THE BIG SHOW COMING.

The announcement that Ringling Brothers' World's Greatest Shows will exhibit in Portland will be received with more than usual interest by the people in this neighborhood.

The Ringling Brothers have a name that stands for all that is new, novel and entertaining in the circus line, and the management announces that this season the show has been enlarged to such an extent that a whole extra train is used in addition to the four trains of last season.

The show is now transported from place to place in eighty seven foot cars, constructed especially for the Ringling Brothers. In connection with the circus proper, in which the acrobatic performance is unexcelled, the Ringling Brothers are this season presenting the beautiful and sublime spectacular production of Jerusalem and the Crusades.

This pantomime play necessitates the use of 1,200 actors and actresses, and of almost three hundred horses. It is presented on the largest stage ever used for exhibitional purposes. Special excursion rates have been arranged for on all lines of travel by Ringling Brothers, and those who desire to go to Portland, where this great circus exhibits Monday and Tuesday, August 24 and 25, can do so at a comparatively small cost.

This will be the only point in this vicinity where the circus will exhibit this season, and no one should miss the opportunity to see it. Watch this paper for additional announcements.

Dr. C. L. Large was down from Forest Grove yesterday, on business with the Board of Pension Examiners. The doctor states that it is reported in Forest Grove that Dr. Hiatt has again lost that famous hallrack. The story, as given, is that the doctor found the rack over in Vancouver, and that he took it to Portland, where he left it with a dentist friend. It is now alleged that by a clever trick the rack was gained back again, through the use of a business card of the doctor's, on which was his photograph, and a request on the back of the card, asking for delivery of the piece of furniture. No questions were asked, but it was turned over to the messenger—and Hiatt is again minus that which the circuit court decreed him last spring, and which has occupied the courts so long.

TOWN OF TUALATIN HAS LICENSED SALOON

Roberts has Paid \$400 Into County Treasury.

MAY RUN FOR PERIOD OF ONE YEAR East Enders Putting on Metropolitan Airs.

Southeast Washington county now has another saloon. Chas. Roberts, of Tualatin, has conformed to the law in publishing his list of signatures to a huge petition, asking that he be allowed to sell liquor, and, upon depositing \$400 with the county treasurer, he was yesterday granted permission to run a saloon for the period of one year.

It has been several years since Tualatin had a full-fledged saloon, and the little burg begins to think of putting on metropolitan airs. Roberts is said to be a substantial citizen, and it is expected that he will conduct a model resort.

This is the only saloon in the county paying a regular license in to the county treasury. The money goes into the school fund.

One of Wm. Nelson's little boys, while playing with an air gun, the other day, shot a neighbor boy by the name of Bird, in the forehead. A physician extracted the pellet from the little fellow's forehead. No injury will result from the accident.

The house of Mr. Bateman, occupied by Peter Moritz of Phillips, was burned one day last week. Neighbors saved all of Mr. Moritz's household effects, except a few trifles. The house was insured in the Bethany mutual. The fire took place while no one was at home.

Grandpa W. R. Barrett, who resides across the street from the water tower, has his house newly painted, and he now wants to see the water tower dressed up. So sincere is he in this that he says he will give \$5 toward it. It is now up to some one else to "chip in."

The University Park nine again beat the Hillsboro-Cornelius team last Sunday, thus winning two straight from the locals. This will probably be the last game of the season, although an effort is being made to have the managers put on a few more games.

County Treasurer Jackson this morning received a private letter from Diley, stating that the wife of W. C. Gray, who has resided at Diley for a long time, died at 5 p. m. yesterday, August 5. Deceased leaves a husband to mourn her loss. Their children are all grown and do not reside at Diley.

The public watering trough is well patronized these days, and the farmers find it quite a convenience, as well as a good thing from a humane standpoint. During the warm season horses require a great deal more water than at other times, and this affords a chance for every one to water his animals. As yet the cows do not seem to visit the place very frequently. The establishment of the trough seems too good to be true, and the Argus man, who labored for six years to get it, goes around every once in a while to see if "it is still there."

A full-blooded Nez Perce Indian pitched yesterday's game for the Portland Yesterdays, and the new man must have done some great work, both on the slab and at the bat. The Oregonian says, in speaking of a swat which sent the sphere over the fence: "The next floated swiftly towards the heart of the plate. Morris met it with all the beef and brawn of those mighty shoulders, and a sound like an exploded cannon followed. Out the ball sailed. Doyle was out after it in deep center field, but he couldn't have got it with a balloon, for it cleared the fence with ten feet to spare, and, according to a 'Message from Mars,' the ball landed in Washington county." C. Blaser attended the game from here, and he said the Indian's performance, both on the slab pitching and fielding, and at the bat, was something marvelous. It probably isn't true, but a report comes that J. Q. A. Young, of Cedar Mill, caught the fly on his farm.

