MRS. MARY RAFFETY OF MOUNTAINDALE

Died at Old Homestead Sunday Evening.

WELL KNOWN PIONEER OF 1852. Had Resided on Donation Land Claim for 49 Years.--A Good Woman.

Mrs. Mary Raffety, pioneer of '52, and wife of the late Samuel B. Raffety, died Sunday evening, at 5 o'clock, at her home, Mountindale, after an illness of several weeks.

The train was safely piloted through many trying events reaching the West before the year was out, and the Raffetys settled on the old donation land claim in Washington county 49 years ago.

Her husband died nine years ago. Eight children were born to them; the following seven surviving: Drs. C. H. and Dav and R. M. Raffety, Portland, East Side; Mrs. Sarah Miller, San Jose, Cal.; Samuel J., Jacob C. Raffety and Mrs. Louisa Witt, Mountindale.

The funeral took place Tuesday afternoon at 1 o'clock, from her late home, and Mountindale cemetery was the place of interment.

FIRE DEPT. ELECTS.

The Volunteer Fire Department last Saturday evening elected the following officers for the ensuing year: Chief, L. A. Long; Assistant, Cal. Jack, Jr.; President, E. B. Tongue; Vice-pres., H. T. Bagley; Secretary, O. B. Gates, with J. O. Crandall, assistant; Treasurer, U. G. Gardner; Foreman Hose Corps, C. Jack, assistant; C. L. Chamberlain; Foreman Ladder Corps, U. G. Gardner, assistant; J. The department is now numerically the strongest since its organization and is electing new members at every meeting. Exchange Weathered was present at the meeting and gave the department encouraging words for the way matters had been handled. Six fires have occurred during the year. In four of the cases, but trifling damage ensued. The residence of Mrs. J. E. Adkins burned in July but there was four hundred insurance. The residence of Mrs. Reeves burned in November, but contents were saved. All other losses did not exceed \$15 each.

LAW AS TO ESTRAYS.

There are always many estrays taken up in this county. It is therefore well for farmers to know just what the law is in this regard.

FOREST GROVE LAND CASES

Now Before Circuit Court for Decision.

ARE THE RESTRICTIONS VALID?

Cases Where Deed Restricts Sale of Liquors.--Reversion for Violation.

Milton W. Smith was before the circuit court yesterday, and when the McMahon case was brought up, made argument on the matter of restriction in the deeds of Forest Grove real property which makes sale of liquor the penalty of reversion.

It is a matter of fact that the University is more interested in this affair than any other element. There are many eminent lawyers who believe that the restriction is a valid one before the law, and that it will stand. The United States Supreme Court has already passed on a similar case, and the decision practically sustains the contention that reversion may follow violation of the liquor clause. If the spirit of this decision is followed Forest Grove will be stopped from having a saloon. It is thought that McBride's decision on the argument of yesterday will touch on this matter and practically settle the question for good, and many who heard Mr. Smith's argument aver that he will no doubt hold that the restriction is good.

Buford Rock Island turf and stubble plows, wood or steel beam, 12 inch, \$13; 14 inch, \$14.50; stubble plows are from 50 cents to \$1 cheaper than above. Extra shares \$2.50, steel jointers \$2. Compare these prices with other dealers. We guarantee every implement we sell. Schulmerich Bros.

The citizens of Forest Grove are enjoying E. W. Haines from performing his contract recently closed with that city to furnish electric lights. They allege that one of the councilmen who was a party to the contract was not legally a member of the council, and that the contract is for that reason null and void. Mr. Haines has already placed his dynamo in position and is ready to a try-on of the service. If the court does not decide against him he will soon have the plant in operation, and then will make a proposition to light the town of Cornelius and later may make a deal with the Hillsboro Light & Water Company to furnish power.

They give it away. Commencing Saturday, March 9, H. Wehrung & Sons will give each cash purchaser of a dollar's worth of merchandise a chance on the following: First prize, lady's or gentleman's bicycle; second prize, lady's or gentleman's Vidette bicycle.

