His new wall papers, just received, cannot be excelled this side of Portland. Prices range from 4c per roll up. If you are going to paper your rooms this spring, call and look over his stock, which is fresh from the factory. Bring in your old chairs, lounges, sofas, in fact any kind of furniture, and trade them for new ones. Do not throw them away. They are worth something. Give him your orders and save from 10 to 20 per cent.

JAMES N. SHEARER.

D, Second Kansas Cavalry. In 1865 he was married, and in 1875 he emigrated to LaFayette, Ore., with his family. For the last 22 years he has resided on Gales Creek. The surviving children are: Josephine Case, wife of A. C. Case, of Forest Grove, and William Shearer, of Gales Creek.

Chas. Bowers and Tot Wann left Tuesday morning for Yaquina Bay, where Bowers has a ranch.

Dr. J. P. Taniotis was a Portland visitor yesterday, whither he went to attend professional work at one of the hospitals.

Max Burgholzer was down from Timber today, and says that the snow is gone from the mountains except on the highest points.

W. W. Paine, of Glencoe, and who has been at Dob, Wash., has returned with his family, and is now getting ready to put in a crop.

Beaverton had city election yesterday, and the successful contestants are: F. M. Robinson, mayor; M. D. Cady, treasurer; Robert Hocken, treasurer; councilmen for two years, Al Davis, Julius Henriksen; for one year, H. G. Vincoat. The new marshal is Henry Livingsood.

Glencoe is to have a cheese factory if the farmers will pledge enough milk to make the operation of such an institution a financial success. Messrs. Fred Schomburg, J. C. Beach, Hiram Smith and Alfred Goebler, the cheese maker of Tillamook, have formed a stock company for the purchase of the Glencoe creamery building, and they expect to commence manufacturing by the 15th of the current month. The new company agrees to give more for milk than any creamery in the county, and there is no reason why this can not be done. Mr. Goebler is said to be one of the best manufacturers of brick and Limburger cheese in the Northwest, and the venture is bound to be a success if sufficient milk is furnished.

There's nothing like making friends. They'll always come and see you. Dennis sells shoes to the same customers the year round. Latest styles, best quality and living prices.

Everything is quiet in baseball circles just at present, except that the Diamond Ws will sign one more man. Ross Parker, who is one of the best players in the county, has written the managers that he will be unable to play this season, his work requiring too much attention. This is to be regretted, as he is a strong man almost anywhere he is placed. Cornelius is said to be going along nicely, and it is reported that they have signed Fleming to pitch the season. Fleming's work is said to be good, but not better than Harkins'. Just as soon as the weather settles the game will be called, and a crack-jack of a season is promised.

W. R. Hoyt has opened a real estate office next door to The Argus office, and will be pleased to meet his friends, old and new. He has long been known as the photographer who would do exactly the fair thing by every customer. The same rule will govern the new venture.

The Hillsboro Board of Trade is having meetings every night or so, preparatory to getting their literature ready for sending east. Never in the history of the town has there been so much interest in a matter of this kind, and if all the effort shall not result in some good to the community, the members will go very wide of the mark. The town has needed such a body for some time, and the institution is working with a will.

Pops, the photographer, Second Street, at the Hoyt gallery, is turning out some fine work these days. If you want photos with the proper expression, and on popular mounts, give him a call. He will guarantee his work and his prices are right.

Mr. and Mrs. Miles E. Everitt have returned from their extended trip to California. They visited Mrs. Everitt's parents at Guinda, Yolo county, and made a trip to the Golden Gate city before starting north. M. E. says that the rains commenced down in the flowery state as soon as he crossed the border, and the Californians whom he met ascribed the wet to the advent of the Oregonian.

Did you say groceries? H. Wehrung & Sons is the place to get prime articles in this line. Our stock is always fresh: always up to date, and we never keep adulterated lines. Come and see us.

The Hillsboro Fire Department last evening elected the following officers for the ensuing year: Chief, E. B. Sappington; Assistant, John Beauchamp; President, H. T. Bagley; Vice, Jas. Rector; Secretary, Jas. Butler; Treasurer, U. G. Gardner; Foreman Hook & Ladder Corps, Ed. Wann; Foreman Hose Corps, John J. Long; Alarm Officer, C. T. Allison.

Bicycles should be thoroughly cleaned and properly repaired before using this spring. Take them to McCormick's, where a first-class repairer is waiting to treat you right.

Supt. Barnes, of the Hillsboro public schools, for the month ending February 28, reports enrollment at 314; 104 cases of tardiness for the month, and 405 days absence. This 405 days absence would mean one and one-third days closed school. Something wrong about this, and parents should guard a little closer.

You eat to live and live to eat. To live right you should buy Diamond-W groceries at Dennis' store. Freshest and best anywhere. Ask those who deal with him.

When farmers are in need of agricultural implements they should see Schulmerich Bros.' stock. They are factory agents for Osborne and Deering harvesting machines, Rock Island plows and hedges, and Tiger drills. Also carry a full line of buggies, wagons and general hardware.

