

**TWO OF OUR CITIZENS ON U. S. GRAND JURY**

**Organized and Are Now Investigating Land Frauds**

**JOHN W. BAILEY ELECTED CLERK**  
Hillsboro Pharmacist and Forest Grove Farmer

Washington County has two of its citizens drawn on the United States Federal Grand Jury, which went into session in Portland, Tuesday, to go further into the land fraud cases. John W. Bailey, the well known druggist and proprietor of the Pharmacy, is one, and A. C. Alexander, a farmer residing above Forest Grove, is the other. Mr. Bailey was elected clerk of the grand jury upon its organization, and the session is likely to be a lengthy one, and the government is said to have a great deal more of land fraud evidence.

The Williamson-Biggs-Gesner case will probably take up some of the time of the body, while it is said to be certain that Thaddeus Potter and Jones will again be indicted on another charge. These two were indicted before, but the charges were dismissed upon motion of S. B. Huston, of this city, who defended.

The Hillsboro Argus suggests a "Joe Meek Day" at the Portland exposition in honor of one of the most forceful and picturesque characters in the pioneer history of Oregon. We second the notion and by all means let Washington county take the lead in pushing it to a successful observance. His home in his later days was in this county and his grave is in the little churchyard north of Hillsboro. If Lewis and Clark, the explorers, are worthy of honor with so great an exposition, then Joe Meek who was such a potent force in making Oregon American instead of English should have at least a day devoted to his memory.—Forest Grove Times.

**SOME YARDS BEGIN PICKING SEPTEMBER 4**

**Hops are Ripening Rapidly all Over the County**

**THE CROP IS VARIOUSLY ESTIMATED**

**Some Say Eight Hundred Thousand Pounds; Some More**

From present indications hop picking will begin on Monday, September 4, in a majority of the Washington County yards. A few late yards will not begin harvest until a week later. The crop of the county is variously estimated, some claiming that 800,000 pounds will be the limit, while others see at least 6,000 bales, or 1,200,000 pounds of dried hops, as the harvest. Growers who know a good hop say that the quality of the hop this year is much better than for a number of seasons.

Hop harvest will distribute thousands of dollars throughout the county. If there should be a million pounds of dried hops this will mean at least four million pounds of green hops, and at a cent a pound for picking this will distribute thirty or forty thousand dollars for picking purposes alone. One dollar per hundred is said to be the ruling price for picking this season. The Hillsboro and Cornelius yards, including the various vicinities, will pay a great deal more than any other like territories in the county, and the season will afford an outing and at the same time bring in a little money for the grown people as well as the children.

**READY FOR TRACK IN THIRTY DAYS**

**Work Progressing Finely on Road to Banks**

**BIG BRIDGES NEARLY FINISHED**

**Big Pile Drivers are Doing Rapid Work on Bridges**

If indications go for anything the grade to Banks will be ready for tracklaying inside of thirty days. The big pile drivers north of town are doing rapid work and in a few days both the bridges within a mile and a half of town will be ready for the timber carpenters. The first bridge has already been driven and the bridge at the Wooly crossing is ready to finish in a few days. It is estimated that the carpenter work on these two structures will be completed in a fortnight.

Louie Rose & Company, putting in the grade on the first mile, will finish in at least two weeks and Thompson Brothers, the first contractors out, and Knotts, camped near the Roy school, will finish the line to Banks inside thirty days if all goes well.

It will not require more than ten days to lay the track if an engine is used, as a mile a day is nothing big. If steel cars are used, however, it will take longer.

Large numbers have gone out to see the pile driving, and the work of the crew is a experience in that line. The driver is hung on a crescent, and piles are driven on a slant as readily as the straight ones.

**MAY BE HON. T. A. McBRIDE**

Oregonians are watching for word from Washington, each day, covering the appointment of United Circuit judge for the District of Oregon, and it now looks as though Hon. T. A. McBride will be the presidential selection. Justice Bean, of the Supreme Court, is the other aspirant. Judge McBride is judge of the Fifth Judicial District for Oregon, and for over 25 years he has been connected with the Washington county circuit court, either in the capacity of judge or district attorney. His cases are reversed less in a higher court than almost

any other judge in the Northwest, and he is considered a splendid authority on law. The Argus, as well as many other of McBride's friends, hope that he will get the appointment—which is for life—as a fitting close of a career that has brought honor to himself.

It is not concealed that McBride is the first choice of Senator C. W. Fulton—and this means considerable, as Mitchell is convicted; and the two representatives in Congress are under indictment.

Not a stain attaches to the long legal career of Hon. T. A. McBride and nothing but his age stands in the way of his selection. Even this, no doubt, will be waived.

If you want brick for any purpose, or building blocks for a foundation, remember that the Groner & Rowell Company, of Scholls, can supply your demands. They have a fine lot of lumber, rough and dressed, in their yard, and will meet all competition. Wet, low spots in the fields, always giving poor results, can be remedied by putting in tiling. Let us help you. We can aid you to avoid crop failure on low lands. House and barn bills for lumber on short notice—and do not forget that we can furnish you estimates on short notice.

Casper Mexor, held on a forgery charge, and laying in the county jail in default of \$800 bail, is suffering from a sore leg. Robert Virgil, the five year old son of Mr. and Mrs. D. C. Wheeler, of below Reedville, died Wednesday, August 23, 1905, after an illness of several weeks. The lad was bright, and the loss is a severe one to the parents. The funeral takes place tomorrow, and interment is in the Hillsboro cemetery.
