FIVE MILLIONS FOR THE ELECTRIC LINE

United Railways Gets Portland Franchises

CANADIAN AND ENGLISH MONEY

J. Whyte Evans Roasts Standard Oil Company to Grill

The United Railway people, with J. Whyte Evans as toastmaster, gave a banquet, Tuesday night, to the members of the Portland council and some of the city officers, in honor of the ordinance which gives the company franchises in Portland.

Mr. Evans said they had been defeated in getting American capital by the Standard Oil people, who own the Portland Railway stock, and that they had to go to Canada and England to get the money to build. He stated that the five million dollars necessary was now in their hands and that they would soon begin operations.

So the question of the construction of the electric line is at least one step nearer fruition. The money is ready—now comes the question of power. Will the United Railways have to build their own power plant, or will the General Electric supply it?

Supt. Case states, as his opinion, that of the \$100,000 levied in Washington county this year the \$36,000 expended on our schools will effect the best returns, but that the investment might be made a hundred fold more profitable if more people would interest themselves in the school meetings and more regular attendance of pupils could be secured.

AND YET WE BEAT IT

(To the Editor Oregonian).—In 1866, 56 years ago, there was an apple grown in Benton County, Oregon, purchased by brother, A. D. Barnard, of Corvallis. He paid \$5 for that apple, and had a tin box made for it, and sent to me in Boston by express, the charge being about \$3. The variety was "Gloria Mundi," nearly six inches in diameter, weight 42 ounces. The apple was weighed by Dr. J. R. Cardwell, the dentist, then visiting at Corvallis, who remembers the apple and price paid for it. The next October, 1867, I came to Oregon, went to Corvallis and paid \$8 a bushel for Oregon red apples and sold them at \$1 a dozen.

GRADUATING CLASS AT CRESCENT THEATRE

Hillsboro School Commence Exercises June 8

SPLENDID PROGRAM IS ARRANGED

Merits a Big Attendance. Do not Fail to Go

The beginning of the exercises of the graduation of the Hillsboro Public School was held at the Congregational Church the evening of June 3, 1906.

The decorations were done by the class and were very beautiful consisting of ferns, Oregon grape and roses.

The ushers were Misses Mattie Wilson and Alice Wehrung.

The following program was given: Music, Hoyt's Orchestra, Mrs. Laurel Hoyt accompanist.

Prayer: Rev. Hamilton.

Duet: Maude and Kate Shannon, accompanist, Miss Wilma Waggener.

Hymn by choir: consisting of Misses Stella Boscow, Maude and Kate Shannon and Messrs Lamkin and Vrooman.

Reading, Matt. 24—25 28, Rev. Gilpatrick.

Solo: Maude Shannon, accompanist Miss Waggener.

Music: Hoyt's Orchestra.

Baccalaureate Sermon by Rev. Gilpatrick; and never was a finer one given, "Freely ye have received freely give."

He gave a parable, and said: "Before me I saw a great concourse of people; people from all ranks and walks of life gathered in a great circle about a raised center. On this center stood a group of young people, and to each was given three keys of curious workmanship. These were to unlock the doors of vaults. In the first vault were all the literary stores of the ages; in the second, sculpture and painting; in the third, music; in the fourth, science; in the fifth, riches.

Some went to literature, and by taught others and added to its store. Some went to art and brought forth great works of sculpture and painting to the world. Some went to music and then out into the world to raise souls to heaven with their songs. Some went to wealth and did good in the world establishing great industries and great works of charity. Some went to literature and taking of the poisonous became selfish and shrank smaller and smaller and died. Others worked only for self and so ended. One peculiar one looked the keys over and carefully kept them. Like the man with the muck rake he raked on and never looked up to see the crown above his head.

The three keys are reading, writing and arithmetic; they unlock the doors of all knowledge. Only when college is completed is there full entrance, to wealth of all ages. "Freely ye have received, freely give." These words are taken from the Great Teacher who spoke them to followers. Give as you go through the world. Give and be happier, more loving, worth more. Hug all you know to yourself and be miserable. To save your life you must give it away; take this thought home; at first you will not understand, but later you will, then when pleasure comes to you it will be deep, true and everlasting.

The commencement exercises will be held at the Crescent Theatre, Friday evening, June 8.

As this marks the beginning of our fifth year in the tile business we wish to thank our customers for their liberal patronage. Our trade has grown beyond expectation, and our yard has been cleared of all sizes below 12 inch. April 24 we are burning a new kiln, and as soon as completed we will have all sizes up to 8 inches, and we will endeavor this season to supply all demands including the 16-inch, if our patrons will let us know their wants in time. (We also have a fine stock of building blocks and brick.) As to tile, we will not carry a stock of over the 8 inch size, as we find the trade is uncertain on larger sizes. Parties wanting over 8 inch should order by June 1, as these are run but once a year. Parties wishing to haul drain tile during summer months for fall and winter laying, can have them and pay for them Sept. 1. We are still in the lumber business, and are well supplied for the trade. Parties wanting extra lengths should order at once as we can not drive on the river much longer. Again, do not forget that building blocks make the best and cheapest foundations, and they are excellent for milk and fruit houses, and our trade has increased greatly in this product—more than any other. Investigate this building block feature if you are going to build. We are figuring on a tile machine which will dig ditches cheaper than by hand, and if we can get 30 miles of ditch to dig we will put one in. If you contemplate putting in tile let us know by mail.—Groner-Rowell Co., Scholls, Hillsboro Route 2.

The Hillsboro School District, No. 7, will hold its annual meeting at the school house, on June 18, 1906, at 2:00 p. m., when a director for three years and a clerk for one year will be elected. Usually these meetings are attended by only a half dozen people. It is high time, however, that the taxpayers took an interest in public affairs. The district fortunately has had a good board of directors, but it would look more like public interest was involved if there was a better turnout at the annual meetings.

Dennis has received his new stock of shoes,—the American Gentleman and American Lady, the finest in the market. Come in and see them. The latest models. These shoes are advertised in every prominent magazine and newspaper in the world.

He brought with him a nephew, Earl Ira, who will visit here for a time. Ira was in one of the buildings shaken down by the earthquake, and had a narrow escape. One of his hands was slightly scratched, the only injury he sustained. Santa Rosa suffered a big loss.
