

DIAMOND W'S BEAT THE FEIFER UNIONS

Game Was Full of Errors, but Exciting.

GOOD STICK WORK WON THE GAME.

Will Play The Sunnyside Team Next Sunday.

The Diamond W nine and the Feifer Union aggregation played an interesting game of ball at the local grounds Sunday afternoon, and although the game was replete with errors it was quite exciting. The locals led out strong with good stick work, but, in the seventh and eighth innings the visitor found the sphere for any amount of scores and it looked black for the favorites. In the ninth inning the Diamond W's, with four score behind, landed on the ball like a landslide, and pulled out the victory by a score of 14 to 13. Harry Cook and young Hatch were with the locals and did some good work. Croissant, of Scholls, did some great work on first base. S. B. Huston was umpire, and his initial appearance was greeted with altogether too much kicking. This "kicking" business is getting reduced to a science, and The Argus would suggest that hereafter umpires make the captains of the two teams sign up an agreement for a fine when a kick is registered, the amount to come from the purse of the offending side to swell the purse of the other team. In this way this whole sale kicking can be prevented. Much of it is senseless, and it is not conducive to clean sport. The line-up was:

Table listing players for Diamond W and Feifer's, including positions like catcher, pitcher, and fielders.

Score by innings: Diamond W 0 4 0 4 0 1 0 5-14 Feifer's 1 0 0 2 1 1 3 4 1-13

Struck out by Hoyt, 9; by Johnson, 5. Bases on balls—Hoyt, 2; Johnson, 5. Two base hits, Hare and Smith. Three base hits, Mills and Keller. Time of game, 2 hours.

O. S. ALLEN.

There was a large attendance of friends and neighbors at the funeral of O. S. Allen, Sunday, July 27, at Beaverton. Mr. Allen was born March 11, 1824, in Rensselaer county, N. Y. In 1852 he located in Westfield, Chataqua county, N. Y., working at his trade, that of a machinist. In 1856 he married Miss Francis E. Wade, who survives him. He came to Oregon in 1876 and located with his family in Beaverton in 1877, where he has since resided. He enlisted in the Civil War in 1862, in Company H, 112th Regiment, New York Volunteers, and served until the close of the war. He was actively identified with the anti-slavery movement in its earlier struggles for recognition, and was deeply interested in all patriotic and reform measures for the good of his country. He proved a valuable helper to Dr. Atkinson in the organization of a Congregational church at Beaverton, and in securing the church edifice still used by that society. The funeral services were conducted at the home, by Rev. D. B. Gray, and at the cemetery by the Beaverton Post of the G. A. R. Besides his widow, one son, two daughters and several grandchildren survive him.—Oregonian.

Fifty head of high grade Angora goats for sale; wethers and does.—Lawrence & Sons, Farmington.

The committee on right of way for the electric line reported to an audience in the parlors of the Commercial Club last Saturday evening. James H. Sewell, F. M. Heidel and J. A. Imbrie reported having been at the Cedar Mill meeting, and stated that there was much enthusiasm down that way over the prospect of rail communication with Hillsboro and Portland. The following Cedar Mill committeemen were appointed to assist the Hillsboro committee in securing right of way, on the night of the gathering: A. Reynolds, W. J. Butner, Robt. Johnson, Chas. Carmorene and Wm. Nelson. No report was heard from the Cedar Mill committee last Saturday evening, as the time between appointment and that evening was too short. Mayor F. T. Kane, Dr. Ward, Col. Haynes and the editor of the Times were present. Col. Haynes reported that the college town was doing all it could to get the road extended to that place. It was voted to call another meeting in this city as soon as the engineers reached the outskirts of the town.

The secret of many a person's success is footwear. Did you ever notice the feeling of confidence a good, durable, shapely pair of shoes gives the wearer? If you have not you are not a student of sociology. Come to us and fit yourself with a good pair of shoes, and see the proof of this statement. We have shoes for all, of celebrated makes, and at prices that defy competition. We buy large shipments and can sell cheaper than those who buy smaller lots.—H. Wehrung & Sons.

