The session will continue into next week, and perhaps several days later. Rebecca J. Cole was granted a decree of divorce from Samuel Cole; Burkhardt was granted a decree from his wife; Miller vs. Miller, suit for divorce, was dismissed. Gray vs. J. F. Ulm, on peace bond, complaint filed by Willis Vail, of Dilley, was taken under advisement.

The suit of David Wilcox vs. Geo. A. Morgan, suit to recover damages, was continued for the term. The cases of A. Gordon vs. N. A. Barrett et al, and Elen Jackson, vs. same parties, were referred to C. E. Runyon.

Neeves vs. Neeves, default. Fragner vs. Albert Wachlin, foreclosure; sale of realty by sheriff, confirmed.

J. C. Hare returned to the Baker county mines tonight. Ward Downs has gone to Long Beach points for a few weeks.

Sheriff Connell has just finished cutting and putting up 300 tons of clover and chest hay, off 180 acres—not a bad yield considering the dry year.

D. McCamish is acting as janitor at the court house these days, and will look after the offices until Capt. Collins finishes his summer vacation.

Grant Hughes, of Forest Grove, and F. T. Kane, deputy sheriff, will make a try for the Nahalem country Sunday, in a automobile. They will make it as Grant's machine is warranted to climb a tree, or follow a cowpath, anywhere.

The Drs. Bailey report quite an epidemic of measles and whooping cough up around Banks and Buxton. It is not altogether confined to the youngsters, as Frank Bailey, grown son of J. R. Bailey, is down with the measles. Considering the warm weather illness of this kind is not very pleasant.

Prof. Bradley, who has the Chair of Chemistry at Pacific University, is generally accredited with a great deal of pluck, but the ginger was taken out of him today. Some one at Forest Grove told him it was but about twelve or fifteen miles to Tualatin, and the Prof. started there on his wheel. Upon reaching Hillsboro Willis Ireland informed him that he yet had about 20 miles to make—and the rest of the trip was finished by telephone, or postponed until Old Sol hid under a moist blanket.

A Swede rancher came down from Gales Creek yesterday, paid his tax, and was ready to start to the Columbia river, where he generally works during the season in a lumber camp. He proceeded to take on a few beers, and the day being warm, he was soon in the kingdom of "jagdom" Marshal Atkinson lodged him for the night, and because he was not noisy, he was allowed to depart this morning. Upon being permitted to go, he was very profuse in his thanks, and said: "Maester marshal, ay tank ay bane havin' purty gude yag on las' night, but ay promise ay drenk no more beer like yesterday. Ay strack out for Klombia never right way and ay skol stay dore ven snow skol fly and ay aint vant no more beer."

Get out of the old rut; take a change; go to the coast and enjoy a few weeks away from your business cares and anxieties. Take your families along with you—and if you can't afford to do that, go yourself and leave your wife at home to take care of the kids, (or your husband, according to which rules the roast.) Go, anyway, and come back feeling like you could take a yearling calf by the tail and throw it over the court house. A trip to the mountains or coast will do your good; it will be better than any Sunny Jim fore 'feed' that you ever read about. This refers to all our readers except newspaper people—they can't quit work; and they don't count, anyway. Besides, some one has to stay to see that fire doesn't burn up the town.

The Carstons Bros. sawmill of Manning, keeps constantly on hand a fine lot of lumber, cut from the finest of timber. Send them a list of your lumber if you are going to build, and get their figures on the estimate.—Carstons Bros., Manning, Ore. Both phones.

The ballots for the various candidates for the trip to St. Louis and return will be counted next Wednesday and then every succeeding Wednesday until the contest closes. The trip includes transportation there and back and \$100 for expenses—quite a little holiday, and all for nothing to the beneficiary. After a little time it is expected that the voting will be quite exciting.

Summer is here—can't you tell it by your capricious appetite? Just get groceries at Dennis' and you will feel like a new man, and need no pepin to hold your digestion. Finest line of staples in the city.

The family of John W. Adkins, of Gales Creek, has had more than his share of grief. Within a few months three sons have passed away. One of the brothers died a few months ago; then Levi was accidentally killed over on the Wilson river; and Arthur died at Portland this week. The Adkins are estimable people and they have the sympathy of the public at large.

We are cutting a fine quality of rough lumber, and selling at reasonable prices. We deliver. Call on mill 3 miles north of Glencoe, or address Bishop Bros., Glencoe, Ore.

