SAFETY AND PROFIT

Safety and profit are the two important things to consider in selecting a bank. Money is such a hard thing to get and so hard to keep, that it is folly to place it where it will not be safe. Thus, those who

are saving money naturally wish to earn more money. Therefore, the financial institution which combines safety and profit is a desirable depository. Such is offered by the Hillsboro Commercial Bank.

Woman's Trials.

The bitter trail in a woman's life is to be a childless. Who can tell how hard the struggle may have been ere she learns to resign herself to her lonely lot? The absence of this link to bind marital life together, the absence of this one pledge to mutual affection is a common disappointment. Many unfortunate couples become estranged thereby. Even if they do not drift apart, one may read the whole extent of their disappointment in the eyes of such a childless couple when they rest on the children of others. To them the largest family does not seem too numerous. In many cases of barrenness or childlessness the obstacle to child-bearing is easily removed by the cure of weakness on the part of the woman. Dr. Pierce's Favorite Prescription does the most in restoring health and fruitfulness to many a barren woman, to the great joy of the household. In other, but rare cases, the obstruction to the bearing of children has been found to be of a surgical character, but easily removable by painless operative treatment at the Invalide's Hotel and Surgical Institute, Buffalo, N. Y., over which Dr. Pierce of the "Favorite Prescription" fame presides. In all cases where children are desired and are absent, an effort should be made to find out the real cause, since it is generally so easily removed by proper treatment.

In all the various weaknesses, displacements, profluous, inflammation and debilitating, catarrhal drains and in all cases of nervousness and debility, Dr. Pierce's Favorite Prescription is the most efficient remedy that can possibly be used. It has to its credit a hundred of thousands of cures—more in fact than any other remedy put up for sale through druggists, especially for women's use. The ingredients of which the "Favorite Prescription" is composed have received the most positive endorsement from the leading medical writers on Materia Medica of all the several schools of practice. All the ingredients are printed in plain English on the wrapper enclosing the bottle, so that any woman making use of this famous medicine may know exactly what she is taking. Dr. Pierce's Favorite Prescription is his full confidence, which he can afford to do as the formula after which the "Favorite Prescription" is made will bear the most careful examination.

Dr. Pierce's Pleasant Pellets are the best and safest laxative for women.
