Hopmen who know, claim that, unless they have a week of very warm weather there will not be 20,000 bales of choice hops in the entire Oregon district, this season, whereas, they should market at least 100,000 bales of choice product. This is because the lice are getting overwhelmingly thick, and even those who are spraying are getting discouraged, because the foliage is so thick it is impossible to get the solution into the center of the vines. This result is predicted, of course, upon the hypothesis that there is no extremely warm weather. Eye warm weather would not kill all the lice, but it would reduce their damage to a minimum.

Have you any Insurance upon your buildings and their contents? If not, you can get insurance with the German Insurance Co., of Bethany, which has been amongst you for more than twenty-five years. The rates are 50 cents per 100 of the amount of insurance, and 25 cents per 100 every year thereafter, subject to assessments if these amounts should not be sufficient to pay up losses.

TELEGRAPHIC NOTES

Prof. Andrew Fox, of the University of Chicago, asked for aid from Rockefeller, and has been dismissed. That a Chicago university should equal about tainted money is paradoxical, to say the least. How this "tainted money" proposition must tickle the horny handed farmer who buys farm machinery of the trusts, which are protected by tariff laws; and buys steel from the steel trust, protected by tariff laws, and consequently is forced to pay a half more than is necessary—and then see Andrew Carnegie's money given to public libraries!

The Portland Chamber of Commerce is kicking because the railroads are not doing more building in Oregon. If the Portland Chamber of Commerce would get busy trying to induce some of the local millionaires to build a few rail lines, instead of continually harping at the established roads, their efforts would be more to the point.

Richard Cornelius, a labor union man from San Francisco, has been in Portland and reports a regular pool system used by the Consolidated Railway in the hiring of men. When a man hires he must obligate himself to not join a labor union. The practice is illegal and the matter will be investigated by the Federated trades.

Gen. W. W. Blackmar, commander-in-chief of the National G. A. R., died at Boise, Idaho, Sunday morning. He was making a tour of the posts of the Northwest, and was accompanied by his wife. He was born in Pennsylvania, in 1841, and served with General Custer.

M. Witte, the Russian minister of finance, has been appointed on the peace commission. Witte is one of the big men of Russia and had his advice been followed Russia would not be in the present humiliating position, whipped and discredited.

Donnelly, a labor leader of Chicago, was assaulted by thugs hired by men who had been forced out of the labor unions a few years ago. He will lose one of his eyes. This is the second time that he has been assaulted by the same parties.

Japan is going to try to capture Vladivostok at once, and large bodies of troops are being landed along the shore to the south of that port. Unless peace negotiations are promptly concluded the Japs will have all the sea strongholds of Russia in the east under their domination.

Oregon is to have two consulting engineers for her river and harbor hereafter. This speaks very well for Langitt, who has handled all of Oregon's work by himself for several years.

The telegraph operators of the Great Northern and Northern Pacific railways are ready to strike at a moment's notice. These are the only big lines where telegraph operators are dissatisfied.

Gov. Chamberlain has returned to Oregon and there has been no resignation by Mitchell; and the Fair is still running.

Tom Lawson says he does not want office—he only wants to revolutionize the financial system. Tom has done a good deal of that system work himself, in the past.

Judge DeHaven has denied a new trial for Mitchell, making his announcement of his decision in court last Saturday.

Craig, General Passenger Agent of the Oregon Railroad & Navigation Company, Portland, Ore. It is a good thing to send to your friends in the East who expect to visit the Lewis & Clark Exposition.
