Dr. Kellogg, who has travelled extensively in Europe will give his great stereoscopic lecture in the Methodist church, Friday evening, this week. For superb pictures and sparkling wit, this is the thing.

CINNABAR MINE.

A ledge of cinnabar has been found on the farm of W. D. Hare, south of this city. A tree recently fell and at its base was discovered the ledge. Mineralogy defines cinnabar as "A rhombohedral mineral, generally of adamantine lustre, though in friable varieties, dull. Colors, cochineal red, brownish red and lead grey, streak scarlet." It is out of cinnabar that we get quicksilver. More than likely it will be ascertained whether or not the ledge is sufficient to pay opening and operating.

Pictures and wit at the Methodist church, Friday evening, this week. Admission 10c and 15c.

It will not be long until Hillsboro will have a water and light plant on its hands and then we shall level in the throes of municipal ownership. The council committee has selected Electrician Chener, who put in the Haines' plant at Forest Grove, as its arbitrator of values. After a few preliminaries the water company will appoint a man, and the two will settle down to adjudication of values. In case these two cannot agree, a third will be selected, whose duty will be to break the deadlock. Just how coltish we will feel when we have taken on the full dress of municipal ownership, like Glasgow, Scotland, remains to be seen. Hereafter the water and light system will be more than ever in municipal police and purserage will be financed with genuine metropolitan methods.

If you are looking for bargains call at McCormick store in Crandall building on Main street. He carries the entire stock of goods recently purchased from Mr. E. L. Abbott in connection with his stock of sporting goods. His 1901 Imperial bicycles are the best on the market for the money. Repair shop in connection with store.

Henry Wehrung celebrated his 73rd birth anniversary yesterday, and was congratulated by his many friends on the way he yet steps around. Mr. Wehrung will have been, in another year, a resident of Oregon for fifty years, having reached here in 1852. He has been a continuous resident of the county since that time, and for years has been a business man of this city. He helped to build the first frame court house of any pretensions ever built by the county—the building now standing opposite the Tualatin. For many years he and sons have been engaged in the general merchandise business, and by fair dealing and courteous treatment, built up a splendid trade. May he live to see many more birth anniversaries.

Where would you be without your feet? Have you ever thought of that? Dress them with purchases at H. Wehrung & Sons. They handle shoes direct from the factory and have the most complete stock in Washington county. You are bound to buy if quality and price go for anything.

The Hillsboro team earned two home runs at Greenville last Sunday, even if they did come home with their eagles cooped in a buckboard instead of perching on their banners. One was batted by A. C. Shute, and it was a sky-splitter. The other was knocked by Jess Crandall, and while it was not a crack-a-jack, the sphere endeavored to find all the subterranean curves of a gopher hole—and it did its mission well—permitting the batter to get home. Jess was heard to remark that if Hillsboro could have found sufficient gopher holes our boys might have won the game.

Thos. Peters, a brother to townsmen John Peters, is here from Portland, making his relatives a visit. It might be of interest to some of his bachelor friends to know that Mr. Peters recently visited Canada and wedded. Mrs. Peters accompanies him.

At the Native Sons' Grand Cabin, last week, held in Portland, W. V. Wiley, of this place, was elected Grand Marshal. Hon. W. N. Barrett and Hon. W. H. Wehrung were elected Grand Trustees. This puts Hillsboro in the front rank as far as the Natives are concerned. A. E. Reames, husband of Edith Tongue Reames, of Jacksonville, was elected Grand President. Mr. Reames is one of Oregon's favorite sons, and will make a popular executive for the Natives.

If Hillsboro gets the railroad, well and good. But whether it comes or not, H. Wehrung & Sons will do business with you. Their new line of wash goods, ladies' muslin underwear, wrappers and spring dress goods, has arrived.

Humphrey Boyd, a brother to Mrs. R. Cave, and who for some months has been working in the mines near Glendale, Ore., is in town this week, and will remain in the county visiting relatives until after the Fourth of July. He states that the mining industry in the Glendale section is distributing a great deal of money for labor and supplies, and that the product is making lots of money for the owners.

You can't reap unless you sow. Buy your farm implements from H. Wehrung & Sons. Complete line of wagons, plows, harrows, seeders, buggies, carts and all implements used on a farm. Come and see them and get their prices.

