STUDENTS TO HELP REBUILD HERRICK

Student Body Held Enthusiastic Meeting, Friday

TO RAISE TEN THOUSAND DOLLARS

Samuel B. Lawrence Conceived Idea of Raising Funds

Ten thousand dollars, to be known as the "Student Body \$10,000 Fund," is to be raised by the students of Pacific University immediately and turned over to that institution for the erection of a new dormitory for young women to replace Herrick Hall, which burned week ago last Sunday. This was the outcome Friday of one of the most enthusiastic meetings ever held by the student body.

Before asking others to subscribe, the students will raise \$500 among

themselves. The president of the Kappa Delta, one of the young women's literary societies, stated the society already had plans perfected to secure \$50 to add to the \$500 of the student body. Other societies will also do something in this direction. Some of the loyal young men, unable to do much financially, have volunteered their time and labor for the work on the new building, which will be started at once.

The dormitory is indispensable to the college, as is keenly felt by the girl students since the fire. With the \$10,000 insurance, the student body's \$10,000 fund and other contributions President Ferrin can secure a new dormitory large enough for the present needs of the institution will be in readiness by September; such is the earnest hope of the faculty and students.

The business men of Forest Grove and the Women's Club have shown a generous spirit already, and will give the student body fund material assistance.

The student body \$10,000 fund was the idea of Samuel B. Lawrence, of the freshman class. He was unanimously elected as chairman of the committee of 12 appointed to solicit subscriptions. The committee was carefully chosen from the different classes in the college and Tualatin Academy, assuring just representation throughout. Also the idea of appointing those from various parts of the Pacific Northwest was kept in mind.

Those composing the committee are: W. H. Wirtz, A. J. Pridemore, seniors; J. W. Peters and H. H. Barkel, juniors; D. I. Allen, G. A. Clapp, sophomores; H. F. Davis and Miss Frances Abernethy, freshmen. From Tualatin Academy four were appointed—Miss Ellen Brobst, W. R. Gwynn, L. L. Hope and C. R. Ward. The members of this committee will appoint subcommittee in their respective classes.

Publication of literature will be begun, and during the Spring holidays soliciting will be started for the student fund.

G. E. Kindt was up from Kinton Tuesday.

Peter Evers, of Verboort, was in the city Monday.

Mads Madison, of St. Johns, was in town Sunday.

Via Jack, of Farmington, was in town Monday.

Just received—lot of Lined Oil Meal and car of corn—Climax Mill.

Paul C. Long, of Portland, was out Sunday, the guest of his brother, of the Argus.

Finest lot of clover seed in the county, at the Climax Feed Store, on Second street.

Miss Lucy Davis, of Portland, was a guest of Miss Eva Cornelius the first of the week.

P. H. Vandehy, with his brother, below Newton, was an Argus caller Tuesday afternoon.

Just received—lot of alfalfa seed and lawn grass seed—Climax Mill store, Second street.

District Attorney Harrison Allen came out Tuesday morning to take up the criminal department of circuit court.

Judge T. A. McBride tells a good story on the Hebrew. It runs: Two Jews had a general merchandise store. They employed an American salesman. One day the store burned and the Jews put in a claim for insurance. The company sent its adjuster to the place, with instructions for him carefully to inquire into the origin of the fire. The adjuster said: "I think it was caused by the arc light up in the second story." The junior partner said: "I think it was caused by the incandescent light on the first floor." The adjuster then went to the American salesman and took him to one side, for his ideas. The salesman said: "Well, to tell you the truth, I think it was caused by an Israelite in the basement."

Schulmerich Brothers will sell farm implements as follows: 14 inch steel beam plows, \$14.50; 12 inch steel beam plows, \$12.50; 50-tooth pig harrow, \$12.50; 14-inch silky plow, \$45; two horse disc harrow, \$25.50; 1 1/2 steel axle wagon complete, \$60. Buggies, hacks, wagons of every description. We also carry a complete line of hardware, stoves, ranges and will undersell Portland on these articles.

