The ladies of the Degree of Honor gave a minstrel entertainment at the opera house, last Friday evening, and the affair was well patronized, as well as well appreciated. Burnt cork was much in evidence, and the participants certainly did nicely in their initial attempt to emulate the humor and outlines of the colored ladies of quality. Their success has started the men to thinking, and they are proposing to give an entertainment that is to be a world beater. But if they eclipse the effort of last Friday eve, they will be ready to go with Richards & Pringle.

Farmers in need of first class tiling will find the article at Groner & Rowell's new factory at Scholls, where one of the finest kilns ever completed in the county has just been cooled. You can buy at the factory or we will deliver. Will fill orders for all sizes. Also a fine line of brick and building blocks. Write for prices or call on firm at Scholls.

Dr. W. A. Brown, who for several years has practiced at St. Joseph, Missouri, is in the city this week, the guest of his mother, Mrs. Susan Brown. The doctor spent his boyhood in this city, and is well remembered by Hillsboro people.

This is the time of the year when you feel hearty—and you can do your inner man the most good by buying your groceries at Dennis' Main street store. Don't forget that he keeps the finest lines to be found in the city—up-to-date and the purest and best selections of all kinds.

John Slater, who came to Oregon in 1851, and who for many years was a resident of this county, was in town this week, from near Proebstel, Clark county, Wash., where he has lived for some years. He is now 74 years of age. He says that there are many changes in and around Hillsboro since he was a young man.

Willis Caudle, the young son of Mr. and Mrs. Thomas Caudle, of North Hillsboro, was badly injured about the head one afternoon last week. A wagon wheel did the damage, the team starting unexpectedly. Dr. Tammis treated the little fellow, and he is improving.

Use equal parts of Moss Rose and Great Raiser flour if you want a fine, white loaf of bread. Don't take our word for it, but try it and be convinced. Climax Mills manufacture both kinds.

Laurel hop growers are rapidly getting their crop into town, storing in the Masonic building. Several have sold their holdings, some getting as high as 23 cents. It is understood that hops are quoted at 24 and 25 cents today.

Sermons are not always tiresome. The truth always wears—and so do the shoes sold by Dennis. Try a pair from his stock and you will become a permanent customer. Footwear for big and little. Also a complete line of hosiery.

Elder J. A. Brown is conducting a series of meetings at the Christian church, with increasing interest and attendance. Services will be continued until further announcement.

If you want a good, hard wheat flour, use the Great Raiser. People just from the East, who have poor success making bread with valley flour, should try the Great Raiser, manufactured at Climax Mills.

Mrs. Esther Brown Latham, formerly of this city, is visiting her parents, Mr. and Mrs. P. O. Brown, of Cornelius, and her friends in this city.

This has been a great season for Washington county sawmill men, all of them having had more than they could do all summer. It is expected that this industry will flourish until, at least, after the 1905 fair, and there is no reason why it should not be good henceforth until all the timber in the Northwest is cut up.

Contractor Goodin failed to get the big bridge west of town completed, as hoped for, Saturday last, but this week winds up the work on the structure. People who travel between this city and the west end of the county can now travel without going through the tortuous route on the bottom land. This is the best bridge ever built at that point, and is expected to endure longer than any of its predecessors.

POOR FARM CONTRACT AWARDED SATURDAY

Cheapest Bid Ever Received on Keep of Indigents.

WILL SUPERINTEND FOR TWO YEARS

A. J. Roy Gets the Contract. Is Thoroughly Reliable.

The county court met last Saturday and considered the proposition of letting the contract for the keep of the county poor for a term of two years, to commence November 1. The bids were all in at the regular term, but the court adjourned without letting the contract. A. J. Roy, a responsible farmer of east of this city, and formerly of Greenville, was awarded the contract. Mrs. Vanderzanden, formerly a Mrs. Green, had the lowest bid, but she withdrew from the race before the bids were finally considered, leaving Roy the next lowest bidder. While the bid is low, it is said that there is something to make, even at that figure.

THOMAS MURPHY, ANNA MURPHY, Mountindale, October 22, 1902.

