## **GUARD AGAINST BUBONIC**

## Arizona Takes Precautions, but Does no Fear Its Spread North.

Nogales, Ariz., Dec. 30.—Doctors Purdy and Chenoweth, who were ap pointed by the Board of Health of Nogales to investigate the effective ness of measures adopted by the au ness of measures adopted by the all thorities at Guaymas against the in-troduction of the disease supposed to be bubonic plague, now epidemic at Mazatlan, have returned and say there

started the blase.

's pointed out at the State Department that, while ordinarily a misunder-standing on this point would be triff-ing, it happens in the present case that reports of such activity on the part of the United States officials after the President had expressly de-lined to assume the duties of arbitra-tion would surely be ill received in Burope and might perhaps lead to some backward steps that would be a matter of regret to the Government, which earnestly desires to have the

which earnestly desires to have the parties reach an honorable settle-ment of their differences. It is explained at the State Depart-

nent that the part of the United State United States Government just now is that of "good friend" to all parties; that it is not undertaking to draw up protocols or impose limitations upon the parties, but it is confining its offices to getting them together and teeping them so. In this view it will not be necessary for our Government to prescribe how the Monroe Doctrine shall or shall not figure in the proto-

is no danger of the disease extending to Guaymas or points north as long as the present vigilance is continued. Official telegrams were received here today from the Governor of the State of Sinaloa, who reports the sick-ness decreasing.
