

HILLSBORO TO HAVE A GRAND STREET FAIR

Dairy Exhibits and Live Stock.

TO BE A GENERAL COUNTY AFFAIR.

To be a Horse Parade in Connection. Billed for May 18.

Saturday last it was decided that Washington County was to have a street fair at Hillsboro, and the exhibits are to be more extensive than first contemplated.

Elf Scheffelin is president of the organization and Riley Cave is the secretary. The purpose is to exhibit everything that the dairyman, farmer or breeder raises or produces. As this is a great creamery county, good exhibits of butter, cheese, dairy stock and dairy utensils are expected. There will also be a street parade of stallions, mares and colts, along lines of the old-time horse shows which were so popular years ago. Fancy buggy horses, work horses and blooded animals are also eligible. The various mills will be asked to exhibit their manufactures. Here will be a good opportunity for growers and buyers to get together.

Poultry fanciers are expected to get up a very creditable showing and there is no better way to get what a farmer or grower has to sell before the people than this. No fees will be charged for entry, and no premiums will be given, patriotism and public spirit being depended upon to make this first meeting a great success. So far as appointments, the superintendents are: Butter and cheese, N. P. Oakerman, Reedville. Cattle and dairy stock, Loui Manning. Chickens and poultry, R. H. Greer, Hillsboro.

It was suggested that exhibitors have cards attached to their showings so that visitors can see for themselves as to variety, breed and ownership. There will be someone appointed to supervise the sheep and goat exhibits, and to look out for the horse part of the program later on. Meanwhile the secretary will answer all questions as to procedure.

Mr. Elf Scheffelin, the president, is well known in this county as a progressive dairyman. For years he has conducted a private dairy on his farm near Centerville. His ripe experience in this regard makes him a fitting man to lead an exhibit of this kind.

W. H. H. MAGEE IS MISSING.

William H. H. Magee, a veteran of the Civil War, and who resided for the last several months near the depot in this city, has been absent from his home for about ten days, having last been seen on Monday, April 18. Magee is a pensioner, and on the 16th of March cashed his voucher at the bank. He drew \$800 per month and his check called for three months' pay, or \$24. Magee is rather portly, about five feet 8 inches in height, and weighs perhaps close to 200 pounds. He is said to have a daughter near Medford, and a year ago he had one son in South Africa. Magee was quiet and unobtrusive, and has never been known to drink to excess in the many months he has been here. It is thought that he might have gone fishing and there met with an accident. Others are inclined to the belief that he has gone to Portland for a few days, or to Eastern or Southern Oregon.

Judge Rood, G. T. Ledford and Wheeler Shinnons went to Magee's house yesterday and inventoried the effects. His papers were taken to the court house and placed in the care of the county clerk. From an old bank book it was discovered that at one time he did business with the Douglas county bank at Roseburg. One fairly good suit was found. When Magee went away from the house he either wore a brown suit, nearly new, or old clothes, it is not known which. Many now are of the opinion that he went fishing on Dairy Creek west and north of town, and that he has in some way met with death. Others are inclined to think that he is off somewhere on a trip, and that he will show up all right in a few days. He was not a member of the Grand Army post, contrary to the general supposition.

Kuhn-Meyer.

Married, at the residence of the bride, in Hillsboro, Ore., April 13, 1901, Mr. Robert Kuhn, formerly of Buxton, and Mrs. Lillie G. Meyer, Rev. B. P. Hartman officiating. The groom is a veteran of Civil War, and is well known in this county. The bride is well known here, having resided at Cornelius for several years.

Bicycles, new and old, cycle sundries, baseballs, bats, mits and gloves, fishing tackle, pocket knives and razors, at McCormick's store.

Schulmerich Brothers have blasting powder on sale at their store.

Washington county should be able to take the first premium at the State Fair this fall, and if systematic effort is commenced in time we can carry away the honors without any trouble. The first premium is for \$500, and second is \$250. Let the citizens of the county but take an interest in this and we can win out. Premiums following these are for \$200, \$150 and \$100. There should at least be two men interested in getting up an exhibit, one from this place and one from Forest Grove. If two of our citizens can arrange to start the ball rolling they can learn something to their benefit by calling on THE ARGUS editor, or Hon. W. H. Wehrung, president of the State Board. Parties desiring to take the matter of an exhibit in hand can get much aid, and let us make an effort to get the first prize. We have the product—all we want is variety and lots of it. Now is the time to get ready to fix it up. Washington county needs to have her resources made known.

Schulmerich Brothers have purchased Dr. Bailey's interest in the Union Block, Main street, and will occupy the rooms with a new stock. This will make a handsome double store. Wehrung & Sons will soon have the room formerly rented to Archbold occupied by stock. The Pharmacy will occupy the quarters now occupied by McCormick's bicycle store. There are now but very few buildings of business nature unoccupied.

