

# THE HILLSBORO ARGUS.

VOL. XII.

HILLSBORO, OREGON, SEPTEMBER 7, 1905.

NO. 26

## GOVERNOR WILL NOT EXERCISE CLEMENCY

### Says That he Dislikes to Pardon Without Recommendation

#### THE COURT OFFICERS MUST ASK Colestock and Tromley, Sent From Here, Must Serve Time

Governor Chamberlain, in an interview with the Argus reporter, Friday, states that he thinks his order to take the stripes off of convicts, and give them blue-gray suits, will work to the well being of all the prisoners, and he stated that as far as escaping more easily in this garb is concerned, that escapes generally changed their apparel as soon as they can find other clothes. Speaking about Tromley's desire to get out, he stated that he should not pardon him unless the trial judge and the district attorney petitioned him. Tromley was the fellow who was given a dose of tar and feathers here a few months prior to his conviction for assisting in a jail delivery. The Governor also stated that he would not exercise executive clemency with E. E. Colestock, sent up for 12 years, without a like recommendation from the trial officers. As neither Judge McBride nor District Attorney Allen will give such a recommendation, these two will very likely remain until their sentences expire.

## KILLS BIG LYNX

Ora and Harry Cook, of Cornelius, were in the county seat Monday, bringing with them a big lynx, measuring over three feet from the nose to the point of his tail, his caudal appendage, however, being but two or three inches long. The animal was a monster of his species, and was tamed by Mr. Cook's dogs, on the Lung place, north of Cornelius. Ora Cook's boy first located him, where the dogs had him landed, but as he had only a small "pepper box" with him he went after the uncle, who soon brought his lynx ship out of the tree. There is no bounty on these animals, but there should be, as they are worse after sheep than coyotes.

## NOTICE

P. O. Address, Newberg, R. F. D. No. 3.

## STROHMAYER-BLEDISOE

Married, at the residence of Mr. John Blediso, near Greenville, Or., Sept. 3, 1905, Rev. L. F. Belknap officiating, Mr. Chas. Strohmayer and Miss Clarice N. J. Blediso, both of Greenville.

Dr. J. P. Tammis went to Portland Monday.

Dr. F. J. Bailey and F. M. Heide were Portland visitors Monday.

T. G. Mescham was down from above Mountsindale Monday morning.

For a good smoke try the Schiller or Excellencia—and you will try them again and again.

Dr. F. W. Wood, of Glencoe, came in Friday and made a business trip to Portland.

Miss Mae Snyder, of San Francisco, was here last week, the guest of Miss Willmoth Jones.

With your head hot your brain is not right for work. Moral: Buy your hats from H. Wehrung & Sons.

John Boge, of Farmington, exhibited some fine blue-top turkeys on the streets Friday, bringing them up for Fair purposes.

Our midsummer stock of ladies' dress goods is absolutely the finest in the city. Call and see.—H. Wehrung & Sons.

R. L. Cate, of Portland, and who is agent for the Hawthorne estate, was out Friday, the guest of his brother, of the Hawthorne ranch, east of town.

You will do well to list your farm for sale with J. C. Kurath. Will also cry auction sales. Satisfactory guaranteed.—J. C. Kurath, Hillsboro, R. F. D. 4. Residence, Phillips, Ore.

A six year old son of Mr. and Mrs. Frank Simpson, of South Tualatin, fell while playing in the barn, Sunday, and broke his right forearm, just above the wrist. Dr. F. A. Bailey was called to reduce the fracture.

C. K. Henry, the Portland real estate dealer, residing in South Hillsboro, through Attorney Gen. R. Bagley, has secured an injunction from Hon. T. A. McBride, to restrain the City of Hillsboro from shutting off the water supply he uses to irrigate his lawn. The injunction was granted upon filing a bond in the sum of \$300, and the case will be tried out. Henry objects to the turning off of his water, and the petition says that after the city shut off the supply he had to pay a penalty of \$5 before he could have it turned on. He relates that the city agreed to give him a service for 50 cents per each thousand gallons, and that he put in a meter at his own expense. The city alleges that when the water supply became short owing to the drought an order was made directing limited use of water for irrigating lawns, and that Henry disobeyed this, causing the water to be cut off. Henry alleges that the city is bound to furnish him all the water he wants, both for domestic and irrigating purposes, and that he is not required to take less than he needs for the preservation of his grounds, which are, as a matter of fact, the most beautiful in town. The city officials allege they will fight the case to the limit, and, as Henry is somewhat of a fighter for what he deems as his rights there will be plenty doing until the court settles the matter.