Through one of those lapses that come to people in writing, and this one occasioned by the fact that a comparison was being made to see how much more cash was collected this year on the rebate tax than back the past few years, the name of "Sewell" was substituted, unthinkingly, for that of "Connell." It was a very natural error under the circumstances and went through at the case and in the proof sheet. No one thought anything about it—not even Connell, who was naturally the most interested—except a "narrow-head" or so, troubled with a sort of rat cuteness.

August Tews, the tailor, has moved into the Housley building next door to the Housley & Corwin shop. His spring samples are now in and you are invited to call in and get a tailor made suit, or a pair of trousers. Our work is guaranteed.

The Forest Grove News worries least W. H. H. Myers, of that city, owns an interest in the Argus. The gentleman in question has always been a very good friend of this paper, and its publisher, and the Argus man isn't ashamed of it, nor does he suppose that the old Lieutenant of the Indian Wars feels any delicacy over the affair. If the News man would just take some of that patent medicine his inside bowels run every week perhaps he would get over this Spring madness.

For sale: A three and one-half inch Mitchell wagon, in fine condition, with wood rack. For price and further particulars address Albert N. Stanton, Hillsboro, Ore. Will sell for cash or trade for cows.

E. W. Dant, of Reedville, was up the first of the week, and says that Fall sown wheat is looking all right, and that the cold snap has not injured it to any appreciable amount, but that barley is a little injured. The snowfall, however, he thinks, will even bring out the barley in good shape.

Speaking of groceries—if you want the finest staple and fancy groceries to be found in the market, try John Dennis. We is the your trade, and once a customer, always a customer.

The Oregon Condensed Milk Company is running behind orders these days and people selling the product are sending in "hurry orders" to beat the cars. As soon as the new pumping plant is installed the plant will make a hard try to catch up with the demand.

Clearance sale on shirts, cloaks and children's suits. These articles will be sold at cost to make room for our Spring stock. Anyone needing these articles will save money by calling at Schulmerich Brothers.

Wm. Schulmerich returned the last of the week from attending a Farmers' Institute at Astoria, where he reports an excellent meeting. He is still giving his lectures on the selection of dairy stock and the best industries to take up along with dairying.

Dr. Eaton, who has practiced ophthalmology here for many months, has opened an office at Cornelius. His card appears in another column.

W. H. Reiling, one of Greenville's Argus supporters, was in Saturday, renewing for his paper and transacting other business.

Patton & Holscher, of the Base-line Lumber Co., of Cornelius, were attending circuit court Monday.

Will Jack was up from below Farmington, Monday.

Dave Wenger, of Helvetia, is attending circuit court this week.

Andrew Stewart, of Leisyville, was in town Monday.

ALL SHOULD ATTEND FOREST GROVE MEET

Horticulturists Will Meet at College City, Saturday

FINE PROGRAM IS ARRANGED

Experienced Orchardists Will be Present to Discuss Fruit

Homer Atwell, Forest Grove's postmaster, writes the Argus that there will be a meeting of the Horticultural Society at Forest Grove, Saturday, March 24, at 1:00 p. m., and the Argus advises every reader in this vicinity who can possibly go, to attend. "Planting of Apple Orchards" will be the subject under discussion, and among the speakers will be Hon. Wilbur K. Newell, of near Gaston, commissioner of this district, W. H. Chipin, of Giaske Co., Portland, and Ava Holaday, of Seapooose, an orchardist of rare experience, and who has the finest orchard in that section of the state. All who have apple orchards, or who contemplate setting out one, should attend this meeting.

If you want any kind of hardware it will pay you to travel to Banks and see the Willis Hardware Company. Finest line in the county.

Frank Fessler, of Mt. Angel, was in town Friday, with a relative, John Wunderlich, of St. Mary's. Mr. Fessler thinks of settling in this section if he can find the right location.

Gov. Chamberlain and Supreme Judge Thos. G. Halley, passed through town on Conductor Chino's train, Monday morning, enroute home from a big meeting which was held at McMinnville, Saturday, day and evening.