The water company has purchased a big lot of steel boiler piping, and a big revolving barrel twenty feet in length has been rigged up in which to place the pipe and break away the cement. This done, and the pipe is dipped in coal tar to prevent rust, and the company will then have several miles of pipe that will be better than any iron pipe in the market. The barrel kept revolving all day long, and so accustomed have the neighbors become to the rattling that when the job is completed there will be a petition circulated to provide for another purchase—just to keep the air blue with noise.

Where would you be without your feet? Have you ever thought of that? Dress them with purchases at H. Wehrung & Sons. They handle shoes direct from the factory and have the most complete stock in Washington county. You are bound to buy if quality and price go for anything.

Dr. Linklater went down below Scholls late last Saturday evening to dress a band for the little nine-year-old daughter of Mr. and Mrs. G. L. Baker. Just before supper the little girl was out with a brother, who is older, and putting her hand on a stump on which the boy was cutting, the blade caught the two last fingers of the right hand, severing them completely. The accident was one of those that seem unaccountable, and the brother naturally feels very badly about it. She is getting along very nicely.

If you are looking for bargains call at McCormick's store in Crandall building on Main street. He carries the entire stock of goods recently purchased from Mr. E. L. Abbott in connection with his stock of sporting goods. His 1901 Imperial bicycles are the best on the market for the money. Repair shop in connection with store.

Messrs. John M. Wall and F. M. Heidel have arranged for the visit of an oil expert who will accompany them to Glencoe to investigate the oil probabilities in that section within a few days. He may go with them into the Buxton neighborhood, as well, and ascertain whether or not there are favorable indications there. The company has secured a great many concessions from the property owners of both places and only await a favorable report to commence boring.

Strayed—From Bloyd & Sigler's mill, April 9, one sorrel mare, white stripe in face, wart under right eye; white hind foot; collar and harness marks; weight about 950. Suitable reward for mare or information leading to recovery of same. BLOYD & SIGLER, Phillips.

"Bud Milan," whose proper name is W. E. Milan, was last Thursday evening, late, released on bonds in the sum of \$1200, and allowed to go on his way rejoicing. Milan was in custody, charged with the murder of the Raleigh Chinaman. His bondsmen are Laura Long, a nurse of Baker City; Dominick LaGrande, a scavenger of Portland, and Milan's father. He will be tried for the crime in July, by a special panel called for that purpose alone.

Bob Greer will sell you American Wonder peas at 15 cents per lb., or 2 lbs. for a quarter; yellow Danvers onion seed for \$1.00 per lb. All other seeds in proportion. All first class seeds.

Rob Crandall and family departed Tuesday afternoon for the East. Mr. Crandall will go to Duluth after he gets to St. Paul, while the family will go on to Michigan for a short visit. Their many friends here regret their departure.

Schulmerich Bros. make the following prices on implements: 2 horse, all steel lever harrow \$12.50; 3 horse, all steel lever harrow \$14. Disc harrow from \$25 up, according to size and style.

A Very Good Showing for the Applicants for Teachers' Papers.

The result of the recent teachers' examination held in this city is now known, and it speaks well for those who have made applications for certificates. She was born in Albina, June 12, 1887, and with her parents moved to near Hillsboro in 1890. For a number of years she attended the public schools here, where she was a general favorite. The family moved to Portland last year. She was a remarkably bright girl, and the bereaved family have the sympathy of their many friends.

For to be a successful business man you must be careful in your dealings. That is the reason so many successful people buy their footwear at Dennis'. His stock is selected with care; he can fit all who come, and his line of ladies' shoes.

The new office rooms of Dr. F. A. Bailey are the finest on the West Side, and would more than do credit to a metropolitan office. He has a general waiting room by itself, a surgical room adjoining, where he has every modern convenience, and a private consultation room leading away from the operating room. He has both phones in his offices and has his rooms newly furnished throughout. They are located upstairs in the Morgan-Bailey brick, of which the doctor is the proprietor.

They give it away. Commencing Saturday, March 9, H. Wehrung & Sons will give each cash purchaser of a dollar's worth of merchandise a chance on the following: First prize, lady's or gent's Hartford bicycle; second prize, lady's or gent's Vidette bicycle.

Duly appointed delegates from Hillsboro, Forest Grove, Cornelius, McMinnville and Glencoe lodges Knights of Pythias will meet in this city Saturday to confer with John M. Wall, Deputy Grand Chancellor for this section, to arrange a program for the Pythian District Convention which is to take place in Forest Grove on the 22nd of June, when the State Encampment of the G. A. R. is in session. The Pythians are determined to make the day a success, and every effort will be put forth to have a splendid program. Invitations will be sent to the sister lodges of Multnomah county and perhaps others.

