A large pool of blood under a freight car at the depot excited the curiosity of a number of people, the first of the week, and it was thought at first that perhaps some man had been murdered, or killed by a train. Investigation proved, however, that the blood was but the drainage from a carload of hides shipped by one of the local butchers—and a good story for the press was exploded.

GET YOUR GUN PRIMED FOR SAN JOSE SCALE

Big Meeting at Forest Grove, Saturday, Feb. 3

H. C. ATWELL WANTS BIG CROWD

Fruit Interests are Threatened in Washington County

Homer C. Atwell, Forest Grove's postmaster, and who is also an authority on fruit growing, writes the Argus as follows, for publication:

There will be experts present who can answer every question relative to plant diseases and insect pests.

All residents of Washington county, who are at all interested in fruit, flowers or shrubs, are cordially invited.

The advent of the San Jose scale, in addition to our other fungus and insect foes, makes it imperative that heroic and united action be taken to combat them.

These meetings are being largely attended throughout the state, and it is hoped that the citizens of this county will not be behind other counties in grasping the seriousness of the situation, and expressing their appreciation of the efforts being made in their behalf, by the gentlemen above named.

It is not often that you will have the opportunity to hear, at one meeting, so many speakers prominent in horticulture.

Bring specimen of your diseased and infested fruits and trees, and find out what ails them and how to cure them.

IRREPRESSIBLE BILLY REIDT

Wm Reidt, the Portland irrepresible real estate owner, was in town yesterday, and from the way he talked it looks as though he is sorry that he has sold his Hillsboro holdings. Commenting on Portland's dull season at present he attributes it to the police system.

He says: "Married men from the interior towns fear to come in and stay over night for fear they'll get pinched—and as men accompanied by their wives must sail their marriage certificates on the doors of their hotel rooms, or be liable to a 'raid,' they stay away, as it is a good deal of trouble for a man to take the evidence of the 'hitch-up' out of a frame every time he goes to the city. But you bet we are having a good town down there now—when it is good!"

A BEAUTIFUL PLACE

The Crescent Theatre, corner Main & First, is finished save putting in the seats, and these will be placed within a day or so. The walls and ceiling of the new play house are tastefully decorated, rivaling anything in the decorative line ever seen on the West Side, if not in the state, outside of Portland.

In fact, it is doubtful if Portland has a playhouse with a more finished or beautiful interior. It is simply splendid, and the free hand work is of the finest. The decorations alone are worth the price of the first admission. The theatre will be opened on the night of Saturday, February 17, with "Tony, the Convict," the cast of characters being as follows:

- Tony Warren, a many-sided character who has an honest heart beneath his ragged coat... H. T. Bagley
Weary Wayside, his henchman... "too tired to work"... Will Adkins

CITIZENS RUSTLING FOR A CITY PARK

Petition is out and is Receiving Many Signers

THE COUNCIL IS ASKED TO BUY Sewell Tract is Favored but Other Sites Would Answer

A committee met at the office of F. M. Heidel, Tuesday evening, and drafted a petition, asking the city council to make a purchase of a land for a city park. The petition is already out, and is receiving many signers, only a very few refusing to add to the prayer.

A. C. Shute was elected chairman of the committee, and W. O. Donelson, vice president. Three locations were considered, but after consideration it was decided that there was but one available, and suitable, and that was the James H. Sewell tract. It was moved and carried that the petition be presented to taxpayers, and that the names and prayer be carried to the council, and that body be asked to pass an ordinance embracing the purchase; and that the citizens of the town be asked to donate sufficient work to put the ground into shape, after which it would be easily kept up.

Several petitions are being circulated, and a big majority will be on the papers before the council again meets. The city should have a park—and now is the time to buy it.

The committeemen are F. M. Heidel, A. C. Shute, Dr. Tamiesie, D. W. Beth, Geo. H. Wilcox and W. O. Donelson. Dr. Tamiesie asked to be excused from active service for reasons he explained, although he is heartily in favor of a city park.

Wm. Fenton, well known here, while working on a barn at the home of his father-in-law, A. G. Hoffman, of southeast of Gaston, sustained a serious injury Tuesday. The blocks of the derrick went to the bad and Fenton crawled up the guy-line to straighten things out. He fell the distance of thirty feet, breaking his breast bone and injuring his spine. Dr. F. J. Bailey attended the young man and his recovery is hoped for, although it is difficult to tell just how critical is his situation.

The duck season closed last night, and there will be no more sport in this line until next fall. The "crop" has not been very large this winter, for some reason or other—old trappers and hunters declare that many never left the north at all last fall, which, they say, was Nature's declaration that the winter was to be open. However that may be, wild geese have been flying north for over a week, and it begins to look as though they were either foolish or that spring is here.

Mrs. Tunzart has bought the corner lot on Second and Baseline, north of the J. W. Morgan property, from M. Morgan, of McMinnville, and she will move the Schulerich frame building, one door north of the Second Street livery, to the new purchase, for a residence. This means that Schulerich Brothers will this season build a brick on the lot to be vacated. Second Street seems to be getting a move on itself.