Frank Clapham, of Gales Creek, last Saturday had the misfortune to shoot one of the flesh off one of the fingers of his right hand. The young man was loading a Winchester rifle and the cartridge would not readily enter the magazine. Clapham endeavored to force the shell in by tapping it with some object. An explosion followed, injuring the finger and badly powder-burning his face and eyes. Drs. Large and Via, of Forest Grove, dressed the young man's wounds and he is getting along very nicely.

You can't reap unless you sow. Buy your farm implements from H. Wehrung & Sons. Complete line of wagons, plows, harrows, seeders, buggies, carts and all implements used on a farm. Come and see them and get their prices.

E. W. Simmons has old territorial scrip issued in 1848 and 1849, and the face of the warrants amounts to about \$60. He is going to send them to Salem and have them cashed in. If he gets six per cent interest on the warrant, the interest for the fifty years will be nearly two hundred dollars. Mr. Simmons thinks he can afford to let the warrants go as the money will be of more value than the paper.

Where would you be without your feet? Have you ever thought of that? Dress them with purchases at H. Wehrung & Sons. They handle shoes direct from the factory and have the most complete stock in Washington county. You are bound to buy if quality and prices go for anything.

The funeral of the late Mrs. John Berrie, of Glencoe, was held last Sunday, the services being in the afternoon. The hearse went out to the hills and over some very bad roads. Undertaker Lamkin had charge of the funeral. Mr. Berrie will sell his effects and return East, where he will reside with one of his daughters.

Schulmerich Bros. have purchased the Bailey brick block and are going to open up a general implement and hardware stock in same about April 1st. Their present quarters are entirely too small for their increasing business.

Claude Greear has purchased the interest of W. O. Donelson, in the Chimax Mills, Mr. Donelson having been advised by his physicians that he must make a change or suffer in his health. After selling his mill stock he purchased a partnership with Mr. P. O. Brown in the undertaking and furniture business.

If you want to look dressy and neat, go to Aug. Tews, the Second street Hillsboro tailor, and give him your measure for a spring and summer suit. His work gives eminent satisfaction. Ask any of his patrons.

Ex-Sheriff Ford, of Portland, was in town the first of the week, on business before circuit court.

On mandate from Supreme court judgment of foreclosure was rendered and entered against Harvey Hogue in favor of the Law Guarantee & Trust Society in the sum of \$8,295.40.

Ezra E. Colestock, the barber, was arranged Tuesday morning and listened to an indictment charging him with rape. He was brought into court yesterday morning and pleaded not guilty to the charge. Judge McBride set the trial for Monday morning next. The defendant has secured S. C. Spencer, of Portland, to assist Attorney Geo. R. Bagley in the defense.

James Aiken has been indicted for the murder of Guis Sule, a Chinaman, near Raleigh, last fall, and will plead Friday of this week.

The only jury case tried this week was that of Joseph Dillery vs John Borwick. This is a case where Dillery sued to regain possession of a team which Borwick had levied upon and bought in at sheriff's sale several years ago. Dillery contending that the team, as his sole means of support, was exempt from execution. The jury in 1896 awarded the team to Borwick. Dillery appealed and the Supreme Court sent it back for a new trial. The jury last night brought in a verdict for Borwick. The costs in the case will amount to more than the value of the team to say nothing of attorneys fees.

The jurors have all been excused until next Monday.

It is getting desperately near the time for trout fishing and they are said to be very plenty this season. Just whether this knowledge comes from actual experience in catching them or is made known by seeing them plenty in the water that the creek is raised our reporter does not know. The Oregonian in requested to send out a reporter to accompany C. Blaser on one of his trips. Blaser always makes big catches, and the Oregonian generally disputes the number. So Blaser proposes to establish the truth of his pretensions by having a special reporter and an expert mathematician along to have a correct and undisputed write-up of his progress.

Schulmerich Brothers have purchased Dr. Bailey's interest in the Union Block, Main street, and will occupy the rooms with a new stock. This will make a handsome double store. An old building on an unfenced lot south and west of the S. P. depot burned up last Saturday afternoon. It was an old ramshackle building and has been unoccupied for years with the exception that it was a rendezvous for "Weary Willies" who chanced to be counting ties along the railroad. It is thought that some hobo had stayed in the shack the night before and left some coals smoldering from which the flames started. The fire department was called out, but when it was discovered to be the hobo's hotel, water was not turned on the fire.
