E. B. TONGUE WINS THE SHOGREN CUP

Good Showing for Washington County Horses

OREGON KID WINS THE TROPHY

Mr. Tongue Raised Three out of the Four Horses Coming First

E. B. Tongue last Saturday won the Shogren Cup at the Portland Hunt Club across-country chase, leading all other competitors by 2 points. Mr. Tongue rode in a good third, and his lead on the two former races won him the cup. His mount was Oregon Kid, the same as ridden at the former races. Quite a number of Hillsboro people were down to witness the finish. Mr. Tongue either owned or raised three of the four horses that came in first at the finish. He also bred, owned and raised "Jerry," the horse which came in first this last meeting. The colt was sired by Lovelace, owned now by Mr. Tongue. This record speaks well for Washington County colts, and for the judgment that selected Lovelace as a sire for speed.

William W. Jenkins, well known to many Hillsboro people as a boy, died in Portland, last week.

Jenkins was a son of Mrs. R. L. Jenkins, and his father was Rev. H. C. Jenkins, one of the pioneers of the Northwest. Jenkins was born at Fort Stevens, Wash., in 1867. After leaving Hillsboro Jenkins worked for the Hotel Perkins in Portland, and later went to the Philippines, where he contracted a fever that afterward became complicated with dropsy. His mother resides at 281 Main St., Portland, and E. F. and Clyde, brothers, also reside in that city; Mrs. William Steel, a sister, lives at Lakeview; Mrs. M. S. Jones, Walla Walla, and Mrs. Bliss, of Birmingham, Alabama, sisters, survive him. Interment was in the Lone Fir Cemetery.

Patronize home industry by buying your ornamental shrubs and flowers of Mrs. Agnes Campbell, corner Seventh & Fir, Hillsboro. Also has a fine quality of cabbage plants, tomatoes, and other garden supplies. Thanking the public for the patronage of the past, I respectfully solicit its continuance.—Mrs. Agnes Campbell.

H. T. Latham and Sons, formerly of Hillsboro, have moved their flouring mills from Cleveland Wash., to Bickleton, Wash., where they are located in a fine Blue Stem wheat section. They are 26 miles north of Arlington, and about the same distance from the N. P. Railway. The Bickleton people gave them a subsidy of \$1,000 to move their mill to the new location. They are on a stage line, but have no railway. It is but a question of time, however, until the N. P. will take that rich wheat section. In a private letter the Lathams send their regards to all their Hillsboro friends.

Dennis has received his new stock of shoes, the American Gentleman and American Lady, the finest in the market. Come in and see them. The latest models. These shoes are advertised in every prominent magazine and newspaper in the world.

Boyd, Beaverton, E. J. Ward, Gaston, S. M. Seour, Dilley, and Hon. W. K. Newell, Dilley.

Speaking of groceries—if you want the finest staple and fancy groceries to be found in the market, try John Dennis. He is after your trade, and once a customer, always a customer.

The Argus has it on reliable authority that the decision of Judge T. A. McBride on the Forest Grove liquor case will be appealed to the Supreme Court as soon as the papers can be perfected, and the attorneys confidently expect a reversal in the higher court. And this reminds one that the Argus was the only paper in the state or county which published the opinion of His Honor in full.

For gentlemen's, ladies' and children's hose you can do no better than to buy of John Dennis. We have them for everybody, and at prices that are values.

LYDA SAWMILL GOES UP IN SMOKE AGAIN

Second Loss Sustained by this Sawmill Man

BURNED EARLY SUNDAY MORNING

Over 100,000 Feet Lumber Lost Loss Over Ten Thousand

The sawmill owned and operated by W. H. Lyda, at the Bellingher Bridge, about two miles from Greenville, on the Forest Grove road, burned Monday morning, at about 5:00 o'clock, and with the mill over 100,000 feet of lumber went up in smoke. The loss is estimated at between ten and fifteen thousand dollars. There was no insurance. One of the men was in the mill at 10 o'clock Sunday evening, and saw no evidence of fire, and another workman was up at midnight, and he states that there was no evidence of a blaze. The engineer states that he started the fire in the furnace at 6 o'clock Sunday evening, in order to have water warm the next morning. At nine he went to examine the furnace and the fire was out.

The loss is a severe one to Mr. Lyda, who suffered a like fire about four years ago, while running a mill on Gales Creek. At the time of the fire Mr. Lyda was at his father's, on Gales Creek.

There is a well defined opinion that the blaze might have been of incendiary origin.

All are cordially invited, and the ladies are requested to bring baskets and help the good cause, and have a good time. Coffee and sandwiches will be served after the sale of the baskets.

To those who love plants and flowers—How you may keep the garden spot from drying out during the heat of summer, and make one watering last from 3 to 5 weeks; saves labor, and is much better than continual watering. A great help to those who wish to leave home for a vacation, or in caring for a grave; simple and very effective. Full directions for 25 cents in silver. Address "J. E. S." P. O. Box 347, Portland, Oregon.

Deputy Sheriff F. T. Kane arrived in Friday morning from Port Ludlow, Wash., having in custody E. H. Goodmurphy, who was in the barber business here several years ago. Goodmurphy disposed of some furniture which was not his prior to his departure, besides getting money from other sources, under false pretenses. Goodmurphy pleaded that he did not know that he was violating the law and offered to pay those whom he bilked, which he did, and also paid the costs of extradition, and was allowed to depart, a sadder, but wiser man. Goodmurphy's brothers, of Seattle, came to his relief, or he might have fared badly. He left Tuesday morning for his home at Port Ludlow. Roy Cook of Cornelius, and Attorney John M. Wall, were the complaining witnesses.

"As the Twig is Bent The Tree's Inclined"

How is it with the young people of your household? Are they saving money? Have they learned to appreciate the value of the dollar? Are you endeavoring to instill into their minds correct ideas concerning thrift and economy? Are you seeking the opportunity to "bend the twig?" Would you like to listen to a plain suggestion? If so, here it is:

Send the young folks to our bank with the first spare dollar that comes into their hands. The next dollar should be treated in like manner, and the practice so continued until a fixed habit of saving has been established. A goodly bank account will soon result; the young folks will get an inkling of the ways of business, and, being thus "inclined" are likely to grow up into straight and thrifty manhood.

This Association, being legally organized and duly incorporated, has for its object the mutual protection of its members against loss or damage by fire and lightning, and the insurance is confined to farm buildings, churches and school-houses and their contents, outside of any city or town, located in the country, excluding hop-houses and fruit-driers. It insures only two-thirds of the actual cash value of property, and rejects any inferior, unsafe risks.

By paying \$1.00 membership fee you become a life member, and by paying 25 cents per \$100.00 for dwellings and contents, and 50 cents per \$100.00 for barns, churches and school houses and contents, you get insurance for five years, subject to such assessments as may be necessary to cover losses as they may occur during that time. The headquarters of this Association are not in an inaccessible, out-of-the-way place, where only a few (a certain ring) have the control of it, but in the business center of the State, easily accessible from all points, where the members annually meet and elect the Directors and all the officers direct, examine the books and control the affairs of the Association generally.

The membership is already a large one and daily increases, and the Association, being conducted by sound business principles, is bound to become the leading Farmers' Mutual Fire Relief Association in the State. If you wish to join, send your name and address to