THE MONEY FOR COUNTY ROAD WORK

How the New System Works this Year.

COUNTY WILL HANDLE THE MONEY

Supervisors will Draw Warrants on the County Court.

As the road law is not plain to many, THE ARGUS will again try to show how our roads will be handled this year. The county commissioners made a levy on all taxable property for the purpose of road work. This tax will be collected with the general tax. Instead of property owners working out their tax as heretofore, the supervisor will hire the work done and give an order on the county court, setting forth the amount of work done. The board will consider the order and at the next term after the order is presented, order a warrant drawn in payment therefor. The amounts for each district, under the levy, are:

W. E. McCourt returned the first of the week from Seattle, where he visited with his sister. He states that while there he had a talk with J. I. Knight, well known here as an insurance man in the boom days of Hillsboro. He says that Knight is still in the insurance business, and doing well.

Jas. Aiken, Convicted of Murdering Guile Suie.

Sheriff John W. Sewell last Friday morning conveyed to the State's prison at Salem James Aiken, convicted at the recent term of circuit court of the murder of Guile Suie, a Chinaman, who resided on a hop ranch near Raleigh, a little neighborhood just below Beaverton. Young Aiken had been in trouble with peace officers for several years, but hitherto avoided conviction. He is but 25 years of age, and maintains his innocence. He took his sentence without any show of emotion, and when about to receive it said he had nothing to say. It is stated that his relatives are trying hard to raise sufficient money to appeal the case to the supreme court.

Born, Monday, April 8, to the wife of M. M. Mead, of Cedar Mill, a daughter.

Go to F. J. Barber, Second Street, or a neat shave or hair cut. Satisfaction guaranteed.

H. T. Bagley is in attendance at the Macabee State Convention this week, where he represents the Hillsboro Tent.

Kenyon Crandall, a well known pioneer of 1852, is in the city from San Francisco, and is visiting with his nephew, THE ARGUS publisher.

Saturday evening, a week ago, a pleasant little party was given Fred Ennis at the home of Mr. and Mrs. W. G. Walker near Greenville. A large number of young people were present, and the evening was enjoyably spent in music, games and dancing. The occasion was Mr. Ennis' 18th birthday anniversary.

Cornelius—Amos Thompson, an uncle of D. T. Phillips, died in Portland, last Saturday, aged 94. His remains were shipped to Belleville, Ill., his old home, for burial. He has been living with his son, C. H. Thompson, for the past few years—There will be a dramatic play, entitled, "The Noble Out-Cast," in Hendricks Hall, Cornelius, Saturday, April 20. The play is in four acts and is given by home talent.

Sheriff Sewell reports tax as coming in very slowly at present, but the office looks for an increase in the receipts as soon as the rush of spring work commences. The Southern Pacific has not yet liquidated its tax, which is considerable, the assessment on the road bed and rolling stock amounting to \$4,046,03, their contract lands, \$377,42 and on the company's congressional lands, \$1,072,62, a grand total of \$5496,07, errors and omissions excepted. This will be quite a little addition to the county treasury, but it is not what it should be. As a matter of fact the roadbed assessment is not high enough by nearly a half, if not a half. The company is paying some more tax than it did on this particular item, however, as the equalization board for the last two years has reduced the landed assessments of the county without lowering the roadbed valuation.

The fields will soon be dressed in their best. Why not you? Buy your gent's clothing and furnishing goods at H. Wehrung & Sons. Largest stock and finest selections in the county.

The farmers are everlastingly at work these days putting in their crops, taking advantage of the good weather. So far the weather has not been so warm but what horses can be crowded to their work. Seeding is a long way behind owing to the late spring, but we are not disposed to growl when we read about the blizzards which have been raging in Colorado the first of the week.

If you want to look dressy and neat, go to Aug. Tews, the Second street Hillsboro tailor, and give him your measure for a spring and summer suit. His work gives eminent satisfaction. Ask any of his patrons.

A man by the name of Hoffman, residing near Laurel, while crossing the Jackson Bottom with his team the other day, had an unfortunate time. His team walked off the grade into the water, and the animals were badly cut with the barb wire fence. One of his boys is said to have had a narrow escape from drowning, but was saved by an older brother. The family was on the way to D. H. Willer's, a brother-in-law of Hoffman, to make a visit when the accident occurred.

Schulmerich Bros. have received a car of Utah Land Plaster; \$13.50 per ton.

J. C. Schulmerich, now located on the Wilkes place near Greenville, was in the city yesterday, and says that he likes farming better than ever. Work in his section, is progressing rapidly.
