Thousands of the friends of Hon. T. A. McBride hope that he will be honored with the appointment to succeed the late Judge Bellinger. In all Oregon there is no lawyer or judge who would fill the place with greater dignity or with more ability than Judge McBride. His career has been one worthy of emulation by all who are ambitious to become honored members of the profession. His knowledge of the law, both criminal and civil, preeminently fits him for the high position, and no judge or attorney in the Northwest is farther removed from corruption influence than plain, democratic, republican T. A. McBride.

If Hillsboro seeks to be attractive for people who want suburban homes, it must get a hustle on itself. There is no public place for people to enjoy themselves. The city has no park, nor has it any natural attractions. With an electric line coming; with a better train service on the Southern Pacific; with thousands of Eastern people ready to come to Oregon and take up their abode in little cities close to Portland; with hundreds of Portland business men wanting suburban homes—Hillsboro offers just ordinary inducements to homeseekers. Why not move up in the front of the procession? Why not take an active interest in your town? Why not have a public park, where people can pass away a sunny afternoon? Or are we like the old fellow who said: "We don't want no schools; we don't need any churches; we don't want no larnin', and we don't want nothin'."

If Russia shall win in the naval battle which is bound to follow in the near future it will mark the close of the war. If she shall fail, Russia's dominion in Manchuria will close in disgrace. If Russia shall win, it will mean a seaboard for her vast dominions, and, later on, a seaboard out through Persian dominions. The next few weeks will mean much in mapmaking in the Orient.

It is really too bad that President Roosevelt cannot find time to open Oregon's big Fair, even if this is not a Presidential year. The people of the West would appreciate it as well as a bear hunt, even if our Fair has no historic value.

J. F. Lawler, a son-in-law of David Keen, of Forest Grove, was killed by an explosion on railway construction work in Utah, the other day.

One of the Thompson Brothers, of Mountaineers, was in town last evening. The firm is shipping 200,000 feet of timber, 5x9x50 to Denver, Col., for car building.

The Modern Woodmen this week paid Mrs. John Anderson, of Dilley, insurance on her husband, the sum of \$2,000. The husband died April 2, and was a member of a Wisconsin lodge.

Forest Grove's school board has hired the following teachers for next year: Edwin Allen and the Misses Susie Jackson, Edna Jensen, Emma Gordon, Grovaline Baldwin, Marie Staehr, Lucille Dooley, Anna Newman and Luna McCoy.

The county recorder's office is about the best paying office of the entire lot, as the receipts each month pay both the recorder and deputy, besides leaving a neat little balance to go into the county fund. So far this month the fee received amount to \$185.90, with twelve more days to bear from.

Joe Mitchell, a wandering chap, claiming to be out looking for work, was before Recorder Bagley this afternoon, but made so good a showing that he was turned loose. With the advent of the Fair the county will be full of these chaps, but they have to put up a good story or go on the streets when they touch this place.

Dr. C. L. Large, of Forest Grove, who appreciates a joke as well as the next one, was in town the other day, and, in violation of an ordinance, rode his wheel on the Main Street sidewalks. Deputy Sheriff Kane, for a joke, notified Marshal Atkinson, who wasn't inclined to be joking, and he proceeded to make the Doctor pungle out a five. It took considerable persuasion and a consultation with the

felt like returning the five. For a while it looked as though the joke was rather severe, and Kane had quite a time making Large believe it was all in fun.
