

NO BALL GAME AT FOREST GROVE SUNDAY

Cornelius-Forest Grove Players Objected to Diamond Ws.

BASEBALL SEASON CLOSED FOR '02

Many Were Disappointed Over the Failure

The baseball season is closed so far as Washington county is concerned, although there may be a game or so played here or at Forest Grove. The game which was advertised to be played at Forest Grove last Sunday, and which was played to a finish in the Forest Grove Times of Thursday last, did not materialize. The article in the Times had the Diamond Ws hammered into the ground. This was easy—on paper, but not so easy on the diamond. About 10 o'clock Saturday evening, Manager Shute was called up by phone and told that the Cornelius-Forest Grove team would not play. He called up the managers of the team and was told that the Diamond W team must be all from Washington county or there would be no game. Shute informed them that the team had been selected from all over the country and that he was ready to play. A refusal to play the team selected by Shute put an end to the game. This was, perhaps the easiest way out of defeat for the team that has been wanting to play the Diamond Ws so long. It is really too bad that the game did not come off as advertised, as there are many from here who would like to see the boys battle for championship. Of course, Shute can not be blamed for not allowing the opposition to choose his team, and he says that he is ready for any team that can give him a game of ball.

The County Board of Equalization, consisting of the county judge, county clerk and the county assessor, will meet in the clerk's office Monday morning, October 20, 1902, and continue until the Saturday following. They will equalize and correct the assessment roll for the year 1902. People having complaint to make, should make it a point to be present and voice their desires. The roll is unusually large this year, and if the board can't finish within the week the commissioners have authority to conclude the work. Taxpayers should hear this item in mind. The time to kick is when the board meets, not afterward.

When farmers are in need of agricultural implements they should see Schulmerich Bros.' stock. They are factory agents for Osborne and Deering harvesting machines, Rock Island plows and harrows, and Tiger drills. Also carry a full line of buggies, wagons and general hardware.

It is noted from the Portland paper that Miss Maude Wilson has secured one of the choice exhibition pianos included in the Ellers Piano House exhibit that attracted so much untainted praise and enthusiastic admiration during the Portland Carnival. The piano is a beautiful English mottled walnut case, and is the largest orchestral size, and will undoubtedly prove a source of such pleasure and satisfaction to Miss Wilson and her friends for all time to come.

Do you need a hat? Come and see us. We keep the latest Do you need gent's furnishing goods? We have them. Do you need groceries? Of course you do—and we have the best. And remember that H. Wehrung & Sons pay the highest market price for farm produce.

The move of the city council to have the sidewalks repaired has already been productive of good. Several of our townsmen have taken time by the forelock and have repaired their sidewalk, and lumber is seen here and there for further operations. Second street will be on the "recovered list" within a short time, and when the rains come, one will be able to ride to the depot without being thrown out of a vehicle.

Let the electric line come—Denise is here to stay, because the people must have sterling groceries. The Diamond-W brand leads the van. This is the outing season. Get your lunch supplies from Denise. Ask the people who deal with it his prices and quality are not right.

Jacob Rueb, one of Tillamook's prominent dairymen, was in the county the first of the week, visiting with Fred Schomburg, the Glencoe creamery man. Mr. Rueb says that Tillamook badly needs a railroad for quick transportation for her dairy product, and then the county will be a world better. Very little butter is now manufactured over there, he states, as the most attention is paid to cheese-making.

Commencing September 1, H. Wehrung & Sons will give tickets with each dollar cash purchase on premiums, as follows: First prize, elegant 52 piece set dishes; 2nd prize, gent's \$10 suit clothes; 3rd prize, boy's suit or girl's dress pattern, value, \$5.

BIG DELEGATION VISITS STATE FAIR

Washington County Sends More Visitors Than Ever.

ALL AVER THAT THIS IS THE BEST.

Splendid Weather Adds to Enjoyment at the Capital.

Washington county has sent more visitors to the state fair this year than it has for many last past. All in all, this has been one of the best fairs ever held in the Northwest, and much of this is due to the exertions of President W. H. Wehrung, of this city. Many Hillsboro people spent the week at the capital city, and the good weather lent a charm to the outing. Several took tents with them and camped on the grounds. A large delegation went up Monday morning, mention of which was made in last week's issue. Yesterday morning another outpouring was noticed. Amongst those who made the trip were: W. N. Barrett, B. P. Cornelius, T. S. Weathered, Chauncey Johnson, Adam Young, J. T. Young, Fred Heywood, E. F. McNelly, Preston Jackson, O. G. Barlow, Mr. Childs, Mr. and Mrs. Jos. Connell.

Beef, Iron and Wine, when properly combined, make an ideal Tonic and Restorative. Such an article you will find at The Delta. Price, 50 cents.

It is estimated that the \$22,000 distributed in this immediate section for hop picking, will be divided as follows: \$400 in quarters; \$300 in dimes; \$250 in nickels; \$600 in halves; \$8,000 in tens and fives, and the balance in twenties.

Next Sunday, Sept. 21, is the last Sunday of the present conference year in the M. E. church. The conference convenes at Grants Pass, Sept. 25, Bishop Earl Cranston, of Portland, presiding. A full attendance of Methodist people is desired at the church services next Sunday.

The Teachers' Institute will be held in the court house, instead of in the school house, as formerly stated. It is expected that a large number will be in attendance, and Supt. Ball has made every effort to make the meeting a most successful one. The date of the opening is September 23rd, and it will hold until Friday evening.