Photographs wanted—The Lewis and Clark Exposition Company will have need for a large number of photographs to illustrate publications on the Pacific Northwest, which will be issued to advertise the 1905 Fair. Donations of views of landscape, cities, mountains, farms, growing crops, forests, mines, fisheries, river scenery, seaside resorts, etc., suitable for the half-tone process, will be appreciated by the company. Photographers, professional and amateur, who desire to make donations, should address their pictures to Henry E. Reed, Secretary of the 1905 Fair, 246 Washington street, Portland, Oregon. The subject of the view should be indorsed on the back of the photograph; also the name of the photographer, so that no mistakes will be made. Credit will be given to the photographer in all cases where use is made of his pictures. Photographs are desired from every section of Oregon. None except those that will make good reproductions are wanted.

When farmers are in need of agricultural implements they should see Schulmerich Bros.' stock. They are factory agents for Osborne and Deering harvesting machines, Rock Island plows and harrows, and Tiger drills. Also carry a full line of buggies, wagons and general hardware.

The case of Ed. Wilcox against the Southern Pacific Co., wherein the plaintiff was given \$700 and costs, has been settled and the case is now a matter of the past. It is said that Mr. Wilcox settled with the company for the face of the verdict, and paid his own costs. This was better than to have waited several months and encountered the delay incident to sparring for a new trial.

You may not believe that clothes make the man—but you always feel better when your suit is of good quality and fits you. Go to H. Wehrung & Sons and you will find quality, a fit, and at prices that will make you feel that there is honest dealing at this reliable house. Full line of gents' furnishings goods.

There will be a grand ball at the hall adjoining the Miller hotel, at Cornelius, on the evening of Saturday, August 2, 1902. Ice cream and refreshments served at dance. Splendid music. Dance tickets, 50 cents. Come one, come all, and have a good time. Henry Hart and Ora Cook, floor managers.

People who buy groceries of H. Wehrung & Sons always look satisfied—and that is because they are satisfied. Satisfied that they get the best; and get that best at the least money. Try them and be convinced.

Thos. Tucker, of this city, and Wm. Tucker, of Beaverton, start this week for a vacation at Willott Springs, Clackamas county, where the two old boys will have a regular jollification.

Teachers' quarterly examination will be held in the public school building, Hillsboro, August 13, 14 and 15. This will be for county papers. On the 16th, applicants will write on state examination.

It is easy to answer. What is? Why we sell more dress goods and wash goods than any other firm in the county. It is because we carry the finest line of dress goods and wash goods found on the West Side. This means H. Wehrung & Sons, Hillsboro.

Wm. Mohr, for so many years Hillsboro's Second street shoemaker, is building a new eleven room house on his ranch beyond the long bridge.

Early oats are already being cut, and some winter wheat has been harvested. A good average crop is reported.

SUPREME COURT GIVES AIKEN A NEW TRIAL

Error Found in Admitting of Evidence.

WILL BE TRIED HERE THIS FALL

Aiken Will Have Another Chance Was Sent up for Life.

James Aiken, who was last fall sent up for life imprisonment, upon being convicted for the murder of a Chinaman at Raleigh, will have another chance for his liberty, the supreme court having remanded the case, upon appeal, back to the circuit court for a new trial. While one of the Chinamen at the hop ranch testified that he recognized Aiken at the time the Celestial was killed, the evidence which convicted was largely circumstantial, and Aiken may go free upon another trial. H. T. Bagley defended Aiken, and in the appeal, was assisted by Dan J. Malarky and Geo. Stout, Portland attorneys. Jimmie Aiken is well known in the Mountaineer vicinity, where he lived for a number of years. He is known as a tough customer, and has figured in several criminal escapades. The trial will doubtless take place at the November term of court. The report of the supreme court, as given in the Oregonian, is:

