THE STORK BRINGS JOY

To the household but how about the mother? Has she been joyful during the weeks and

months preceding the advent? Too many mothers find it a time of fearful anxiety because of the knowledge that they are "not in good health." They have allowed weakness, pains and drains to accumulate till the health is completely undermined and they are "more than discouraged," and all because they have been misled by well-meaning friends or malpractice by an incompetent doctor. To all such here is the news that there is a remedy that will heal and not hurt. It was discovered forty years ago by Dr. Pierce who searched Nature's laboratory—the earth, for the remedial agents so liberally provided therein. He took Lady's Slipper root, Black Cohosh root, Unicorn root, Blue Cohosh root, Golden Seal root, and by extracting, combining and preserving, without the use of alcohol, the glyceric extracts of these natural remedies he has given to the world Dr. Pierce's Favorite Prescription, which has to its credit the enviable and unparalleled record of more than a half-million of cures in the last forty years. "Only those who have given Dr. Pierce's Favorite Prescription a trial can appreciate what a boon it is to suffering women," writes Miss Vina Seaman, of 23 Elm St., Toronto, Ont. "For two years I suffered intensely from female weakness until life was a burden to me. I had distressing bearing-down pains so I could scarcely stand up. Had hot flashes, was very dependent, weak and utterly wretched. My physician gave me treatments but without success. I tried several remedies but obtained no relief until I began to take Dr. Pierce's Favorite Prescription. I began immediately to improve, and in four months' time I was as well and strong as ever." Constipation cured by Doctor Pierce's Pleasant Pellets.

Cornelius Warehouse CORNELIUS, ORE., Does a General Warehouse Business. Flour, Feed, Hay and Shingles at the lowest market price. Feed for farmers steam or dry rolled or chopped, as wanted.

A Very Large Mine. There was once in Cripple Creek an odd character named Burns. He was an odd person, who always, no matter what his work, wore what used to be called a "Prince Albert." He struck a rich vein of ore and named that the Prince Albert. Being of a generous and convivial disposition, this lucky fellow was, of course, surrounded by many self seeking friends. When he and they were in their cups some of them, with an eye to the main chance, managed to wheedle out of Burns one or another of his mines. With royal prodigality he scattered deeds about among his retainers and camp followers until finally something had to be done, and the case was taken into court. One of the lawyers had Burns on the stand. "Now, Mr. Burns," said the lawyer, "will you please tell the court how you can explain your conduct? The evidence shows that you have deeded away twenty-nine twenty-fourths of your mine. What have you to say to that?" "Well, sir," replied the witness, "you must remember, sir, that the Prince Albert is a very large mine."
