

## GIVES GOOD ROADS WITHOUT MONEY

### The King Split-Log Drag Does the Work

SO SAYS W. R. LEE, THE EXPERT

Now in Washington County to Demonstrate the Plan

Mr. W. R. Lee, of San Francisco, Cal., is in the county, demonstrating the "Split-Log Drag" method of working mud roads. He says that towns, and thousands of farm communities, are today enjoying smooth, hard roads the year round, at the cost of the labor to drag them—from \$3 to \$5 per mile, per year.

halves are set on edge, flat faces to the front, and held together, 30 inches apart, by three cross pieces, wedged into 2 inch auger holes. The device is dragged at an angle of 45 degrees, up one side and down the other, the right end to the front, and at the side of the road, a chain or wire being attached to the ends of the front log, and to which the team is hitched.

The driver rides on a platform of boards. The purpose of the drag is to work the dirt from the sides to the center of the road, capping the roadway, and puddling it smooth to shed the water.

The work is done after a rain or wet spell, 5 to 10 times each year. There is absolutely nothing to buy, and the whole spirit of the movement is to give "Good Roads Without Money."

"Make a drag and use it, and tell your neighbor, is the advice of Mr. Lee."

### EXPENSIVE WRECK

The wreck mentioned in last week's Argus, as occurring late Thursday evening, at the Wood hayrack, west of the station, was a very expensive one for the company. The engine of the extra freight crashed into the caboose of the regular freight, and demolished it completely, throwing the car clear up on top of the engine's front end. It was necessary to send for a wrecking train, which arrived five hours after the wreck took place. Twenty men had the wreck cleared by four in the morning Friday, letting the Sheridan and Forest Grove midnight trains out about daylight, after an all night wait at the station. Many Forest Grove people hired rigs and went home in that manner, but about fifty passengers from above that point remained with the up-train.

## ALEX CHALMERS JR., OF CENTERVILLE, NOW AT SCHOOL AT PALO ALTO, IS GETTING A GREAT DEAL OF PRESS NOTICE THESE DAYS AS CAPTAIN OF THE 'VARSITY' FOOTBALL TEAM. HE IS NOMINATED AS "FULL" CHALMERS AT THE COLLEGE, AND THERE ARE TWO VERSIONS AS TO HOW HE WAS GIVEN THIS APPELLATION. ONE IS THAT HIS MAD RUSHES AS LEFT BACK CAPTURED HIM THE NAME, WHILE STILL ANOTHER STORY SAYS THAT THE COLLEGE BOYS GAVE HIM THE COGNOMEN BECAUSE HIS ROOMS WERE ALWAYS DECORATED WITH PHOTOGRAPHS OF THE CELEBRATED SHORTHORN BULLS ON THE FAMOUS CHALMERS' STOCK RANCH WHICH EVER IS THE TRUE VERSION THE NAME WILL STICK TO HIM THROUGHOUT HIS COLLEGE COURSE, AND AS IT IS INDICATIVE OF ENDURANCE AND COMBATIVENESS IT IS NOT SUCH A BAD ADVERTISEMENT, AFTER ALL.

### SHOTGUN OR CROWBAR?

Next Tuesday Justice H. T. Bagley will determine whether it was a shotgun or a crowbar. Greener came along, last Friday, and Gribner says poked a shotgun through the fence at him, and abused him beyond measure. Greener, it is alleged, says he only had a crowbar, and the thing had no hole in it, and how it could have been mistaken for a shotgun he can't understand. The examination comes off next Tuesday.

## "As the Twig is Bent The Tree's Inclined"

How is it with the young people of your household? Are they saving money? Have they learned to appreciate the value of the dollar? Are you endeavoring to instill into their minds correct ideas concerning thrift and economy? Are you seeking the opportunity to "bend the twig?" Would you like to listen to a plain suggestion? If so, here it is:

Send the young folks to our bank with the first spare dollar that comes into their hands. The next dollar should be treated in like manner, and the practice so continued until a fixed habit of saving has been established. A goodly bank account will soon result; the young folks will get an inkling of the ways of business, and being thus "inclined" are likely to grow up into straight and thrifty manhood.
