Will Go To The Home.

A. H. Garrison has returned from a trip to Yamhill county, and will leave this week for the Soldiers' Home at Roseburg. That he will receive fine treatment there goes without saying. He will meet with a number of Hillsborites at that place. Mrs. Elizabeth Wanda, Department President of the Ladies of the G. A. R. recently visited the place and gives it a very high recommendation. In a recent letter to the press, Mrs. Wanda says (the Miss Everitt mentioned being a sister to Judge Everitt, of this place):

"We then crossed over to the hospital Commandant Shipley and Miss Everitt, the matron, kindly conducted me through the building, taking pains to introduce me to every patient there, even the poor blind men. I found the same condition of affairs existing there as in the Home, a well filled store room and the comfort of every one looked after—good easy chairs by the side of each bed, with cushions, the gift of the different patriotic orders, plenty of rugs and pieces of carpet for the floor. One thing I was fully convinced of—the hospital and Home stand in need of nothing and if we look around us we will find plenty that do need just such things as we, in our kindness, have taken and sent to the Home. For the benefit of the many interested in the Home I will give the number of inmates at that place:

- Civil War Veterans... 61

O. B. Gates has sold the parlors on Main Street, this city, to Mr. Hudson, who recently purchased the Heidelberg farm, and a Mr. Eckles, a recent arrival from Nebraska. They have taken possession, and will put in a full line of confections and pastry, and, after the first of the month, take charge of the telephone center.

Hon. H. V. Gates and wife will start for Louisville, Ky., this evening, where they will visit with Mr. Gates' sister. They will be absent about six weeks, and make the trip east by easy stages, stopping in Wyoming and Kansas.

Everybody is good looking. Rob Crandall says he can prove it if you give him a chance, at Ellis gallery.

TAXES WILL ROLL IN MIDDLE OF MARCH

Rolls Will go to the Sheriff From Tenth to Fifteenth.

MAX CRANDALL MAKING THE COPY

Extensions Only Remain to be Made. A big job.

Max Crandall is very busy these days making up the tax roll for the current year, and he thinks the roll will be in the hands of the collecting officer, the sheriff, by the tenth or fifteenth of March, and then the dear people can have the pleasure of paying their taxes. Mr. Crandall has made up several county tax rolls and his work is a model of neatness and comprehension. The list is nearly copied and as soon as the extensions are made up all will be ready to take in the cash.

The making of the tax roll is each year getting to be a bigger task as many of the larger tracts are being rapidly cut and deeded in smaller parcels.

This notice is given the taxpayers because so many are anxious to know when they can remit. For many of us it will come quick enough—and alas, altogether too quick.

Circuit court will convene on March 18, and there will be a pretty good sized docket. So far there is but one murder case, but it may be that another will be on the docket by the time court convenes.

The breakup in the cold weather and the advent of rain has reduced the sick list considerable. There is no use talking, cold weather in the Willamette Valley is not what it is cracked to be.

Remember the Epworth League extends you a most cordial welcome at the entertainment this Friday evening. The admission fee is within the reach of all—only 15 cents. Go to The Delta and get a ticket now, and come to the M. E. Church.

W. H. Hemsworth, who is in charge of the Coast Division Round house at San Jose, Cal., is here with his wife, visiting with Mr. and Mrs. W. N. Haynam, of above Mountaineale, and who are the parents of Mrs. Hemsworth. Mr. Hemsworth for years was in train service on the O. R. & N., out of Portland, when the Argus publisher was "on wheels" in the upper country.

Since the recent incipient fire at the public school house there has been considerable talk of having a stand pipe put in for fire protection. This could be done at a nominal expense—say \$100 to \$150—and then arrangements could be made to have hose, two-inch, on every floor. There is too much money tied up in the school building to be loose in fire protection, and a little safeguard might be of immense benefit. The city has but hose enough to play one stream on the building, anyway, and by the time the department would get to work the fire might gain great headway. The district was singularly fortunate when the recent blaze was extinguished with but little loss, and it would not be bad policy to protect against further loss.