Fully one hundred cars for freight are wanted by farmers in this vicinity, and the same car shortage that was prevalent last year is epidemic again this Fall. The company offers no immediate relief, and no one seems to know when we shall get wheels to ship out the product of the county. East of Hillsboro many farmers haul to Portland while roads are hard, rather than to take their hay and grain to warehouses along the line and then not be able to deliver when they think the price is right. Car shortage has been the trouble here every year when crops are to be moved—but that is one of the disadvantages of living on a branch line.

Mrs. C. Burgland, of Beaverton, appealed to County Judge Rood to take charge of two minor children belonging to Frank Miller, who has been logging on the Columbia, and order the children sent to the Boys' & Girls' Aid Society, as Miller had not been heard from for several months, and the woman stated that she was unable to support them longer. Without knowing aught of the proceedings Miller returned, Labor Day, and took charge of the little ones, paying all arrearages. Miller is hardworking and sober, and had been working ever since leaving for the Columbia River.

Geo. T. Rea, of west of town, was Monday morning exhibiting a belt and knife holder which he took off the body of a dead, and, necessarily a "good" Indian, forty two years ago Sept. 4. The Indian was one of the band that committed the New Uim massacre in Minnesota, and Mr. Rea was one of the men enlisted to hunt them down. The Indian shot at Rea and he returned the fire, downing him, and he went over to see what he looked like. The belt is a handsome one, and has stood the ravages of time without losing its beautiful coloring. Two arrow-heads were found in the little pocket attached to the belt.

From this date all who buy \$1 worth, or more, in my hardware store, will get a rebate of 10 per cent, and on purchases of between 50 cents and \$1.00, a rebate of 5 per cent will be given. This applies to everything except oils and white lead. We are going to close our business, and here is a chance to save from 5 to 10 per cent., and our prices meet all competition.—A. C. Archbold, Second Street. Independent phone No. 454.

Chairman Baker, of the Oregon republicans, has called for a love feast to convene at Portland, October 12, when all hatchets, knives and various other implements of incision, are to be buried—to help along some of Baker's candidates for office, of course. W. R. Barrett, of this city, and B. P. Cornelius, postmaster, are invited to attend.

For sale for seed: Choice lot of Winter oats and oat seed. Will also sell five Merino Bucks, from the Baldwin Land & Sheep Co., flock, of Hay Creek, Ore.—Wesley W. Paine, Glencoe, Ore., address, Hillsboro, R. F. D. 3.

Mike Relling, of Blooming, was in the city Tuesday, and states that threshing is concluded in his section. Mr. Moberly, he states, started hop picking in the Pollock yard, Tuesday morning.

Emil Opelt, of Mountsindale, was in town Tuesday, and joined the Argus list, to keep informed on county news.

S. L. Hollenbeck, of Mountsindale, was in the city Tuesday.

## A BIG FIRE LOSS AT DILLEY STATION

### Warehouse and Wood Burned Friday Afternoon

#### THE RAILROAD LOSES ITS WOOD Caused by Spark From Engine, Igniting Roof

The Alexander warehouse, at Dilley, now owned by T. G. Todd and Mr. Bisbee, of Forest Grove, caught fire Friday afternoon, the blaze starting from a spark from the engine, the roof catching, first. Many turned out to extinguish the fire, but owing to the strong wind, no headway could be made. The warehouse, which contained \$800 worth of hay and grain, was totally consumed, the loss on the building being estimated at \$500. The loss of wood is estimated at \$400. Henry Parsons, a farmer near Dilley, lost a lot of cedar poles, which he had in the yard.

An old warehouse was also destroyed by fire at Cornelius, the same day, but by a strenuous effort the flames were prevented from spreading to other property.

## ADAMS-ZIMMERMAN

Mr. Fred Adams, of this city, and Miss Adeline Zimmerman, of Koeiland Farm, Southeast of Hillsboro, Southeast of Hillsboro, were united in marriage at the home of the bride's parents, Mr. and Mrs. J. A. Zimmerman, on Sunday, September 3, 1905, Rev. C. L. Hamilton, of the Hillsboro M. E. Church, officiating. The groom is a former resident of Scholls, but for several months has been employed as salesman for J. A. Messinger and G. W. Patterson & Son. The wedding was attended by a large number of friends of bride and groom, Elmer Scott being groomsman and Miss Marguerite Freedeen, of Portland, the bridesmaid.

