ing the government. Witte, the Russian at the peace conference, seems to have captivated depth of from 5 to 30 feet. These the Americans who have met him lands are located in Central Ore-

A HARD ROW

A HARD ROW

And a long pull describes the pathway of a woman afflicted with female weakness unless she is under the care of a doctor who has had successful experience in the treatment of such cases or else has found the right remedy which can be safely used independently of the doctor.

Forty years ago, Dr. R. V. Pierce found that women were being grossly maltreated—mainly through ignorance and carelessness, and he determined to devote himself to study and research till he found the real cause of their suffering and a proper remedy for it.

He found it, and dug from Nature's Laboratory, the earth, Nature's remedies for woman's weaknesses and aliments. He found in Lady's Stipper root, Black Cohosh root, Unicorn root, Blue Cohosh root and Golden Seal root, the required ingredients.

The remedial virtues of these he extracted, combined and preserved by his own peculiar non-alcoholic, glyceric processes, and the compound is now known the world over, as Dr. Pierce's Favorite Prescription.

"The wearing of corsets too tight seemed."

Prescription.

"The wearing of corsets too tight seemed to have brought on an abdominal pressure, weakening the ligaments and resulting in displacement, which troubled me until I was not fit to walk, and at times could hardly stand, "writes Mrs. Beverly Sitgreaves, of 124 Fulton St., San Francisco, Cal. "A neighbor advised me to try Dr. Pierce's Favorite Prescription. Refore the first bottle was used I felt much better. Improvement went steadily on, and within four months I was like a new and well woman once more. I am now perfectly well and strong, and extremely grateful to you for your blessed reusedy—a boou to sick women."
