

ROAD MEETING ASKS COUNTY COURT TO ACT

Petition Body to Experiment on Split-Log Plan

WANT IT GIVEN IMMEDIATE TRIAL

Meeting in the Court House Tuesday Afternoon

At a called meeting, Tuesday, a number of citizens talked over the road question. L. A. Long was chosen chairman and Dr. J. P. Tamielie was selected secretary. It was decided to ascertain if the county court would not immediately take up the split-log plan of improving the county roads. Upon motion the following were appointed as a committee to draft a petition to the court: Dr. J. P. Tamielie, Hillsboro; W. O. Hocken, Beaverton; and John Ritter, Helvetia. The petition was drafted and voted on unanimously, asking the court to put four teams on the county roads for a period of four months, using the drag-log, or split-log plan. The prayer was presented to the administrative body at once. Those who have seen what this proposition will do, where it has been used between here and Cornelius, and Forest Grove, aver that it makes a vast improvement, and the court house meeting felt that the experiment would cost but a trifle, compared with the \$50,000 expended in the twelve months of road work, and it was argued that it should be given a trial.

The county court has agreed to drag the roads as prayed for, with the exception a different drag may be used.

Hugh Sparks, of Forest Grove, and James Ward, of Portland, both of whom are students of Pacific University, overpowered a highway robber near Echo, Umatilla county, Tuesday. The two boys had been selling pictures up in the Butter Creek country, and were returning to Echo with about fifty dollars. A masked highwayman suddenly jumped from the brush and ordered the boys to throw up their hands, which they did. Suddenly young Sparks gave the robber a blow with a heavy riding whip, stunning him. The two young men then overpowered the highwayman, tied him, and took him into Echo, where they notified the sheriff to come and get his man. The robber persistently refuses to give his name, and it is thought that he is a well-known criminal. Here is a chance for "Andy" Carnegie to get rid of one of those "hero" medals.

S. P. GETS NO CHANGE ON TAX ROLL

Corporation Counsel W. D. Fenton and J. W. Morrow

PLEADED FOR SOME REDUCTION

Board Says Assessment is Equitable. Company Says Lawsuit

Wm. D. Fenton, corporation counsel, and J. W. Morrow, tax agent for the Harriman railways in the northwest, were here, Tuesday, and appeared before the board, asking for a horizontal reduction in the assessment of the Southern Pacific roadbed in this county. They argued that \$10,000 per mile on the West Side branch was too much, and that the Jefferson street line, assessed at \$7,000, was also too high in valuation. When asked by the board if they did not think, considering all values, if the road was not given an equitable assessment, they denied it, alleging that the road had always been assessed too high. They were willing to submit to a valuation of \$8,000 per mile, but even that was too much. They argued that other counties were lower, and alleged that these counties will not average their figures and they would be at the mercy of assessors and county boards. Both gentlemen were very suave in their remarks, but the court denied their petition.

The county court has transacted other business as follows, setting as county court and board of equalization: Petition of R H Walker, for reduction on real estate, disallowed.

Hundred and twenty acres of tillable land of Mrs. L O Densham raised from \$35 to \$50 per acre; 50 acres assessed at \$35 per acre.

Road bridge contract let to D E Reesoner for \$144.75. Bid of J W Goodin was \$170.

Assessment of E A Eddy, Tualatin, changed to show 18 less tillable and 18 acres more non-tillable land.

Petition of E J Thomas, Beaverton, to reduce assessment; \$100 granted.

Petition of Wm Thurston, for reduction in values, denied.

Petition of F M Lane, for reduction, denied.

Petition to lower assessment of Western Union Telegraph Company denied. Tillable land of A J Hess reduced to \$55 per acre from \$66 per acre.

Petition of Thos Schoolcraft for reduction is denied.

Petition of C E Shorey for reduction is denied.

Petition C P Wunderlich for reduction on land valuation denied. Same order as to Fred Bullock; Robert Johnson, I C Clutter, Dunzer heirs, Solomon Weckert, Jos Bucher.

A P Luther's assessment, Mountaindale farm, reduced \$100.

Land of F J Jenkins, Beaverton, on non tillable, reduced to \$5 per acre.

Subpoena ordered served on J W and A C Shute to appear October 24, to show cause why money, notes and accounts should not be assessed, and to bring books, showing status on March 1.

Scholls, Farmington and Kinton people are living in hopes—for Eugene Wanger recently made a trip down in that section to see the lay of the ground. It is popularly supposed that he did this to ascertain the prospects in case Lyle should ultimately conclude to have his own outlet into Portland. The Carstens Bros. & Hartley sawmill is delivering lumber rapidly for the new theatre building, and Johnson Bros.' mill will help them saw some of the biggest timbers.
