ENGINEER'S REPORT IS FAVORABLE

Nearly Two Millions of Dollars Recommended be Spent.

TWO YEARS TO FINISH WORK

Outlook for Columbia River and Bar Improvement Fine.

Major Langfit, of Portland, and who is in charge of the United States Engineer Corps on the river improvements, recommends that about two million dollars be spent within the next two years on the Columbia river and bar, and this, he contends, will give us an open river beyond doubt. He asks that \$625,000 be spent on the river, and the balance on the bar. The water over the bar has deepened, and with this much more on jetty work a splendid channel is expected. The Port of Portland is of great importance for northwest shipping, and the river has not had the national support its position as a maritime course has warranted.

Six deaths at Chicago, from heat, Monday.

Both big political parties will center on carrying New York.

Arrests for drunkenness numbered 21 in Portland, Sunday.

Cortelyou will manage the republican campaign from Chicago.

Three people died from heat at Chicago, Sunday. Mercury was 94.

The Japanese repulsed the Russians at Mo Tien Pass, and the latter lost 1,000 men.

Japan denies that she lost 25,000 men on July 10. Russia proclaims that the report is true.

Great Britain has ordered a fleet into the Red Sea to stop Russia from stopping British ships going to the Orient.

All rural mail carriers whose routes are over 24 miles in length, will receive \$100 additional salary after July 1st passed.

Fifty thousand packing house men in eastern cities are on a strike, and before the week is out this number may be swelled to 85,000.

It is reported that President Roosevelt and Senator Fairbanks have had a serious disagreement as to how the campaign should be conducted.

Thirty three thousand land seekers registered at Yankton, S. D. up to Monday, going there to file on the Indian reservation, thrown open to the public.

Troop E, Ninth Cavalry, (colored) after being ruled out of the maneuvers at Camp Steilacoom, Wash., in the military tactics, charged into the Washington troops and 19th Infantry and captured several troopers, four being injured.

The schooner Zampa, bound from San Pedro to Portland in ballast, went ashore at Leadbetter Point, near Ilwaco, Saturday night. The vessel is on the beach and will be a total loss. No lives were lost. The gale which beat her on the beach was going 60 miles an hour.

S. to King Menelik, of Abyssinia, carrying a commercial treaty, and who was a passenger on the Kaiser Wilhelm, either fell overboard, or was foully dealt with, while at sea a few miles from Plymouth, England, lately. SELLWOOD LOSES TO HILLSBORO TEAM

Lads From Multnomah Could not Find Hignbotham.

THE SCORE WAS SEVEN TO ONE.

The one Lone Tally was due to Errors, or it Would Have Been Shut-out.

The Nelson Hardware baseball team played Sellwood to a finish at the local grounds last Sunday, and the Multnomah players failed to find Hignbotham for safe hits at any time, and the one score that they finally made against the seven laid away by Hillsboro, was given them through an error. Hignbotham struck out 19 batsmen, while Higgins, for the visitors, fanned but 11. All the Hillsboro boys put up a good game, and at no time was there any danger of a stampede of tallies for the Sellwood lads. The line up:

Mr. Graydon maintained that he had capital interested and that if the county at large would put up a part of the stock as a guarantee of faith, the money would be forthcoming. The following committee was appointed to present the matter to the citizens of the town and vicinity: W. N. Ferrin, Pacific University; Dr. Rentz; Postmaster H. C. Atwell; E. K. Witzel and Grant Hughes. Hillsboro and the vicinity between here and the Multnomah line have forwarded their part of the work, and it now rests with Forest Grove to finish up, so Graydon says.

How People Lose Their Money

By concealing it about their person; by stowing it away in mugs, jugs and jars; by sewing it up in skirts and ticks; by tucking it under the couches and carpets, in cupboards and bureau drawers; these are some of the ways by which people lose their money and sometimes lose their lives.

How People Save Their Money

By depositing it in a good, reliable bank. Confident that this bank fully meets the public's needs, we tender its services to all who believe in keeping on the safe side.