Benjamin Ducker, who was a half-brother to Mrs. Susan Brown, of this city, and who visited here about fifteen years ago, was shot and killed by some soldiers at Raymond, California. Ducker had been running a hotel at Raymond, and had had some trouble with the soldiers. The Examiner man, in a dispatch dated the 16th, says: "Ben Ducker, proprietor of the California Hotel, a pioneer of California, was fatally shot this evening by soldiers here encamped from Yosemite National Park. Several of the boys had been around town, drinking, and it is reported that Ducker had a few words with them, but shortly after he left them and went upstairs to the front porch, where he slept. Soon shots were heard and a bullet penetrated Ducker's left arm and went through the stomach. He cried out, 'I am shot and will die.' He only lived about twenty minutes. Seven shots were fired, but no one seems to know who fired the first. Ducker leaves a family."

Do you need a hat? Come and see us. We keep the latest. Do you need gent's furnishing goods? We have them. Do you need groceries? Of course you do—and we have the best. And remember that H. Wehrung & Sons pay the highest market price for farm produce.

The county court has extended the time of fifty per cent rebate on the old mortgage taxes to January 1. Thousands of dollars have been collected on these old taxes within the last few months, many having paid to clear up the title. The Beaverton people still talk of fighting the matter, and say they have hired an attorney. Several Hillsboro people talk of contesting the tax, but so far no legal action has been taken. Scores are paying up where the tax is slight, deeming it better to have no tax against their property, and that paying is cheaper than to hire a lawyer with the chance of then having to pay the tax.

When farmers are in need of agricultural implements they should see Schulmerich Bros.' stock. They are factory agents for Osborne and Deering harvesting machines, Rock Island plows and harrows, and Tiger drills. Also carry a full line of buggies, wagons and general hardware.

M. C. Steeples departed Monday evening for Hoquiam, Wash., where he goes as complainant in a law suit, seeking to recover damages for a leg injured on a platform owned by a mill company. Mr. Steeples says that the platform had no protection, and that others were injured. His fall cost him an injured leg for life, and he has sued for ten thousand dollars damages. His many friends here hope he will recover sufficient, at least, to re-imburse him for the suffering and inconvenience caused by the injured member.

Commencing September 1, H. Wehrung & Sons will give tickets with each dollar cash purchase on premiums, as follows: First prize, elegant 52 piece set dishes; 2nd prize, gent's \$10 suit clothes; 3rd prize, boy's suit or girl's dress pattern, value, \$5.

County Judge Rood was at Portland last week, attending the good roads meetings. Many county judges and commissioners, from all over the state, were present to hear what the eastern men had to say. In all probability, the men from the east can't tell us much about road building in Oregon, where it is mud for six months out of the year.

The Fall line of dress goods, flannelettes, outings, cretons, table linens, etc., will arrive at H. Wehrung & Sons, September 1. Finest and most complete line ever brought to Hillsboro.

The United Evangelical church will begin revival meetings on Nov. 2d. Rev. F. L. Young, of Portland, will have charge of the meeting. He is a speaker of unusual ability, a man of great experience and of sound moral character. The people of Hillsboro should hear him.

Furniture, carpets, matting, wall papers, trunks, telescopes, bamboo furniture, at McCormick's, at reasonable prices. Don't forget the place—three doors south from post office.

Last week's paper credited Ed. Wilcox, of Gaston, with being married. This was a mistake, pure and simple, and we do not blame the gentleman for objecting to such a mistake. These little errors will creep into the best regulated newspapers.

Hillsboro cows still run at large—good leather. There is good leather in Dennis' shoe stock. Ask those who buy from him. Latest styles and best in quality. A specialty of ladies' shoes and a full line of all kinds.

H. W. Miller, of four miles north of Glencoe, has about thirty head of ewes, which he will lease to some responsible party, on shares, at reasonable figures, for not less than a year. Can furnish buck.

Emerson Quick, of St. Helens, and an old-time Hillsboro boy, was in the city yesterday morning. Mr. Quick is Columbia county's leading abstractor.

John Mendel and Paul Steffen, prominent young farmers of Middleton, were in the city Tuesday, and made this office a pleasant call.