C. I. Stoilett, of Portland, while riding horseback enroute to the Nehalem for a deer hunt, fell from his animal and sustained a bad fracture of his right leg. The accident occurred Monday, six miles above Manning, and the man was brought in to town on a litter and was taken to the Portland hospital for treatment.

There is nothing so becoming as a tailor made skirt. We have a few of these handsome garments left which we are selling at a sacrifice.—H. Wehrung & Sons.

Geo. Galbreath, of Tualatin, for the week ending Tuesday, writes the weather bureau of crop conditions: "Some Fall grain has been harvested; most all the hay is cut and in the barns. There was a killing frost Wednesday morning, which did much damage; rain will help potatoes and onions."

The Independent Order of Lions, of Reedville, will give a dance at Allen's grove on the evening of Saturday, July 30. Refreshments will be served on the grounds. No liquor allowed on the grounds, and good order will be maintained.

Mr. Samuel Gowan, of North Hillsboro, and Mattie Fairbanks were united in marriage at the residence of the groom, July 19, 1904, Rev. Miller officiating. The bride has been a resident of San Francisco.

Eldor Campbell will preach at the Christian Church next Sunday at usual hours. Elder J. F. Ghormley, of Portland, will also speak at the same place on Monday evening next. All are invited.

Mrs. J. D. Merryman and Harold have gone to Newport to spend a few weeks at that resort. The Captain will follow just as soon as it gets a trifle more tropical.

Higgins & Watson, of Fossil, passed through town yesterday with a band of bunch grass horses, making the trip over the Cascades in seven days.

N. P. Oakerman, of Reedville, was in town today, and reports Mrs. Oakerman, who has been ill for some time, as much improved.

Marriage license has been granted to F. D. Otis, of near Laurel, and Miss Jessie Warren.

A fresh lot of bulk pickles both sour and sweet at Greer's.

Dr. C. L. Large was down from Forest Grove yesterday.

W. J. Wall reports that his State Fair exhibit is getting along fine and is exceeding his expectations, considering that this is rather an untoward year. The big fair opens at Salem on September 12, and the racing purses will eclipse anything of the past.

It is time that Hillsboro's residents awakened to the fact that they should have a city park, if nothing more than a nice, cool, shady grove. Every year, as our population increases, we shall more and more feel the need of a city park. Who will take hold of this matter, and give us something to hope for?

Calvin Bailey, Blooming's postmaster, and who is in his 74th year, has just returned from an extended trip to his boyhood home in Pennsylvania, on his trip visited friends in California and Nebraska. The Forest Grove Times says that Mr. Bailey found many changes where he was wont to dig for fish worms back in old Pennsylvania.

T. H. Adams received a letter this week from W. H. Wehrung, the Oregon commissioner at St. Louis acknowledging receipt of cherries sent two weeks ago. The cherries on the limbs came through in good shape, but those in bulk were not in such good condition. Mr. Wehrung extended his thanks to Mr. Adams for the interest he was taking in the matter and wished that many more Oregon people would do the same.—F. G. Times

Straw and tent poles will be furnished free on the grounds, and hay and grain will be sold at reasonable rates. There will be a big boarding tent on the grounds, which will furnish meals at lively rates. After this meeting closes the camp will move to Naylor's Grove, Forest Grove.

JUDGE JOHN R. McBRIDE.

Hon. T. A. McBride, now holding circuit court here, yesterday afternoon received the news of the death, at Spokane, of his brother, Judge John R. McBride, who was Oregon's first Representative in the Lower House of Congress. Six months ago Judge McBride suffered a paralytic stroke, and he was ill until the time of his death.

Judge McBride was born in Franklin County, Missouri, August 22, 1832, and came to Oregon in 1846 with his father, Dr. James McBride, who was to Minister to Hawaii during Lincoln's administration, and through whose instrumentality Great Britain was compelled to apologize to the United States for an insult to the American flag, perpetrated in Honolulu by Admiral Lord Charles Bessford, then a cadet in the British navy. The family settled in Yamhill County.

In 1855 Judge McBride began the practice of law in Lafayette. In 1859 he was a delegate to the convention that framed the Constitution of the state, and the same year he was elected Representative to the 38th Congress. During the first administration of President Grant he was appointed United States Judge for Idaho. After leaving the bench he went to Salt Lake City, where he practiced law with Judge Sutherland. Some years ago he went to Spokane, where he made a specialty of mining-law cases.

He leaves the following brothers: Judge T. A. McBride, of Oregon City; ex-United States Senator McBride, of St. Helens, and Dr. James McBride, of Pasadena.