Mr. and Mrs. Adams departed on the evening train for Astoria and other points for a short honeymoon, after which they will take up their residence in this city.

## WORK AT A STANDSTILL

Work on the Portland, Nehalem & Tillamook railroad is at a standstill, owing to the failure of Records, of the Atlas Supply & Contract Company to make good on demands made on him by virtue of the Forest Grove electric line. It appears that the men on the Portland end of the electric line were issued checks in payment for their services, and there were no funds in the bank to cash them. This stopped work on the electric line, and, of course, he being the same contractor on the Tillamook road, Wakefield, of the bridge force, ordered his men into Portland, paying them off. Other contractors worked several days longer, the last to quit being contractor Knotts, grading up at Roy's. All the labor employed by the contractors, Wakefield, Knotts, J. C. Hare, and Thompson Bros., have been paid, or will be paid on the 15th, the only men not being paid as yet being the engineer parties and the Swedes, who were working for Records, direct. Efforts are being made to patch up both the affairs of the electric line and the Tillamook project, and a return to work is promised before long.

Attorney Geo. R. Bagley made a business trip to Portland Saturday.

R. Rasmussen, of Reedville, was in town Saturday, accompanied by his family. He states that some of his wheat went 30 bushels to the acre, and that his best oats went 82 bushels to the acre. That is pretty fair, considering other yields in general.

Joe S. Robinson, of Farmington, was in town Tuesday, with a load of the finest Gravastains yet seen this season, the fruit being perfect in formation and almost without a blemish. He says that all Washington County needs to beat Hood River fruit is care of orchards, and plenty of spraying at the right season. In ten or twelve boxes of apples brought in by him, one could not detect a worm hole.

Sheriff Connell, D. B. and Henry Reasoner and Frank Sellman returned Saturday evening from a deer hunt in the Mountains above Gaston. H. W. Scott, Herb Mattison and Alec Hoodenpuy, of Gaston and vicinity, made up the party and the seven landed five deer, making one for each of the hunters, as your "Uncle Henry" watched camp. The Sheriff and D. B. Reasoner landed one each, Mr. Reasoner killing one with Connell's revolver.

## DATE SET FOR BOARD OF EQUALIZATION

### Will Convene on Monday, October 9, for a Week

#### ASSESSOR, CLERK AND JUDGE

##### Rolls Will be Completed on Preceding Saturday Night

The Washington County tax roll for the year of 1905 will be completed on Saturday evening, October 7, and Assessor Wilcox will convene the Board of Equalization on Monday morning, October 9, for a session of one week, to adjust tax matters with those dissatisfied with valuations, and to add to the roll any property that may be found.

Should the board, which consists of Assessor Wilcox, County Judge L. A. Rood and County Clerk Godman, find it impossible to complete its labors by the Saturday adjournment the county commissioners must take up the work where the Equalization Board leaves off its work.

It is expected that more people will attend the session than before because each year sees more owners on the list of taxable property. The Southern Pacific is expected to send out a man, also, as their assessment has been raised nearly double, and in some instances a trifle more.

## The Deacon on Thrashin' Time

Oh thrashin' time is here again— I'm eager as a kid To see the grain come spoutin' out That little painted lid!

I like to see that ol' masher Eat up the yaller straw, 'Till all the fields are licked up bare In her capashus maw—

But still, the thrashin' aint the same As when I was a lad An' some one drowns that ol' horse-power A-swearin' like he's mad!

Fer now they hitch an injine on— Which puffs, and sweats, and pants An' makes the men jes' jump aroun'. Like they're that many ants—

An' still, I like the thrashin' time. To me it seems a joy— It takes me back to old-time days When I was jes' a boy!

## "As the Twig is Bent The Tree's Inclined"

How is it with the young people of your household? Are they saving money? Have they learned to appreciate the value of the dollar? Are you endeavoring to instill into their minds correct ideas concerning thrift and economy? Are you seeking the opportunity to "bend the twig"? Would you like to listen to a plain suggestion? If so, here it is:

Send the young folks to our bank with the first spare dollar that comes into their hands. The next dollar should be treated in like manner, and the practice so continued until a fixed habit of saving has been established. A goodly bank account will soon result; the young folks will get an inkling of the ways of business, and, being thus "inclined" are likely to grow up into straight and thrifty manhood.