LET US TAKE FIRST PLACE AT THE FAIR

Washington County Should Repeat Success of Last Year.

HELP TO SWELL THE EXHIBIT. Will be of Everlasting Benefit to the County. Take an Interest.

Every farmer and stockraiser in Washington county should make an effort to, in some way, help the Washington county exhibit, which will be sent to the State Fair a few weeks hence. Washington county can capture the first prize again this year, just as well as not, but it will take rustling from all parts of the county. Heidel & Son are working hard to make the exhibit better than last year, but they can not do it all. Let us all get together and carry away first honors. If you have a nice sample of fruit, grain or vegetables, do not fail to bring it to the county seat. Let every one do his part, and the premium is assured.

Edyth Tozier Weathered, well known in this city, is now in the East, where she is doing nicely, advertising the coming exposition. There are few women in the state who are doing so much to advance the interests of Oregon.

Yesterday's south wind brought no rain, and the breeze now comes from another quarter. A good rain would help the vegetable growth wonderfully, and, if it continued no longer than for a day or so, would not injure grain.

C. L. Benefiel and Mrs. L. F. Carstens, of Manning, departed the first of the week for Garfield, Wash., to attend the bedside of their mother, Mrs. L. A. Benefiel, who is seriously ill at that place, where she went to visit relatives about a month ago.

The reservoir will be 187 feet above the level of the town. It is expected that it will require six months to finish the system ready for acceptance.

Capt. DeRoy, who was in charge of a Boer command during the trouble with Great Britain in the Transvaal, was at Verbort, Sunday last, the guest of Father Verhaeg. While there the Captain delivered an interesting lecture on the Boer War, and explained why, under such great odds, the Boers held out so long, holding that the spirit of liberty was the mainspring of their energy and loyalty. He stated that only the suffering of the Boer women and children in the reconcentrate camps caused the Boers to terminate a war which they might have carried on indefinitely.

We have 1,000,000 feet of high grade lumber at Nelson & Reed's sawmill, 9 miles above Glencoe, which we are selling in the yard. Come where you can have a good stock to select from. We are selling cheaper than other country mills. When you get our prices you will get our lumber. We expect to sell our entire stock in the next ninety days. You will be promptly waited on by our yard man. The mill and planer runs fifteen hours a day, so you will not have to wait when you come to our yard after lumber.—R. L. Cate & Co.; A. C. Donelson, yard foreman.

August Petezilka, of Timber, caused the arrest of F. C. Burgholzer one day last week, on the charge of assault and battery. The trial was heard by a jury before Justice H. T. Bagley, Friday, and Burgholzer was found not guilty. The evidence was to the effect that the complaining witness went to the defendant's house, and, after a few words, shook his fist under Burgholzer's nose. This was more than the owner of the house could stand, and he gave the intruder a shaking up.

Good bread is half of one's diet—and housewives, quick to recognize this fact, are asking for Great Raizer Flour, manufactured by the Climax Mills. This flour is made from the hardest and best wheat to be purchased, and makes the finest of bread. Ask your grocer for it—and if he hasn't it, insist that he procure it for you. One trial will convince you that this is the flour you want. With bread from Great Raizer Flour, and breakfast from Red Jacket Rolled Oats and Breakfast Germ you will always be healthy—and that is half of the battle.

C. W. Quast, of Gonzales, Texas, and who is visiting with his daughter, Mrs. E. W. Lepchak, north of town, has just received word that gold has been found in one of the oil wells, four miles from his holdings, close to Gonzales. Mr. Quast intended staying here for some time, but owing to the importance of the gold find, will start back in a few days. He states that his land is of the same nature and formation as that where the gold was found. The New Orleans government assay office assays the gold at \$620 per ton.

Ex-County Clerk J. A. Imbrie and family have moved out to the Imbrie hopyard, where they are camped for the summer. Several years ago the family camped up in the mountains, and, for the reason that it was Mr. Imbrie's first vacation for years, he named the place "Camp Comfort." Out at the hopyard everybody gets up at 5:00 a. m., and the name of the new place is "Camp Rustle."
