General Daniel E. Sickles and the Spanish minister, the Duke of Arcos. Weather conditions were almost ideal for the parade. The rays of the sun were veiled by light feisty clouds nearly all day and even when unobscured their effect was greatly lessened by a cool breeze which blew steadily off Lake Michigan. The line of march too was much shorter than ever before mapped out for the annual parade, but, notwithstanding, here and there a veteran exhausted dropped out of the ranks. Especially was this true after the reviewing stand was passed and many pathetic scenes were witnessed down the long stretch of Michigan avenue as the veterans fell by the wayside. The one especially sad incident occurring to mar in a degree the glory of the parade was when Charles Beckwith, of Algona, Mich., dropped dead as the line was filing past the corner of Michigan avenue and Madison street. The parade was halted for a moment, the body of the veteran who had responded to his last call was tenderly removed, and his comrades passed on. It was shortly before 10:30 A. M. when the head of the column started from the corner of Michigan avenue and Randolph street and an hour later it was filing past the reviewing stand. For hours before that time the sidewalks along the line of march were packed from curb to wall, the windows of the immense office buildings, gay with fluttering flags and banners, were filled with sightseers, while along Michigan avenue, where were erected beautiful columns and arches formed the court of honor, the crowd was so great that the hundreds of police had great difficulty in keeping clear the line of march. And all through the hours that the veterans tramped by this sea of humanity roared its welcome.

NEW YORK HOTEL TRAGEDY

Mysterious Affair in Which Two Chicagoans Participated.

New York, August 30.—John W. Eason, or Easing, of Chicago, today fired two bullets, one into the head and the other into the body of his friend and associate, Harold H. Stridron, and then, thrusting the muzzle of the revolver between his teeth, sent a bullet through his own head. The suicide expired immediately. His victim has a fighting chance for his life. The police are of the opinion that the man who attempted the murder and then committed suicide was crazed by the extreme heat, drink and jealousy. The police have been unable to obtain from the employes of the Hotel Vendome, where the shooting occurred, a clear, connected statement of the affair. Both men came from Chicago originally. Eason, or Easing, is said to have been a prosperous contractor in that city. Both men had been drinking heavily. Mrs. Hayes, who claims to have known the dead man in Chicago and to have lent him \$1,000 worth of diamonds Saturday, because he was in desperate circumstances, called on the coroner today. The coroner's inquest was unable to find any trace of the missing jewelry. Mrs. Hayes requested the authorities to turn the property of Stridron over to her, but this was refused.