S. J. Raffety was down from Mountdals yesterday and says that he is listening to hear the whistle of the Nehalem railway locomotive. He'll hear it, all right.

Seven room house in city, barn and out buildings, fruit-bearing trees and small fruit. Cheap for cash. Inquire at Argus office.

SCHOLLS GOING AHEAD.

Rowell Brothers and Ferd Groner, of Scholls, have purchased the Scholls saw and grist mill, formerly owned by Adams & Funda, and have incorporated with a capital of \$15,000 to engage in the business. The sawmill is now located on the Tualatin river, and will be operated where it is this summer. Next Fall the firm will build a new mill, and put in new machinery for both lumber cutting and grinding flour. They expect to then turn out fifteen thousand feet per day. At the present the mill will be operated all summer without change, except that a new planer will be added. The new mill will be built on the present site of the tile factory, which is to be owned by the same corporation. The tile machinery arrives today, and work will soon commence in that institution.

One of the owners says that there is at least twenty-five million feet of fine merchantable timber tributary to the sawmill, and as there is plenty of wheat raised down there, the flouring mill should do a rushing business.

A. V. Denny, the popular young stockman of Raleigh, was in the city this afternoon.

Schulmerich Bros. have received carload of Utah land plaster. Fertilize your land.

Go to F. J. Barber, Second Street, for a neat shave or hair cut. Satisfaction guaranteed.

C. Jasper, formerly of Greenville, but now of Forest Grove, was in the city today, paying taxes and remembering The Argus.

Marshal Atkinson will sell two stray horses; one, a sorrel mare, white strip in forehead, large angle, forefoot; the other, a steel gray horse, about five years old, for March 13, at 2.00 P. M., for pound costs. Here is a chance to buy you a good horse cheap.

There will be a temperance rally for children and young people, conducted by Mrs. Helen Harford, state president of the W. C. T. U., at the Congregational church, Sunday, March 9, at 3 o'clock. Mrs. Harford will speak in the Methodist church in the evening at 7:30 o'clock. Union service; all denominations.

Tax collections have been coming in very rapidly the past day or so, and the entire roll is already one third collected. Up till this evening Sheriff Sewell and deputies have collected nearly \$35,000, and today was one of the best in point of receipts. The force is kept very busy figuring the rebates, and the law involves a terrific amount of work. The rebate will be paid for eight more business days, and after that things will come a little easier to the boys.

Mr. and Mrs. Geo. Biersdorf were out from Portland Sunday, guests of relatives and friends.

Wm. Landess and wife, of Cottage Grove, were in the city the first of the week, guests of John Landess, an uncle.

John H. Dobbins, well known in this city, has been transferred to Ashland, where he is promoted in the Southern Pacific train service.

Eli Poe, of this city, has been granted the contract of carrying the mail between this place, Farmington and Laurel, daily, except Sunday. Service to begin July 1.

John Ibach, one of Greenville's industrious ranchers, was in town Monday, paying taxes, and transacting other business. He made The Argus his usual annual call.

Goodmurphy, the Second Street barber, now has the "swellest" little shop in the city. One of his latest innovations is compressed air and by its use he can give one's face a finish that is like a dream. Call on him once—and you'll call again.

Stephen Simmons, aged about 16 years, and who resides with Jack Krebs, near Farmington, while cutting wood, the first of the week, accidentally chopped off the index finger of his right hand. Dr. Tamsie dressed the finger, taking it off at the third joint—that is, all of it.

H. Wehrung & Sons' handsome new spring stock is arriving, and those who want bargains in all lines of merchandise will do well to call and inspect.

A representative of a hop buying firm was in the city Saturday, having made the county in the interests of his company. He stated to a reporter that so far as he knew there had been but two contracts signed for the next year's crop. These two contracts were for 11 cents, the same price to be received by the Marion county hopman who have contracted against the future.

For sale—at my farm, at Glencoe, Ore., three heavy, well broken horses, ranging in weight, 1200, 1500 and 1600.—Wesley W. Paine.

Senator Wehrung was to Salem the first of the week, meeting with the state board of agriculture, outlining the coming state fair. The races will be the best held in Oregon, this Fall, and the purses to be hung eclipse any offered since the halcyon days of good horseflesh and big racing. The exhibits, which grow better each year, are this time to be world beaters. Let the good work go on.

After date, each dollar cash purchase will entitle purchaser to ticket on following premiums: 1st prize, lady's or gent's 1902 Rambler bicycle; 2nd prize, girl's or boy's 1902 bicycle.

The Oregonian says that the Portland and Nehalem railroad is assured. This line will cross Washington county, and will make through the Glencoe and Greenville districts, and the much discussed question these days is whether or not the road cares enough for local freight to tap this point, where there is a great deal of produce for shipment, and much freight to import. It is highly probable that the line, if it shall come in by Cedar Mill, may cross the plains, near to this city, and then go on northward. Hillsboro could well afford to get the line right of way and depot facilities. The Board of Trade is looking into the matter with a view of seeing what can be accomplished.