R. S. Perkins Jr. is out to the Beaverton ranch, suffering from the pains of an amputated thumb. Last Sunday, while cutting wood at the house of his brother-in-law, he accidentally "whacked" off the offending digit. R. S. Perkins Sr. is in Portland, badly indisposed, and the kid is now running the ranch with all the sang froid of a wheat king.

Those wanting single harness should call on the Pioneer Harness Shop, A. M. Carlile, Manager. Fine sets in stock.

O. G. Wilkes has the finest line of sundries and bicycles in the city. Also a neat repair shop in connection. All work guaranteed.

SEVERAL HUNDRED DOLLARS SUBSCRIBED

For the Native Sons' Harvest Street Fair.

EXPECT TO RAISE A THOUSAND.

Griffin Cabin has Taken Hold of the Matter in Earnest.

The members of Griffin Cabin, Native Sons, have taken hold of the matter of a street carnival in earnest, and Messrs. Wehrung, Wiley and Bailey have already secured subscriptions running into seven or eight hundred dollars. It is expected that a thousand dollars will be raised, and, this money will be advisedly spent to make the carnival a success. If the Natives make safe, we shall see the finest exhibit of our county's resources ever exhibited. This will include livestock of all kinds, and all agricultural productions.

Many attractions will be secured, among which will be a Northwest League game of baseball between Portland and Seattle, or the two teams holding the highest percent ages in the season's games.

Every convenience will be provided for exhibitors, and it will be arranged so that they will not be to any expense while in the city. The dates have not yet been decided, but the time will probably precede the state fair.

There will be prizes as follows, for exhibits of grains and grasses: First prize, \$20; second prize, \$10, third prize, \$5.

Many other prizes will be given, notably for vegetables and fruit. The same prizes will obtain in this as in grains and grasses.

This mention is made early to enable farmers and horticulturists to make good selections in season. Other prizes will be published in next week's issue, or as soon thereafter as determined.

Order first class clover hay from W. H. Connell, \$6.50 per ton delivered.

The band concert Saturday evening was very well attended, and several new pieces were presented.

Anyone desiring the services of a girl to assist in general housework will please inquire at THE ARGUS office.

O. R. Spenser has secured the services of a first-class barber, and satisfaction is guaranteed. The public is invited to call.

No rain is wanted just now as many a clover field has been laid low this week. With the advent of haying, the town has been very dull.

Up to date Sheriff Sewell has turned over \$59,665.93 to Treasurer Crandall, collected from the 1900 tax roll. There yet remains about \$9,000 to turn over. This leaves about \$27,443 to complete the collections.

Dr. F. A. Bailey, assisted by Dr. W. D. Wood, recently made a successful removal of a tumor from Mrs. Geo. Wilson, of Bethany. The obstruction was on the back of the neck, and very painful. The patient is getting along nicely.

Alonzo Sigler and Harmon Melin have been hauling lumber from the Bloyd & Sigler mill, beyond Bethany, and it is being shipped to Perryvale to be used in the mill being built by Messrs. Latham and Benson of this city. The machinery has been ordered, and will soon be on the ground.

Clover cutting commenced this week in good earnest and many an acre was razed to the ground by the middle of the week. Crops are looking fine in nearly every portion of the county, and those fields which are suffering from the ravages of the Hessian fly are few and far between. The advent of warm weather was a severe blow to grain aphids, and only unforeseen circumstances will prevent Washington county from having the best grain crop for years. Of course, here and there is a field that will give a poor yield, but other than the fly is generally the trouble.

A. C. Shute has traded his residence property on Sixth street for the Vrooman lot, on Baseline street, and it will at once be put in shape for a baseball field. There will also be a three-lap mile bicycle track constructed. It is the intention of the incorporation into whose hands the making of the field has fallen to put up a grand stand. The field will be enclosed with an eight feet board fence. An attempt will be made to have a League game of baseball played here this fall during the Street Carnival by the Native Sons. This is just what Hillsboro has needed for years, and Mr. Shute is to be commended for his public spirit in inaugurating the movement which has led up to furnishing the field. It will be the finest field on the West Side, and baseball will have some attractions to our people now that a decent diamond can be furnished. Work on the grounds has commenced and within a fortnight, or three weeks, at least, everything will be in readiness for anything that comes along.