The defendant, James Aiken, was charged, jointly with Henry Bacon and Budd Malim, with the murder of Jung Goy Shu, in Washington county, December 3, 1900. Separate trial was had, and Aiken, having been found guilty, was sentenced to life imprisonment, from which judgment he appealed. At the trial in the court below, the state, adopting the theory that the deceased was killed in pursuance of a conspiracy formed by Aiken, Bacon and Malim, introduced testimony descriptive of Bacon's appearance after the homicide and detailing certain statements made by him at that time in the absence of the defendant. This testimony was admitted over defendant's objection. Bacon appeared at the saloon of William Woodard, six miles from the place of the killing, about two hours and 45 minutes after the crime had been committed. His clothes were muddy and he had a cut over the right eye. When asked whether he had had a scrap he said that he had, "but you ought to see the other fellow." The court holds that while Bacon's appearance was competent testimony upon the theory that such appearance is the necessary consequence of a joint participation in an unlawful enterprise, yet it was error to admit in the trial of Aiken, testimony made by Bacon in Aiken's absence. For this reason the case is reversed and sent back for new trial.

The secret of selling good goods cheaply is in buying them cheap. We buy as cheap as anyone and sell accordingly. At the Racket Store you will find a fine line of gents' ties, all kinds.

Roy Cook will be down to umpire the baseball game next Sunday, and as he is an old time favorite, this feature alone should add to the crowd in attendance.

Dr. A. B. Bailey was down from Spokane the first of the week, visiting with relatives in the city. He came down to see Dr. Geo. Merryman before he departed for China.

Tracy is still ahead—and so is Dennis. He keeps the finest selection of boots and shoes on the market. Fit your feet and feel fine.

W. V. Wiley, of this city, again has the refreshments privilege at the State Fair this Fall, and his many friends wish him a financial success.

You will find comfort for the hot weather in wearing a stock tie. It is a collar and tie combined. No white collar to "wilt." Just the paper—50 cents, at the Racket Store.

Mr. and Mrs. Thos. Uglov, of Mountaineer, were in town Saturday last. Mr. Uglov settled up in his section many years ago, when nearly all that country was a multitude of farms cut out of the timber.

Geo. W. Kelley, of the Ridge was in town Tuesday, and states that haying up in his section is about finished. Grain harvest will soon be in order there.

Tompkins Brothers are again at the piling industry, and their teams are bringing in some fine timbers and unloading at the depot. The boys are near a fine body of this kind of timber. Last season they shipped over a thousand pieces of A1 piling, and if the demand holds out this number will be enlarged upon this year.

Miss Beulah Blood, fashionable dressmaker, requests the patronage of the ladies of Hillsboro and vicinity. Perfect satisfaction guaranteed. Prices reasonable. Over Wilkes' notary office, Second street.

Base ball—Sunday, August 3, Sunnyside W. O. W. vs. Diamond W's, at Recreation Park, 2 o'clock sharp. Leavitt, late of La Grande, will twirl for the Diamond W's, and Croissant, of Scholls, will catch. Roy Cook will umpire. Steam merry-go-round on the ground. Admission, 25 cents; children, 15 cents; ladies free. Grandstand, 10 cents to all.

The Forest Grove cannery, recently bought by Albers & Schneider, of Portland, for a hay compressing plant, has been moved 235 feet east of its old location, and will soon be equipped for work. The building was 50x90 and was moved by J. W. Vanderveiden, of Centerville. It is said that the firm will buy hay loose, as well as baled, and divide with the farmers the extra cost of baling before delivery.

Forest Grove feels quite sure that a condensed milk factory will be installed in that city within a few months. The business men have been talking the matter up and working to the end of having the Kent, Wash., people locate one of their factories at that point. It is said that the necessary cows have been pledged; the necessary site, and the necessary water supply are also fixed up, and that the thing will be a "go."

There will be no preaching services in the Congregational church during the month of August. Rev. Risser closed his work, as "stated supply," last Sunday. During that time the church added eight new members, had some conversions, worked a Men's Sunday Evening Club, with good audiences and special musical features; and all elements are now united and earnest in desiring a permanent pastor. Rev. S. A. Wheelwright, of Iowa, and a friend of Rev. Risser, will occupy the pulpit the first Sunday in September.