Edw. Curran, for years the pastor of the Cong. church, of this city, and now publisher of the Condon Times, was in the city Monday, being down on a trip to put in a new power plant. While here he saw

Mr. J. W. Macrum, of Spokane, Wash., and Miss Carrye Watt, of Forest Grove, were united in marriage at the First Cong. Church, in Forest Grove, Wednesday, March 21, 1906. Rev. W. A. M. Breck, of Portland, officiating, the beautiful Episcopal service being rendered in ceremony. The groom is a son of the late Hon. J. A. Macrum, a well known resident of Forest Grove for many years, and who was prominent in civil and political life. For some years the groom has been consulting engineer for a Spokane water power firm. The bride is well known at Forest Grove, and is a daughter of Mrs. L. A. Watt.

After a short wedding trip on Puget Sound Mr. and Mrs. Macrum will be at home to their friends in Spokane, where they will take up their residence.

THE PORTLAND COURT STOPS OBSTRUCTORS

Dissolves Injunction and Sells Traction Co.'s Interest

UNITED RAILWAY BUYS LINE

Electric Line to Hillsboro and Grove is Now Assured

Judge Frazer, of the Portland circuit court, yesterday dissolved the injunction of John M. Gardiner, of California, and permitted the United Railway Company, of Portland, to buy in the Oregon Traction Company's interests, profiles, surveys, and roadbed, the sale representing \$36,000. Mr. Gardiner, plaintiff in the injunction suit, was decided to be but a creditor of Graydon's, and he bid \$35,000. The United Railways has been given a franchise on front Street; this franchise costs them \$150,000; it has bought nearly a million dollars worth of property in the heart of Portland; it has already bought terminal facilities; and this latest move, the purchase of the Graydon line, means immediate (as quick as the weather settles) construction of the Portland—Hillsboro—Forest Grove electric line.

The contract will be let to the L. S. Angeles Construction Company, of which M. H. French and J. W. E. Taylor are the executive engineers. Mr. Taylor is in Portland and has been at work some time with a party of engineers completing surveys and making arrangements with a view to closing the contract and beginning construction work as soon as the purchase of the properties by the United Railways Company was consummated. About 1500 tons of rails for the road are already on the ground.

Notice is hereby given that the undersigned Administrator of the Estate of Martin Sandberg, deceased, by virtue of an order of the County Court of Washington County, Oregon, will on Tuesday the 27th day of March, 1906, at the Sandberg place in the Wilkins Donation Land Claim, four miles east of Hillsboro, at the hour of 10 o'clock A. M. of said day, sell at public auction to the highest bidder for cash in hand, seven (7) milk cows, two (2) horses, five (5) light wagons and buggies, two carts, blacksmith tools, augers, saws, household goods, miscellaneous lot of iron and other articles too numerous to mention.

Dated this 16th day of March, 1906.

George Schulmerich, Administrator of the estate of Martin Sandberg, deceased.

PRIZE FOR ESSAY

The Oregon Association Opposed to the Extension of Suffrage to Women offers a prize of ten dollars for the best essay written by anyone under twenty-one years of age, in Washington County, Oregon, on the subject of "Female Suffrage not desired in Oregon." Essays are limited to twenty-five hundred words, and must be mailed so as to reach the chairman on or before May 10th, 1906.

Anyone desiring to compete may secure literature bearing on the subject from Mrs. Ralph W. Wilbur, 780 Lovejoy Street, Portland, Oregon.

The competition is confined to bona fide residents of Washington County who are less than twenty-one years of age.—Mrs. James N. Davis, chairman, 881 Hawthorne Ave., Portland, Oregon.

WHAT DO YOU THINK?

E. E. Lytle has filed first blanket mortgage on the proposed Tillamook railroad, the amount being for \$5,200,000, and the instruments have gone of record in this, Multnomah, Columbia, Clatsop and Tillamook counties. This will give Mr. Lytle ample funds for building the road, which is expected to tap Tillamook, Scappoose, and ultimately Seaside and Astoria. Mr. Lytle had no trouble in floating his bonds, while other projects have been snuffed at by financiers.

This proves Mr. Lytle's statement of a few weeks ago that he had raised the money to build the road. Already about five miles of track have been laid, and with a ten days' stretch of good weather the rails could be extended near to Banks, so far as the grading is concerned. There will be some bridge work, that might delay tracklaying for thirty days. It is now just a question of weather until Banks and Hillsboro will be connected by steel.

Ladies' Aid of Congregational Church will give a measuring social of March 31.