Col. Haynes, of Forest Grove, will sell the following livestock at public sale, at his place, one mile east of Forest Grove, at 10 a. m., Saturday, Sept. 27: Thirteen head good dairy cows, 12 yearling heifers, registered Shorthorn bull, 5 head pure Cotswold sheep, 25 head Angora goats, 2 registered Angora Billies, very fine.

A. C. Shute, cashier of the bank, and who has a very good idea of the hop business, through dealings with the hop growers, states that it will take about twenty thousand dollars to pay for the picking within a radius of eight or nine miles of Hillsboro. It is possible that it will take two or three thousand more, but this is a very close estimate. All this is distributed amongst home people, and the distribution of this much money necessarily means business. The hop growers who spend this much money will get all the way from \$100,000 to \$150,000 for their product this year, and much of this will be spent for labor and the further improvement and enlargement of their yards. The hop industry seems to be one of the best in this section this year.

The Fall line of dress goods, flannellets, outings, cretons, table linens, etc., will arrive at H. Wehrung & Sons, September 1. Finest and most complete line ever brought to Hillsboro.

Mrs. H. F. Ball writes that the stock to be sold at the public sale at Gaston, Wednesday, September 24, is all choice, and that great pains have been taken to have the cows graded for dairy purposes. The driving team is worthy of mention, both being standard-bred animals. Mrs. Ball will sell the farm, which is excellently adapted for dairy purposes, and anyone wanting such a place will do well to address her at Gaston.

This will interest the ladies. H. Wehrung & Sons have a handsome line of ladies' tailor-made skirts; handsome, latest styles and finest qualities. No need to go to Portland. Call in and see our line.

Minstrelsy never will die, but old minstrel ideas have been dead for some time; in fact, ever since Beach & Bowers launched a new and up-to-the-minute novelty in minstrelsy. The company will be here on Monday, Sept. 22d, under canvas, and should be attended by all who love the bright and clean in minstrelsy. Beach & Bowers always give us wholesome fun, and their appearance is heralded with pleasure.

Get your wood in out of the rain. Those wanting wood sawed by steam saw may leave orders with the undersigned, or at the Grange store.—James Harwood.

J. W. Cornelius, who is interested in the McNamer barn, was in town Tuesday and says that the sale of his personal property at Mountindale was well attended Monday, and that everything brought a fair price. This was the first public sale of the fall season, and the fact that bidding was good will encourage others who are having sales advertised.

Take your grain to the Aplin Mills, at Cornelius. They will pay you the highest market price, or warehouse your grain. Carry grain sacks.—Aplin Mills, Cornelius.

Outside of a few fences burned and the destruction of a few settlers' cabins, the recent forest fires did but little havoc in Washington county. Here and there some good timber was spoiled, but the damage in this regard was very slight. The smoke which has enveloped the county for several days cleared up Monday, and by Tuesday morning one could see to the horizon.

Don't overlook this—After Sept. 1, until further notice, for each \$5 purchase in shoes, rubbers or hosiery, Dennis will give the purchaser a handsome doll, suitable for a Christmas gift.

The last few nights have been cold enough that people are hunting warmer underwear—a very natural result. If you wish woolen underwear or sox, the best for the money to be had anywhere—go to the Racket Store. Just received a full line of gent's and boys' fall and winter underwear and sox.

We claim to have a good line of every-day negligee work shirts as you will find outside of Portland, and that our prices can not be beaten in Portland. If you don't believe it, call and see. This is the Racket Store.

The first frost of the season visited this section Monday night, and overcoats were welcomed by those who were out in the early dawn of the next morning. Out on the plains and along the river bottoms ice is said to have formed in places.

Roy Greear, son of Mr. and Mrs. J. M. Greear, will attend school at the Corvallis Agricultural College this coming term. Quite a number of Washington county pupils will be in attendance.

We handle the best. For men and boys' clothing, you can't beat H. Wehrung & Sons. Ask those who always buy of us. Call in and see us and you will buy of us.

Tompkins Bros., of Glencoe, are getting a great deal of their piling contract shipped before the bad weather sets in. They are sending away some very fine timber.

Reduction in lace hose and lightweight underwear, at the Racket Store.

Express wagons and croquet sets, at E. L. McCormick's.

WASHINGTON COUNTY RECEIVES FIRST PRIZE

Was Awarded the First Premium at State Fair Yesterday

FOR ONCE WE GET TO THE FRONT.

Linn County Gets Second Prize. County Contingent Gratified.

For years and years The Argus has contended that Washington county was sufficiently rich in diversified production to warrant the first prize at the State Fair. Hitherto it has fallen short because of insufficient display. This year, after hard work, and after having experienced the needs, by many visits to the State Fair, Mr. F. M. Heidel, after a hard effort to get a splendid exhibit, walked away with the championship. Mr. Wm. J. Wall, Mr. Heidel's partner, sent The Argus the following dispatch: "Salem, Sept. 17.—Editor Argus: Washington county gets first prize.—Wall."

It is time for the farmers of the county to jubilate. Messrs. Heidel & Wall, with no assistance except a few dollars from the Board of Trade, have made a fine showing of our products. The award is gratifying when it is known that other counties received much public aid in the promoting of exhibits. Washington county is "in it," and the Hillsboro people are much pleased at the result.
