

TOLL GATE KEEPER PLEADED GUILTY

To pointing a pistol at Peterson and Dallas.

FINED \$50 SENTENCE SUSPENDED

Genz estate ordered escheated to state of Oregon.

Circuit Court again opened here this Tuesday morning and the first on the docket was the case of the State of Oregon vs Joseph Campbell, the Wilson River road toll gate keeper, charged with pointing a pistol at Marcus Peterson and Sam Dallas, two citizens of Gales Creek, who had evaded the toll gate while the keeper was some distance away and who had temporarily left the gate in charge of a daughter. After they had passed, Campbell overlooked them, and drawing a pistol, marched them to a justice of the peace as breakers of the law providing for the maintenance of toll gates. Campbell pleaded guilty and the Court imposed a fine of \$50, but withheld sentence for the present to allow the defendant, who appears to have thought he was but following his rights to get the money to pay the fine. Had the judge not done this the defendant must have gone to jail as he is a poor mountaineer with a large family and no ready money.

The escheat matter of State vs. the estate of August Genz deceased, was called and a decree ordered for the plaintiff. Genz was a resident of the eastern part of this county, and Dec. 1, 1897, died, leaving an estate. He had no heirs and an administrator was duly appointed. As soon as this was done the State commenced escheat proceedings. The decree gives the state \$625.91 in cash and the proceeds to be derived from the sale of 9.41 acres of land, less costs and expenses of the sale.

Senator Swack was in the city from Portland, today, attendant at Circuit Court.

Prof. Dillon, who was here several years ago and lectured on phrenology and who made many friends here by virtue of his hypnotic smile, has lately been on the hypnotic rostrum. He was but recently detained at Eugene for insanity, this impression being caused by the fact that the professor jumped out of the upper story of a hotel. The fact is there isn't much doubt but what it was a case of looking on too great a quantity of wine while it was red. It will be remembered that Dillon was here one Halloween night and that he staid the night through with the boys and made the old town hum. The sole trouble of the gentleman seems to be, while gifted, that his nature is rather convivial.

The town is liable to be overrun with hoboes this winter, and people want to be careful how they leave things laying around loose. Keep your cellars locked and the first hobo that comes around and insultingly demands something to eat, just hit him on the head "mit a brickstine." If these chaps want the public to support them let them go to some big city where they can get plenty to eat by carrying in wood and making themselves useful.

Fall and winter clothing now being received at H. Wehrung & Sons. Best selection ever made in Washington county. You can not do as well elsewhere. Call and examine and get our prices. We buy to sell.

William S. Ingles, an Oregon pioneer of 1845, died at his home at Forest Grove, Wednesday, aged nearly 60 years. Mr. Ingles followed the merchandise business at several points in the Northwest for a number of years and enjoyed a wide acquaintance. A wife and seven children survive him—Mrs. Nora Tompson, of Portland; Margaret R. Clinton S. Odelle L. Mary Myrtle, William Frances and Harold Lester, of Forest Grove.

Uncle Josh Spruceby held forth to a crowded house in the opera house Monday evening and gave one of the best shows that has visited the city for some time. Their band and orchestra was out of sight and the play itself was very good. Uncle Josh, although very unsophisticated, readily won the house, and the Dutchman was a whole show by himself. "Uncle Josh" can always get a good audience in this city.

NEW CITY OFFICERS ELECTED MONDAY.

There was but one ticket in the field.

A VERY SMALL VOTE WAS POLLED.

The quietest Election held here for years. 59 votes cast.

Monday was city election for Hillsboro and to say that it was the quietest election held for years is putting it very mild. There was but one ticket in the field and that was all there was to do—go up and vote it. The men elected are fairly representative in every respect and should be able to give the city a good administration: of its public affairs—and they will. Dr. Bailey, the newly elected Mayor, has been a resident of this city for many years and his ability as a business man and financier is unquestioned. Dr. Tamesie, E. C. Brown and John Northrop, the three councilmen, are able to assist in properly handling the town's needs. Benton Bowman was elected to succeed himself as recorder, while S. Everitt will continue to handle city money as treasurer. There being but one ticket in the field there was no rivalry and only 59 votes were cast.

FIRST-CLASS ATTRACTION.

When James Harkins wrote "Under Sealed Orders" he made no mistake, for he has produced a play which holds the occupants of the lower floor in deep interest and sends the small boy home from the gallery shouting. And what is more the play is rich in comedy. Think of three clever comedians all working to cause the tears to roll down your cheeks and they succeed; first comes pretty Kitty Bell, an innocent little Miss flowing over with mischief. Her antics are enough to supply an ordinary drama with comedy. Besides her love for mischief she just stags and dances herself straight into the heart—and then Jerry, his innocent attempts to become a sport, and the trouble he is continually getting into, convulses the audience; then last comes poor old Sergeant Leggett, one of the greatest comedy characters ever written. His eccentric songs and dances are the funniest ever seen. "Under Sealed Orders" comes direct from a continuous two years' triumph throughout the middle and eastern states. The company has been specially engaged according to his or her merits, and each member is thoroughly fitted to their part. Miss Omada Raymond, the leading lady comes direct from the forces of William Brady and Joseph Griener. Mr. Ray Whittaker created the part he is playing in the original New York production of this play. He was late leading man with McKee Rankin and Nance O'Neil. Sanson, a part similar to Svengali, is played in a strong manner by Frank DeCamp, an actor of great ability. The company contains eighteen speaking parts and carries with it its own scenery. This attraction opens at Hillsboro, for one night only, Tuesday, Dec. 11.

This attraction is billed to play one week at the Metropolitan Theatre in Portland. It is a first-class show and should get a large house.

Hon. W. H. Wehrung has received notice that the Farmer's Congress will meet at Salem, January 8, 1901. The meeting was to have taken place in December but owing to the fact that it was not convenient to have an early date owing to the attention being given the Dairyman's Association, it was thought best to have the congress after the date of dairy meeting.

H. T. Blair and wife have taken up their residence in this city. Mr. Blair is an old newspaper man, having worked for a number of years on a daily paper at Clinton, Ill. He is going to try farming for a while and see how that venture will pay in the "wild and woolly west." Hillsboro welcomes them to the town.

Ex-County Treasurer was in the city last week and tells us the sad news that the estimable Mrs. Cady was recently a sufferer of a paralytic stroke. For several days she could not speak. At last report she was able to use vocal organs, and was greatly improved.

Harry T. Bagley was up to Dal las the last of the week and succeeded in getting through with his Cadwell suit. Harry came out victorious and that is saying considerable when his opponent is one of the greatest fellows to "law" in the country.

J. N. Gardner, who was injured while running the Foose sawmill, north of Reedville, has so far recovered that he is able to navigate with the use of crutches.

A. G. Lucas, now of Independence was in town today.

Objects to Removal of Dilley Dam.

An injunction has been issued at the request of Wm. McLeod, Forest Grove, restraining the purchasers of the Alpin & Son milldam at Dilley from removing it. The removal of this dam would render the sawmill property of Mr. McLeod at Dilley worthless. The report reaches this city that there was an attempt to blow it up by dynamite last night. There has been lots of contention over the dam and the farmers above the site recently paid \$1150 to get it out of the way. The injunction following it appears that to get the value of the money paid, the dam "had to go."