Miss Alice Merryman accompanied Mrs. W. N. Brrett to the Newport beach, last week.

For sale at a bargain: A Champion binder, run but two seasons, and in good repair. Six foot cut.—E. E. Lyons, 2 miles northeast of Hillsboro.

Washington's State Food Commissioner tried to work a little game against the Oregon Condensed Milk Company's product in that state, but fell down when confronted by one of the officers of the Company, who made a trip to Seattle. The Company's test is perfect and they know just what per cent of butter fat is being turned out. Last Saturday the Commissioner, who has stock in the Royal Dairy, at Seattle, made an arrest for adulterated milk. Several firms were convinced that the Commissioner was discriminating against dairies in the interest of his own, so a dealer sent for a can of the Royal milk, not divulging where it was taken. The Commissioner went around, found the milk, tested it, and found that it was not up to test, and was then told that the product came from his own dairy. When Dr. Tamiesie went over to Seattle he informed the Commissioner that any fight made against the Hillsboro company's product would be prosecuted on his official bond. This stopped the gentleman, and the fight was called off. It looks under the circumstances, as though the officer was out looking for trouble, and he found it. The Oregon Grape brand has the finest test of butter fat of any product in the market, and a skin game would not work with them. Now that the Washington officer is in trouble on his own product he will "be good."

Supt. H. A. Ball will leave his office to accept the principalship of the Lafayette, Yamhill county, public schools, his duties to begin about September 15. Mr. Ball is a thorough educator, and will give eminent satisfaction to the patrons of the Lafayette schools. Financially, he will make more money in his new position in nine months' than in a year in the office which he has so acceptably filled during the six years just closed. His many friends here wish him every success in his new field of endeavor.

Sheriff Connell has been busily engaged in sending out notices to all who paid none of their tax last spring, the list embracing several hundred. In this plan he is following that of Sheriff Sewell who for four years kept the collection part of his office always on the jump. This is good practise, and reduces the delinquent list, for when tax payers realize that the penalty and interest crawl up they generally move to stop expenses.

Sportsmen are reporting deer as very plentiful in the mountains, and Bud Taylor and Mr. Hansen, of Scholls, returned from a trip Sunday, with four fine ones. Others have had fine luck this year, the hills between here and Vernonia being full of deer, evidently run in by bounds along the Columbia river. Dr. Wood and Cl. Blaser landed one the last of the week.

Notwithstanding this is a poor year for prunes it is said that the peach crop in and around Hillsboro is larger this year than ever. They are of fine quality, and are now ripening. Mr. Huntman, of southeast of Hillsboro, has a fine lot in his orchard this year, and trees are laden everywhere.

Frank G. Mitchell, a Hillsboro favorite, and for several years interested with Wilson Brock in the drug business at Pendleton, is now conducting a like business at Athens, Umatilla county, owned by the firm of which he is a member.

Miss Kirkwood, who has had charge of Hoyt's Millinery department, this season, is taking her Summer vacation, and Miss Meta Wallace will have charge of the department during her absence.

Mr. and Mrs. W. R. Hoyt, Clarence Hoyt and Misses Eulah and Arah Hoyt, and Mrs. Kirkwood, visiting here from Syracuse, N. Y., leave the last of the week for a month's outing up on Wilson river.

Miss Maud Wilson departed the first of the week for an extended visit with John Harrison and wife, the former being an old time resident of Mountindale and Forest Grove.

D. B. Waggner and Will Adkins left the first of the week for a two weeks' outing at Denny's Crossing, taking Prince Hamlet along to stand off the cougars.

Mrs. W. N. Barrett, and son, Ira, are at Newport for the summer and Mr. Barrett and son Willam expect to leave the last of this or first of next week.

Will this satisfy you?—any pair of shoes on Wehrung's special bargain counter for 50 cents. Some of these shoes have heretofore sold for four dollars.

Mr. Geo. Hartman and bride, of Pendleton, where Mr. Hartman is cashier of the First National Bank, were guests at the Milne residence, Tuesday.

Elder Smith, who is interested in the famous marsh cranberry fields up coast from Ilwaco, Wash., is visiting here for a few days.

Peter Nelson, of West Union, has returned from a week's trip to Hoquiam and other Puget Sound points.

Miss Eva Froome, of Pendleton, and Miss Mae Morgan, of Astoria, are guests of Miss Elizabeth Milne. Born, July 20, 1904, at Greenville, to Mr. and Mrs. W. E. Moore, a daughter.
