Opposed to Gold Mono-metallism. Believes in the Bimetallist Standard. Dear Money means Debased Property, and Profitless American Product. Our Consequent loss in our Creditors' Gain. Has as use for Marcus A. Hanna. TWENTY-ONE American gentlemen recently met in England with a body of commercialists and royalty. To read the Associated Press dispatches one would infer that these twenty American gentlemen were the whole American nation—and this analysis is not far wrong.

It is now evident that there will have to be a new contract between this country and the Sultan of Turkey. The Sultan is about ready to go on a strike for a higher wage scale. Here is a very peculiar situation, and the whole trouble is due to our occidental world. The Sultan has found it very difficult to pay the millinery bills of his numerous wives since American and Parisian styles of bonnets have invaded the Philippines. General Bates will doubtless soon be authorized to go and get a census of the Sultan's harem and then the government can increase the payroll of His Majesty in accordance to modern demands. What a great country we are getting, and what methods we are pursuing.

The state should be grateful to the last legislature—remember that it found that Davis was short over thirty thousand dollars. Just tell us how we could have lived through it had we been kept in ignorance of this. Suit has been brought, but this means only expense with no return.

The supreme court of the United States has decided that the constitution follows the flag when the administration wants it to—in spots. This is admirable. There is nothing like a flexible constitution when we are governed by the trusts and exploiters.

BIG CROP OF PRUNES.

Wilbur K. Newell, of Dilley, commissioner of the first horticultural district, reported to Secretary Lamberson that he has visited Multnomah, Clackamas, Yamhill and Washington counties, and received reports from Columbia, Clatsop and Tillamook. He says: "I find in Yamhill county more prunes than they will be able to dry with present drier capacity. I know of five contemplated new driers, but they will not be enough to handle the crop. There is certainly too, and I should say two tons, of green fruit in sight in Dundee district alone, more than there is drier capacity for handling. Orchards generally are better cared for than ever before. Growers are hopeful and the feeling is general that good prices should prevail. Prune growers are confidently expecting good prices for Italians, feeling that Oregon fruit made a good name for itself last year and should sell readily this season. Apples will make 75 per cent of a crop. Red Astrachan, Graevenstein and Baldwin will be shy. Prunes will be a full crop all over my district, and the probable output, if all are saved, will not be less than 250 cars. Pears, light crop, about 40 per cent; cherries fair, 85 per cent; peaches light, 25 per cent; grapes full crop; strawberries and other small fruit, good crop and of fine quality.

German syrup is the special prescription of Dr. A. Boesche, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures coughs, colds and all lung troubles of the severest nature, removing, as it does the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boesche's German Syrup was introduced in the United States in 1868 and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts.
