

Wehrungs' Hall, March 31. James Stitt, of the Mutual Life, was up from Sylvan, Tuesday.

President Ferrin, of P. U., was attending circuit court Tuesday.

H. L. Burchell, of below Rood's bridge, was in the city Tuesday.

T. R. Davis and son, Chas., were in from North Plains, Tuesday.

Sam Johnson was down from Shady Brook, Tuesday.

Judge Hollis, of Forest Grove, was attending circuit court the first of the week.

Mrs. Flora Smith, formerly of this city, and now of Clackamas, writes the Argus for another year of home reading.

Miss Susie McKinney, of Portland, was a Hillsboro visitor, Sunday, the guest of Mrs. E. C. McKinney.

Fred Langer Sr., of Sherwood, and an old time supporter of the Argus, called here Tuesday, while in on jury duty.

You will do well to list your farm for sale with J. C. Kuratli. Will also cry auction sales. Satisfaction guaranteed.—J. C. Kuratli, Hillsboro. Residence in city.

Fred Greenberg, of Progress, and who is one of the many hundreds of friends of the Argus in the county, was a pleasant caller at this office, Tuesday.

Milton W. Smith, attorney for Pacific University, was in town Tuesday, to open the land reversion case, but as all were continued for the term he had his trip for nothing.

Chas. T. Price, a master of the art preservative—and that means a printer—is in the city from Portland, yesterday, and made the Argus a pleasant call.

For gentlemen's, ladies' and children's hose you can do no better than to buy of John Dennis. We have them for everybody, and at prices that are valuable.

A reduction in organs at McCormick's music store. A \$75 Esey for \$65; a \$75 Esey slightly used, \$50; a \$90 Carpenter for \$47.50. Edison Phonographs and Records.

Brown Leghorn, Black Minorca and Barred Plymouth Rock eggs for sale; for hatching purposes; Leghorn, \$1; Minorca and Plymouth Rocks, 50 cents per setting.—R. H. Greer.

I have for sale a very desirable farm of 35 acres, more than half under the plow. Balance tillable land; best soil; especially adapted for fruit, vegetables or dairying.—E. A. J., Hillsboro, Box 3.

D. P. Correiri, lessee of a part of the Hare farm, just adjoining the city, left Tucuman, Italy, March 12, for this place. He expects to reach this city about April 1. Mr. C. is one of our most successful gardeners and has been home visiting the old folks in Sunny Italia.

James H. Sewell, who has had a life's experience in grain raising, on his mammoth farm northeast of town, states that the Fall sown grain is not at all injured out his way, except, perhaps, in isolated places. Winter sown will not be hurt, as the snow will help it out.

It is reported that the big Hoover & Connell ranch has been leased, beginning with next Fall, to Wm. Chalmers, the rental price said to be \$3.75 per acre. W. E. Smith has been on the ranch for some three seasons, his time expiring next October.

J. R. Bailey was down from Buxton, Tuesday, and states that the early pears have been touched up in his section, but that only the very earliest of apples have suffered from the freeze; Fall sown grain, he states, is not injured. He reports from eight inches to a foot of snow up in the hills, according to the elevation.

Rev. Mabone, formerly of Astoria, and now of North Yakima, Wash., and who, by the way, is the Cong. minister who went to Forest Grove and bought what he swears was "booze" in order to get evidence in the Forest Grove liquor cases, was in the city Tuesday, making the trip here only to find the case was continued on account of the illness of Mrs. Miller, of Forest Grove.

Frank Kolesman, who went from Reedville to the Alberta country, writes from Leopold for the Argus another year, and his letter states that the country is getting filled up with people from this part of the northwest. He says: "We had a nice summer last year, the hottest day being 85 in the shade. In June and July the sun shined from 16 to 17 hours. Last year's crop was excellent. The wheat went from 25 to 30 bushels. One settler threshed 2200 bushels oats from 30 acres of new land. We had an agreeable winter, there being only a few days when it was 30 or 40 below zero. The weather is now warm—40 above. Last year wheat was sown here March 28. All the homesteads are taken, and the railroad land is selling at \$9.50 per acre. The Canadian Northern runs through our territory and towns are springing rapidly up along the line. Humboldt, which eighteen months ago was not on the map, is now a city of eight stores, 3 hotels and one bank. Settlers are coming in from the states, and from Europe, and all are buying land."

