QUITE RIGHT.

(Portland Oregonian.)

Sampson's partisans reprobate criticism of him because he is sick and broken in mind. His condition is truly to be pitied, but it does not affect the merits of the memorable controversy in which he is a principal. What part he took in the campaign against Schley, beginning with his ungracious arrival at Santiago after the battle, is history, and not to be changed by his subsequent fate. We do not estimate public men by their private griefs.

GEN. ALGER is now wondering if there is any congeniality between a Round Robin, such as Col. Roosevelt signed at Cuba, and a plain public utterance without cover, such as was made by Gen. Miles, and for which that officer was reprimanded by the same colonel, and now the president.

WILL it work? San Francisco has the initiative and referendum in its charter, and it works there like a charm. If it works well municipally, why not try it on a larger scale as it is proposed to do in this state. Don't go to the polls next June with the excuse that you don't know anything about the referendum. You have ample time between this and election time to post yourself thoroughly. Talk it up with your neighbor.—Salem Independent.

The people who are worrying about the merger of the Great Northern and the Northern Pacific railways are losing valuable time. So long as the same men own and operate the two roads, it doesn't matter a picayune about the name, or the incorporation of the two properties as one. Results are all that the railway owners want, and they are going to have results, whether or no. Every state in the union has, or should have, the right to effect railroad legislation, governing the management, to a certain extent, of these great properties. But the only true remedy is popular ownership—and it will come sooner or later.

OREGON is not very proud of its Hebrew senator, and the little chap will have a hard row to break into the senatorial body a second time. That he was the creature of circumstances and dirty politics, every citizen awake to public affairs, knows, and that Oregon has lost national caste by sending him to Washington is no matter of conjecture. If the state has any conscience, it will succeed him with a man of brains and a statesman. His lieutenants are already commencing the fight to get legislative delegations for his succession, and, unless there is a change in his tactics, he will not fail in many counties in the state. Jos. is a shrewd worker, and no one better understands the game of politics than this little son of Jerusalem. His "hurry-up" are already in the ring, for good or ill. Now, we shall see what Oregon can do when she has a nasty job to perform.

THE good people of Nebraska have now found out why Gov. Savage was elected—that is to say, they have the fruits of the anti-fusion election. Bartley, the ex-state treasurer, who stole thousands of dollars from the public treasury, and who was convicted and sentenced to twenty years' imprisonment, has been pardoned. It is safe to say that in the state penitentiary of Nebraska there are men serving time, without hope of pardon, and there for stealing, perhaps, not over one hundred dollars worth of property. Strange, is it not, how some of our statesmen commiserate with the gilded thief, while the petty larcenist must suffer for the extent of the law? This is

the old, old story, as old as history. But in this age we expect such things. The trusts rob the citizens of our nation of millions each year, and they do it under cover of the law. They apparently own our legislative bodies, our press, and the people, even, who are paying extortion.

TAX OURSELVES RICH.

(The Commoner)

The authorities of Washington have been expending money with such reckless zeal that they seem to be impressed with the notion that money grows on trees. It is also true that, although being required to observe enormous and unparalleled expenditures in our new possessions, many people have not stopped to think that some one must be footing the bill. Any intelligent man understands that when the government expends an enormous sum of money, the people "pay the freight," and in the past it has never been considered good business policy for a government to be extravagant. Secretary of the Navy Long, however, in a speech delivered at the launching of the battleship Missouri, presented a novel theory in defense of extravagant expenditures. Mr. Long was replying to a circular in which Edward Everett Hale and other gentlemen had protested against an expenditure of \$100,000,000 in the navy department; and this protest added that such an expenditure meant a tax of \$6.00 on every family in the United States. It is true that Mr. Long admitted that "the community should not be taxed for the sole purpose of distributing the proceeds of taxation," but he added: "And yet, on the other hand, as a matter of practical fact, if that sum is spent there is probably not a family in the United States whose future income could be shown to be \$6 less, and still more families whose income would be many times \$6 less if it were not spent." This is strange reasoning, and if it is correct, then there is no reason why expenditures in every department of the government should not be multiplied a thousand times.

BRAIN FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutrition is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at The Delta Drug Store. Get Green's Special Almanac.

THE COMMONER

(Mr. Bryan's Paper.)

The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic, and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his review of political events as they arise from time to time can not fail to interest those who study public questions.

The commoner's regular subscription price is \$1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and The Argus, advance subscription, together for one year for \$1.65. The regular subscription price of the two papers when subscribed or separately is \$2.00.

ONLY ONE WAY TO DO IT.

Get from Portland to Chicago in 72 hours—just 3 days. The "Chicago-Portland Special," leaving Portland daily at 9 a. m. via O. R. & N., arrives at Chicago at 9:30 the third day. New York and Boston are reached the fourth day. This train, acknowledged to be the fastest between the Northwest and the East, is solidly vestibuled and its equipment is unsurpassed. Pullman drawing room sleeping cars, up-to-date tourist sleeping cars, library-smoking cars, free reclining chair cars, and unexcelled dining cars, the meals on which are equal to those served at the very best hotels. Remember this train runs solid Portland to Chicago; there is no change of cars, and the good of it is, it costs no more to ride on it than on other routes.

We have other trains. The "Pacific Express" leaves Portland daily at 9 p. m. via Huntington, and the "Spokane Flyer" leaves at 6 p. m. daily via Spokane for St. Paul and the East.

WOMEN AND JEWELS.

Jewels, candy, flowers, man—that is the order of woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous effort to make or save the money to get them. If a woman will risk her health to get a coveted gem, then let her forfeit herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its earliest stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and bronchial troubles. You can get Dr. G. G. Green's reliable remedies at The Delta Drug Store. Get Green's Special Almanac.