Of course you want the best going. Go to H. Wehrung & Sons' for your dress goods, Henriettas, chevots, serges, etc.

Albert Bunning, the popular liv-er-yan of Cornelius, starts east in a few days and will extend his trip to Germany, whither he goes to settle the estate of his father. He expects to return in about five or six months.

Now is the time to subscribe for THE ARGUS.

EXTENSION OF FRANCHISE BEEN OFFERED

City Council Offer to Extend Five Years.

CONTRACT OF WATER & LIGHT CO

Manager Gates has gone East. In Statute Quo.

The city council met last evening in special session for the purpose of considering the proposition of city light and water. Mr. Gates, had, it is said, made an offer to take \$26,000 for the plant, that is to say, \$16,000 outside of the \$10,000 the city has pledged in bonds, and for which it has an ownership in the plant in like sum, provided it shall buy. The offer is still in statu quo, but the council offered to extend the franchise for a period of five years, taking from the company the same service now supplied, with a little additional light and four more hydrants, at same prices, net, as now paid.

Mr. Gates has not yet made an answer to the offer, but it is said that he is not averse to accepting it, provided that the big lights are not required on bright, moonlight nights—a very indignant matter as there is no necessity for their light at such times. Mr. Gates has gone East and no negotiations will be effected until his return.

Carl Harris has returned from a several weeks' sojourn to Puget Sound points, and is at Col. C. T. Bowen's.

Mr. F. M. Heidel informs us that several hundred acres of land north of here have been leased for prospecting purposes, oil being the chief quest. He states that he has the promise of several thousand acres more, and it now looks as though the region will be given a thorough test this summer. If there is oil we want to know it. And it begins to look as though there will be no obstacles to thorough prospecting.

Nothing like a neatly booted foot. Ladies can get the finest and most stylish shoes at Dennis'. Come and go away convinced.

A. B. Flint and J. J. VanKleeck, of Kinton, have recently turned loose about twenty English pointer dogs in their vicinity, and sportsmen are requested to give them every protection for a year or two so they may get a start. The birds were purchased in Portland and paid for by private subscription. Mr. VanKleeck was in town Saturday and states that the little fellows were all right when turned out.

Dennis will give you bargains on rubber boots, as the season is about closed. Come and get his prices. He does not want to carry them over, and you must have the boots.

John Connell recently contended, in an article in the Oregonian, that the proper route for the Nehalem road is through Glencoe, via Cornelius Pass. In this our friend is right—so far as "through Glencoe" is concerned. But as a matter of traffic and getting into Portland, the Scholls-Hillsboro route is the most feasible.

The successful numbers at Wehrung's drawing were, respectively, 409, 1406 and 3005. Bring in your tickets and get your premium.

N. J. Sorenson, of Sumpter, was in town last Friday and went on up to Forest Grove. Mr. Sorenson and Miss Anna Myers will be married at the College City on the sixth of next month. Miss Myers is a daughter of Hon. W. H. H. Myers, of Forest Grove, and has been teaching in the Sumpter public schools for some months.

Come and see our new stock of hats and suits just received. We defy competition. Schulmerich Bros.

But seven counties in the state have borrowed more money from the irrefutable school fund than Washington county. According to the report of the state treasurer, this county has through mortgage loans, now outstanding from this fund, received a trifle over \$100,000. This looks as if the business was carefully looked after in this section.

Another knock down—not a fistie combat but a knock down in prices at Schulmerich Bros' store. Some overcoats, ladies' cloaks and capes, at cost.

If you want a complete United States history in six large volumes, call at this office and see the set now on exhibition. It is the finest thing yet published, and as a work of art and chronology, should be in the hands of every family where there are children. It will cost you nothing to look at it, and your library is not complete without it.

Patronize home industry—try Spencer's Best Extracts—absolutely pure. Once tried, then always used.

Quite a number who were not "next" (this is no joke) were around last Sunday morning looking for a share, but owing to the Sunday law, grew whicker until Monday morning. The law is not very clean cut and if it goes to the Supreme court it will have a close shave.

Senator Wehrung came home Saturday evening and remained over Sunday. He has recovered from his attack of "grip."