LOCATING ENGINEERS REACH HILLSBORO

Reached the City This Afternoon With Survey.

PROMOTER GRAYDON IN TOWN.

First Survey for Electric Line. Easy Work.

Promoter Andrew Graydon has been in the city all week, looking after a corps of engineers which have been working from Cedar Mill westward. They reached town this evening, after having been in the field about two weeks. This is the first survey for an electric line ever run through to Hillsboro, and apparently an easy line of road has been picked up. The heavy work will be in Multnomah county.

ATTENTION, FARMERS.

Are you securing anything from your crops for the Washington County Exhibit at the State Fair this Fall? Or are you depending on the "other fellow." We would beg you not to do this, for the other fellow" is depending on you. Do not allow a nice piece of grain to be cut and threshed without saving a small sample; cut it close to the ground with a reap hook and preserve it. Let us know you have it and we will call for it.

Have you anything in the vegetable line that is promising? If so, cultivate and water it. Do not allow the Washington County Exhibit to go to the State Fair without something you have raised.

We certainly must have your cooperation for our exhibit will be a failure. We are experiencing great difficulty this year in procuring samples, so ask all to come to our aid. Heidel & Wall, Hillsboro, Oregon.

Years ago Judge Crandall planted two Catalpa trees in the court yard. One of them died, but the other is thriving nicely, and at present is in bloom. The flower is a cream white, shaped something like a Canterbury bell, the inside of the bell being purple, with yellow spots on the very exterior of the cup. The tree, so far as this country is concerned, is a native of North Carolina, its name being derived from the Indian. The perfume is rather delightful, but the sweet, in the South, is poisonous. Aside from the maples and the big Californias there are two basswoods, or lindens, and one elm in the yard.

J. C. and W. G. Hare have on hand, at the Grange store a complete line of wagons, buggies and farm machinery of all kinds, handling the Mitchell-Lewis-Staver makes. Give them a call and satisfy yourself that you can do better with them than elsewhere.

Dr. J. P. Tamiesie has ordered a condensing plant for the manufacture of condensed milk, and the machinery will be shipped as soon as made, which will be within about 60 days. Under his contract with the builders he can enlarge the plant at any time, or return the machinery just ordered, and have a plant of larger capacity shipped him. The doctor has extended the time of action upon the part of the city, and if the business interests see fit to make the concessions, that is, a site, building and water and light for three years, the plant can be enlarged upon short notice. The plant just ordered will go to the Tamiesie farm, and will be a Hillsboro enterprise, just the same.

Lily Extracts, manufactured by Atwater & Galloway, are guaranteed, and if they do not give satisfaction the money will be returned. These extracts are kept by all stores. Try them and be convinced. Absolutely pure. No drugs. Ask for Lily Extracts.

The sidewalk proposition is getting to be a serious thing in this city. There is nothing so abusive to the reputation of a town as a string of poor sidewalk, and Hillsboro has its share of it. The Board of Trade has sent in a petition to the council, asking that body to require all sidewalks put in good repair, and also that Second street be plankled between Main street and the depot.

Let the electric line come—Dennis is here to stay, because the people must have sterling groceries. The Diamond W brand leads the van. This is the outing season. Get your lunch supplies from Dennis. Ask the people who deal with if his prices and quality are not right.

Monday evening the Board of Trade met and transacted business of considerable importance. The president, upon motion, appointed Hon. W. N. Barrett to lay a request before the city council, asking for a watering trough for the benefit of the horses of farmers who trade in the city; also a request that the council pass an ordinance prohibiting cows from running at large.

Crescent Flour will give you satisfaction. Ask your grocer for it. Get it once and your kitchen will not be without it. We have placed this flour with John Dennis, Main street, for the benefit of those who use and call for it. Crescent Mills, Forest Grove.

The sidewalk in front of the Hotel Tuslatin has been replaced with a new one this week—and it might be quite proper to say that there are several miles more of walk in the city that could, with safety and propriety, be put into condition.