H. Wehrung & Sons' prizes, drawn March 1, were won as follows: D. B. Reasoner, 1092, sideboard; E. C. Luce, 599, bedroon set; Geo. Billings, 2683, rocker; Henry Schmelzer, 2887, \$5 pair of blankets. The ticket, 1938, drawing center table, has not yet been presented.

Sheriff Sewell went to Salem, Saturday, with an insane patient was Mrs. Elizabeth Schmidt, wife of Valentine Schmidt, of Tualatin. The Schmidts lost everything they had by fire last September, and since then the wife has not been well. She has imagined that the sheriff was after her, and refused to go to the house where the family lived. When remonstrated with she would resist. Dr. Saylor, of Sherwood, has been treating the woman for nervous prostration and insomnia, but her malady has grown steadily worse, until complaint was lodged with the proper authorities. Owing to the illness of Judge Rood, the patient was examined before Justice Randall, Dr. F. A. Bailey making the medical examination. Mrs. Schmidt was born in Germany, and is 52 years of age. One of her uncles suicided a number of years ago.

POLITICIANS TOOK THE CITY YESTERDAY

Republican Committee set the date for Primaries.

COUNTY CONVENTION ON MARCH 27

Socialists did not hold a Nominating Convention Yesterday.

Yesterday was a busy day in town, and politicians were everywhere. The Republican County Central Committee met in the grand jury room and set the dates for the primaries and for the county convention which is to follow. The usual rule is not followed out this year, and there is to be but one set of primaries, and but one county convention. The primaries are to be held at 2:00 P. M., Thursday, March 20, and the county convention will be held one week later, Thursday, March 27. At that time twelve delegates will be sent to the state convention; twelve to the congressional convention; and a full county and legislative ticket will be placed in the field.

On the outside it looks as though the primaries will be swept by the element in sympathy with Senator Simon, although this idea is contested by those opposed to the return of Mr. Simon.

The socialists did not hold their mass convention yesterday, as advertised by the county press. The weather in the fore part of the day was stormy, and there were but eight or ten of that faith in town. Mr. Pearson, the secretary of the Laurel Club, and who called the convention, says that in all likelihood another meeting will not be called, although such a thing could come to pass. He states that he will first consult the socialists as to this, and a call may be made later on. He says that the work of distributing socialist literature will be pushed, from this on, and organization effected as rapidly as possible. He first wants to see direct legislation become a part of our constitutional law.

State Organizer Austin Buxton, of Forest Grove, instituted Washington Grange at the Arcade school house, above Glencoe, last Saturday, the new grange starting off with a membership of 27. The newly elected officers are: J. H. Davis, master; John Loftis, lecturer; Edmond Cornelius, secretary. Installation will be held on March 20. The institution was accompanied by a basket dinner and appropriate exercises.

Evan P. Hughes, of Jefferson, where he is engaged in the mercantile business, has been in the city this week, packing his effects, preparatory to taking up his residence in the city of his adoption. The family expects to move as soon as the little daughter, who is ill, can be safely taken on the journey. Hillsboro will greatly regret their departure from this city, where so long they have been a factor in social life.

Miss Ollie Weaver, of this city, while in Portland one day this week, found a handsome gold watch. The time piece was a splendid affair, and had several diamonds set in its case. Wm. Reidt was the loser, and an advertisement in the Oregonian restored the property to its owner.

Messrs. Max Crandall and E. C. Brown are aiding Sheriff Sewell in the writing of receipts to taxpayers this week. On Monday the rush was considerable, but Tuesday was not the very busy day, owing to the very bad weather.

Thos. Brady, of Sherwood, was in town Monday, paying taxes, and while here, made this office a pleasant call, having purchased himself another year's reading of the paper besides bringing in a new reader.

March came in like the lion, as the old saying goes, and the month will be expected to go out like a lamb. Unless the rains let up pretty soon we shall not have so early a spring, after all.

Mr. Abbey, an aged German, died last Friday at the residence of Mrs. Hamel, of Phillips, and was buried Sunday. Deceased has been a resident of Washington county for 28 years.

It might be a matter of local interest to know that Henry Albers, of Portland, and who was clubbed by the Portland police at the recent Albers & Schneider fire, has sued the policemen and Commissioner Rankin for \$20,000 damages, for the beating given him. Henry McGinn is his counsel. On the other hand, the second-hand dealer, who alleges that Mr. Albers has accused him of setting fire to the business in order to get insurance, has sued Mr. Albers for damages. A nephew of Mr. Scott, the Oregonian editor, who was on the force, and connected with the clubbing affair, has been dismissed from the Portland police service.

Don't wear out the bottom of your trousers' legs when you get the latest in suspenders at Dennis'. Call and see them.

If the republicans of the state desire to do anything handsome for Washington county, they could do no better than to nominate D. M. C. Gault for the office of state printer. Mr. Gault has labored unceasingly for the republican party since away back in the sixties, and he is certainly entitled to recognition from the powers that be. He would make a good state printer—and is qualified. It is safe to say that he knows more about the business in a day than our genial friend, "Pickered Snout" Clark, of Garvais, knows in a year.