John Heisler, of Gales Creek, was in town the first of the week, and says that he is willing to go on record that no farmers living along the toll road between Gales Creek and the Washington county line are charged toll, and that the revenue for the road is received from tourists who are going to the beach or to Wilson river on fishing or hunting trips. He also says that the heaviest road along the line is that portion in the county and that the road tax is not sufficient to keep the highway in any condition and that unless the stage line people keep it up it will be practically impassable the biggest part of the year. Mr. Heisler says he thinks that the vast majority of those who signed the remonstrance did not know the exact conditions, or they would not have subscribed to it. This statement is published as a matter of news, and as well, as a matter of justice to the McNamer line.

Senator C. W. Fulton has notified Hon. W. N. Barrett that a scholarship at Annapolis will be given his son, William, who has been attending school at Pacific University. Just as soon as the necessary papers can be effected William will leave for the Naval institution of learning and training. He will have four years of arduous study, discipline and training and then he will have a two years' cruise over the world, after which time he becomes a commissioned officer of the Navy. No Oregon boy has heretofore remained the six years and this appointee says that he is going to make the six years, first week's hazing, and all. His many Hillsboro friends, who appreciate his determination, know that he will take the entire course, and congratulate him upon the good fortune that has befallen him. It will mean six years of hard work, but he will get \$500 per year, from day of entry.

If you want brick for any purpose, or building blocks for a foundation, remember that the Groner & Rowell Company, of Scholls, can supply your demands. They have a fine lot of lumber, rough and dressed, in their yard, and will meet all competition. Now that your crops are harvested, would it not be a good idea to consider if tiling will not increase your income. Wet, low spots in the fields, always giving poor results, can be remedied by putting in tiling. Let us help you. We can aid you to avoid crop failure on low lands. House and barn bills for lumber on short notice—and do not forget that we can furnish you estimates on short notice. Post office address—Hillsboro, Oregon, R. F. D. No. 2. Sixty thousand feet of fine, dry shiplap on hand.

Seen while lighting a cheroot: Two sleighs tied to the court house square, March 19—A little wren knocking the socks off a robin, four times as large, in a tree in the court yard.—Fourteen Forest Grove men going over to a circuit court lawsuit.—C. E. Runyon with a smile on his face, indicative of the fact that S. B. Huston had just told him another story.—Geo. Wilcox, the tall man, walking by the side of the shortest man in the county.—Schulmerich's cat whip a big St. Bernard dog in front of the watering trough.—DeWitt Smith take a fall on the crescent sidewalk leading to the temple of justice.—A hair sticking out of the end of the cheroot—and brands have been changed.

Peter Nelson, of West Union, was in the city Friday. Peter is living in the house built by Caleb Wilkins, east of this city, 65 years ago. The structure was made out of cedar, and a great portion of the lumber was hand-sawed and hand ripped. The wood is still in a fine state of preservation, and Mr. Nelson has only repaired it by putting in a new foundation. This beats the record of the old court house, built in the early fifties, and still doing service with the Jeffries' shop and Greer's shoe store, opposite the Tualatin.

Judge McBride, in speaking of Willis Dunnaway, republican candidate for State Printer, said, the other day: "There is a young man who, when a baby, came near being the cause of loss of my life. He was ill, and I was but a boy. I was sent after, and, in fording a stream my horse went under. I barely managed to reach shore and came near drowning. I found my horse the next morning, uninjured. Young Dunnaway recovered finely and he is now a candidate for the best paying office in the state."

Dr. J. A. Richardson, of Salem, sends a communication to the Oregonian, wherein he takes to task an editorial insinuation by the Independent, of this city, that W. C. Hawley, congressional candidate, was at one time insane. The Dr. says that Mr. Hawley had the "grippe" two years ago, and that, with many others, common, he had a touch of delirium owing to the high fever. He states that within four or five weeks after the attack of "grippe" Hawley was back at his post, lecturing in Willamette University.

John Berrie, now with W. J. Benson, was up to his homestead in North Yamhill, the first of the week, and reports fourteen inches of snow up in the mountains. He predicts a great high water if the weather turns warm enough. The mountains above Buxton and Gales

READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, liver complaint, torpid liver, or biliousness, chronic bowel affection, and all catarrhal diseases of whatever origin, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultant diseases, as bronchial, throat and lung diseases (except consumption), accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. Col., Prof. Hays, of the Univ. of Pa., Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., late of Cincinnati; Prof. John M. Scott, M. D., late of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such professional endorsement—world wide—as any number of ordinary remedies. Open publicity of its formula on the bottle wrapper is the best possible guaranty of its merit. A glance at this specified formula will show that "Golden Medical Discovery" contains no poisonous or harmful agents and no alcohol—chemically pure, triple-refined glycerine being used instead of alcohol, and being unobjectionable and besides is a most useful ingredient in the cure of all stomach as well as bronchial, throat and lung affections, and is in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable. A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

SUMMONS
